PREFACE.

THE FIELD-BOOK, which is the foundation of this volume, comprises the boundaries of the old township of Bergen and of the several lots therein patented to individuals, and of the common lands allotted and partitioned by the Commission of 1764. It is the manuscript record of a survey which, though intricate, is accurate, exhaustive, and authoritative; while the adjudications of ownership, as therein contained, have never been questioned. On questions of title it has always been held in high estimation,—in fact, final and conclusive. From much use, the maps are becoming somewhat defaced, and the book worn and confused through the inaccurate copying, ignorant arrangement, and careless binding of several leaves which had become separated from the work. Impressed with these facts, the Board of Chosen Freeholders decided to do something for the preservation of these important documents. After mature reflection, the plan of simple reproduction, which at first suggested itself, was abandoned, and the following commendable action taken by the Board on the 12th of January, 1871:—

Whereas, The greatly increased values of land in the County are directing closer attention than formerly to titles; and,

Whereas, The FIELD-BOOK and MAPS made under the direction of the Commission of 1764 are regarded as quite conclusive upon questions of title up to that time, and are, from their great age and continual use, in such a ruinous condition that this Board should take prompt action for their preservation before it is too late; and, *Whereas,* It would be of great value to the public generally, and land-owners in the County particularly, that the same should be edited and published in book form, instead of being copied; therefore,

Resolved, That a committee of three be appointed, with power to secure the services of some competent person to edit and publish the FIELD-BOOK, and MAPS accompanying the same, in book form.

The committee, consisting of Jeremiah B. Cleveland, Henry D. Van Nostrand, and John M. Wilson, appointed under these resolutions, requested the undersigned to undertake the work. This request was acceded to, with a full appreciation of the magnitude of the task, and with the consciousness that, if properly performed, the result would be of great utility, though it might not be pecuniarily profitable, nor in a general sense popular.

It cannot be denied that the tenacity with which, until a recent period, the descendants of the original owners had retained their ancestral acres, has rendered the work easier than it otherwise would have been. Nevertheless, the subject has grown much beyond what was originally contemplated. New matter has been found, unrecorded deeds and unproved wills have been brought from their hiding-places, and even a NEW FIELD-BOOK and MAPS, complete and in good preservation, which, in their quiet sleep in the old garret, had outlived the memory of man, are now given to the inspection of the curious. Of the great assistance they will be to the conveyancer there can be no doubt.

Much care has been taken to reproduce the text of the FIELD-BOOK without the slightest variation, even in orthography or punctuation. The original paging has been preserved in the margin of this volume, and all references in the body of the work are to the marginal pages. The object, from the beginning, has been to make the volume one of accuracy and usefulness, rather than of display of antiquarian research. The opening chapters give a brief history of the titles under the Dutch, the King, and Lords Proprietors, as well as the disputes concerning the common lands which led to the intervention of the Legislature, and their allotment. The greater part of the labor performed in the preparation of the work has been expended in notes to the several lots described in the FIELD-BOOK.

Though not within the scope of the original plan, it has been deemed advisable to insert a chapter on the early acquisition and ownership of New Barbadoes Neck, so far as the same now lies within the townships of Harrison and Kearney.

As, until a recent period, most of the transfers of lands in the old township of Bergen were by devise or descent, the conveyancer will find the record of MARRIAGES, BIRTHS, AND DEATHS, herein for the first time published, of great use in his investigations. It is taken from the RECORDS of the Old Bergen Reformed Church, and for the most part translated form the Dutch. These records begin in 1664, and as here published contain the marriages down to 1830, the births to 1825, and the deaths to 1850.

The article of Mr. Delos E. Culver on the magnetic needle will be useful to surveyors and interesting to the general reader. In connection therewith it may be well to insert here what should have been inserted in another place :

July 7, 1846.

In the foot-notes, brief sketches of the patentees have, in most instances, been given. In some cases these sketches have been purposely omitted for more appropriate insertion in the "History of Hudson County," which is now in course of preparation. In these foot-notes to the several patents, allotments, and subdivisions, has been concentrated all the information which could be obtained concerning each lot laid down and numbered on the map. For this information the records at Albany, Perth Amboy, Trenton, Hackensack, and those in the office of the Clerk of the Common Council of New York, have been searched. But few references to authorities have been given, for the reason that such references would have occupied no inconsiderable portion of the volume. Dates have, in nearly all instances, been given; and these, it is hoped, will be a sufficient guide in the investigations of titles.

It ought not to be expected, in a work of this character, to find an abstract of every title in the County. Whoever looks for that may as well leave these pages unread, for he will be disappointed. Yet there has been gathered here, and so arranged as to bear upon each lot, a mass of facts and dates which, it is hoped, will make the book a necessity to lawyers and conveyancers, and a source of gratification to land-owners.

There can hardly be a doubt but that errors of commission and omission will be discovered, of which the author hopes to be informed. The few typographical errors in the book the reader will readily detect, and they need not, therefore, be pointed out.

A number of small maps have been prepared and inserted in the text, for the purpose of showing the location or partition of lots. More would have been inserted could they have been obtained. Considerable trouble was taken to discover Haring's Map of the Bayard Commons. Failing in that, it has, with the assistance of Richard D. Dodge, been reproduced. The MAPS which accompany this work have been prepared, with much labor and expense, by the firm of Mallory & Miller (Franklin J. Mallory and William W. Miller), city surveyors of Jersey City. They are intended to be, and, it is believed, are, fac-similes of the originals. They will be enduring monuments to the ability and accuracy of those enterprising gentlemen. On the FIELD MAP have been traced certain roads, railways, and prominent objects, for the purpose of aiding in the location of property. These, with the descriptions of lots given in the foot-notes, will, it is thought, be sufficient for that purpose.

In conclusion, it may be well to remind the critical reader that this volume was prepared mostly at night, and its materials were gathered in moments taken from the hours of business. It is now twelve months since the work was begun, and the labor in its preparation has been to the author a labor of love. During this time he has, as it were, lived among the memories of a bygone age. The uncouth names of the original settlers have become familiar as household words, and their signatures are as well known to him as his own. With this goodly company he must now part for a time, committing them, with their honest simplicity, and the book with its imperfections, to the tender mercies of the reader, who may be assured, that, if the work meet the approval of those whose experience enables them to appreciate the magnitude of the undertaking, and whose profession and learning qualify them to judge of its merits, the author can hope for no more.

LAND TITLES
IN
HUDSON COUNTY,
NEW JERSEY.

CHAPTER I.

UNDER THE DUTCH.

Between 1609 and 1614 this part of the American Continent was visited only by occasional traders. On the 27th of March, 1614, the States-General, in compliance with the wishes of some Holland merchants, made an octroy,* giving to those who should discover new lands a monopoly of trade with the same for four voyages. Immediately some merchants of Amsterdam and Hoorn fitted out five ships, three of which came to the Great River of the Manhattans, and thence passed through the Sound and along the coast as far east as Cape Cod. When the report of these voyages was made at home, the merchants interested in the vessels obtained from the States-General, October 11, 1614, a monopoly of the trade with "New Netherland" for four voyages within a period of three years, dating from January 1, 1615. They assumed the name of "The United New Netherland Company." On the expiration of the charter, January 1, 1618, the company did not obtain a renewal thereof, but the individual members of the company, by special license, continued to control the trade of which they previously had the monopoly.

"The Dutch West India Company" was chartered June 3, 1621. Its powers of government were vested in five chambers, but its general supervision was lodged in nineteen delegates from the five chambers known as the "Assembly of XIX." It was not, however, until 1623 that any movement was made looking to an active and systematized trade with this country. In 1624 Peter Minuit came out as Director-General. From this time until 1629 the company made no attempt to establish permanent settlements, but bent every energy to build up a profitable trade with the natives. On June 7, 1629, an earnest effort was put forth to induce persons to settle in the country, and measures adopted at the same time to secure the advantages of such settlements to the directors of the company. The "Assembly of XIX." agreed upon what they called,

* A grant.

"FREEDOMS AND EXEMPTIONS,

granted by the 'Assembly of XIX.' of the Privileged West India Company, to all such as shall plant any colonies in New Netherland."

Among other articles, not necessary to be mentioned here, were the following:

III.—All such shall be acknowledged Patroons of New Netherland who shall, within the space of four years next after they have given notice to any of the Chambers of the Company here, or to the Commander or Council there, undertake to plant a colonie there of fifty souls, upwards of fifteen years old; one-fourth part within one year, and within three years after the sending of the first, making together four years, the remainder, to the full number of fifty persons, to be shipped from hence, on pain, in case of wilful neglect, of being deprived of the privileges obtained. * *

V.—The Patroons, by virtue of their power, shall and may be permitted, at such places as they shall settle their colonies, to extend their limits four miles[*] along the shore, that is, on one side of a navigable river, or two miles on each side of a river, and so far into the country as the situation of the occupiers will permit. * *

VI.—They shall forever possess and enjoy all the lands lying within the aforesaid limits, together with the fruits, rights, minerals, rivers, and fountains thereof; as also the chief command and lower jurisdictions, fishing, fowling, and grinding, to the exclusion of all others, to be holden from the Company as a perpetual inheritance, without it ever devolving again to the Company, and in case it should devolve, to be redeemed and repossessed with twenty guilders per colony, to be paid to this Company, at the Chamber here, or to their Commander there, within a year and six weeks after the same occurs, each at the Chamber where he originally sailed from.

* * * * * * *

XXVI.—Whosoever shall settle any colonie out of the limits of the Manhattes Island shall be obliged to satisfy the Indians for the land they shall settle upon, and they may extend or enlarge the limits of their colonies if they settle a proportionate number of colonists thereon.

---

[*] Equal to sixteen English miles. These articles may be found *in extenso* in O'Cal N. N., i. 112.

The directors were not slow, in fact some of them did not wait for the ratification of this charter, to secure the advantages here held out. Godyn and Bloemmaert took up a large tract near Cape Henlopen, also a tract sixteen miles square at Cape May. Kiliaen van Rensselaer secured the territory near Fort Orange. The Director-General and Council of New Netherland, acting for Burgomaster Michael Pauw, Lord of Achtienhoven, obtained the following deeds for lands in this county:

We, Director and **Council** of **New Netherland,** residing on the **Island** of **Manahatas** and the Fort Amsterdam, under the authority of their **High Mightinesses** the Lords States-General of this **United Netherlands** and the **Incorporated West India Company,** at their Chambers at Amsterdam, do hereby witness and declare that on this day, the date hereof underwritten, before us in their proper persons appeared and showed themselves, to wit: **Arommeauw, Tekwappo,** and **Sackwomeck,** inhabitants and joint owners of the land called **Hobocan Hackingh,** lying over against (opposite) the aforesaid **Island Manhatas,** who both for themselves and *rato cavern*, for the remaining joint owners of the same land, declared that for and in consideration of a certain quantity of merchandize, which they acknowledged to have received into their own hands, power, and possession, before the passing of these presents in a right, true, and free ownership, have sold, transported, ceded, conveyed, and made over, and by these presents they do transport, cede, and convey to and for the behoof of **Mr. Michiel Pauw,** absent, and for whom we, *ex-officio*, accept under suitable stipulations, viz.: the aforesaid lands by us named **Hobocan Hackingh,** extending on the South side, Ahasimus; Eastward, the **River Mauritius,** and on the West side surrounded by a valley (marsh) and morass, through which the boundaries of said land can be seen with sufficient clearness, and be distinguished; and that, with all the jurisdiction, right, and equity, to them, the grantors, in their quality aforesaid, belonging: Constituting and putting in their place and stead the already mentioned **Mr. Pauw,** in the real and actual possession thereof, and at the same time giving full and irrevocable power, authority, and special command to the said Mr. Pauw peaceably to enjoy, occupy, cultivate, have and hold the aforesaid land, *tanquam actor et procurator in rem suam acpropriam;* and also to do with and dispose of the same as he might do with his own lands to which he has a good and lawful title; without their, the grantors, in their quality aforesaid, saving or reserving any part, right, action, or authority thereto in the least, either of ownership or jurisdiction; but altogether to the behoof as aforesaid, henceforth, forever, wholly, and finally desisting, renouncing, and quit-claiming; promising hereby, moreover, not only to keep, maintain, and fulfil this their grant, and whatever shall be done by virtue thereof, inviolable and irrevocable forever, but also to keep and maintain the same land against all persons free from any claim, challenge, or incumbrance to be made thereon by any person; as also to cause this sale and grant to be approved of and held valid by the remaining joint owners as they are by right obligated to do; all in good faith without fraud or deceit.

In witness whereof these presents are confirmed with our usual signature and with our seal thereto affixed.

Done at the aforesaid Island of Manahatas, in Fort Amsterdam, this 12th July, 1630.*

We, the **Director** and **Council** of **New Netherland**, residing on the **Island** of **Manahatas**, under the jurisdiction of their High Mightinesses the Lords, the States-General of the **United Netherlands**, and the **General Incorporated West India Company**, do, by these presents publish and declare, that on this day, the date underwritten, before us in their own proper persons, came and appeared, **Kikitoauw** and **Alarouw, Virginians**, Inhabitants and joint owners of the land named **Ahasimus** and the peninsula **Aressick**, as well for themselves as, *rato caverende*, for **Mingm, Wathkath** and **Cauwins**, joint proprietors of the same parcels of land, and declared in the same quality that for and in consideration of certain parcels of goods, which they the appearers acknowledged before the passing of these presents to their full gratitude and satisfaction to have received into their possession, hands, and power in their right and free (unincumbered) ownership, and by virtue of the title and article of sale, they have sold, transported, ceded, and delivered, and by these presents they do transport, cede, and deliver to and for the behoof of the **Noble Lord Michiel Pauw** (absent), and for whom we, *ex-officio*, accept the same with suitable stipulations, namely, the aforesaid land **Ahasimus** and **Aressick**, by us named the **Whores Corner**, extending along the river **Mauritius** and the **Island** of the **Manahatas** on the east side, and the **Island Hoboken Hackingh** on the north side, surrounded by swamps, which are sufficiently distinct boundaries, and that with all the action, right, and equity to them in their quality aforesaid appertaining, constituting and substituting the said grantee as the attorney for the said **Mr. Pauw**, in their stead and state, in the real and actual possession of the same, and at the same time giving him full and irrevocable power, authority, and special license, to the said **Mr. Pauw**; and to his successors, *tanquam in rem suam*, the aforesaid land and its appurtenances peaceably to enter upon, possess, inhabit, farm, occupy, use, and to do therewith and thereon, trade and dispose as he the cedentee may do with his own lands and domains honestly and legally obtained, without their, the **Grantors**, in their aforesaid quality, having thereto or any part thereof, any part, right, action, or jurisdiction in the least, without reserving or saving any ownership, command, or jurisdiction, but to the behoof aforesaid from henceforth and forever, wholly and absolutely desisting, relinquishing, and renouncing by these **Presents**. Promoting, moreover, not only this their conveyance, and all that may be done by virtue thereof, to keep forever firm, inviolable, and irrevocable, but also the said land to deliver and keep from all demands, challenge, or incumbrances, any and every one that may thereto make any pretense; and, moreover, this purchase and conveyance to cause to be approved and made valid by the other joint owners, as in equity they are bound to do, standing thereto in all good faith without fraud or deceit. **Witness** our several signatures and confirmed by our seal appended thereto.

Done at **Manahattas** in the **Fort Amsterdam** this 22d day of Nov., in the year 1630.†

† Land Papers (Albany,) G. G. 8.

Thus Pauw became the owner of all the land east of the hill and the mill creek, lying between the kil of Hoboken on the north and Communipaw Bay on the south. These bounds are sufficiently expressed and are well known. Yet he seems to have been the owner of "Gemoenepaen," and it was in his colony. By what right, we do not know. There is no record that he bought of the Indians any land besides Hoboken, Ahasimus, and Aressick; and yet, for all we know, he may have claimed, without extinguishing the Indian title, the whole peninsula down to the kills, as he certainly extended his ownership over to Staten Island.[*] His own name was given to his possessions, and the district was known as Pavonia.

The directors who had failed to become patroons and owners of large and valuable tracts became jealous of those who had been successful, and soon raised dissensions. This caused the patroons to share their advantages with others of the directors. Pauw alone refused to divide. He held on with great tenacity to his valuable territory, yet does not seem to have complied with Article III. of the "Freedoms and Exemptions" in its settlement. After a prolonged controversy with the XIX., he finally transferred to the company all of his right and title to Pavonia for 26,000 florins. This probably took place in 1637, certainly before July, 1638.[†]

During the next twenty-six years a number of grants of land in this county were made, but, in order to preserve a connected history of the general title, we will leave the particular grants for "Notes to the Field Book."

Notwithstanding the deeds to Pauw, Gov. Stuyvesant was not satisfied that the title of the Dutch to all the land in this county, east of the Hackensack River, was perfect. In order, therefore, as well to quiet the minds of the Indians as to secure the land not covered by Pauw's deed, he obtained the following deed:

* "This day, the date hereunder written, appeared before the Honorable Director-General, Petrus Stuyvesant, and the gentlemen of the Council of New Netherlandt, at the Council Chamber, in the Fort Amsterdam, in New Netherlandt, Therincques, Wawapehack, Saghkins, Kogkhennigh, Bomokan, Memiwokan, Sames, Wewenatokwee, for them-

selves and in the name of Moikopes, Pepoghon, Parsoihques, and others, partners of the lands hereafter mentioned. Who declare to be the right owners of the lands lying on the West side of the North River, in New Netherlandt, beginning by the great Rock above Wiehacken, and from thence cross through the lands, till above the Islandt Siskakes, and from thence along the Channel side till Constable's Hook. And from Constable's Hook again, till the aforementioned Rock, above Wiehacken, with all the lands, islands, channels, valleys, therein comprehended, in such manner as the aforementioned parcel of lands are surrounded and encompassed by the North River, the Kill van Koll, and the aforesaid direct line from the Rock above Wiehacken, till above Siskakes, where it is divided by the Channel. Which lands they offer absolutely, to sell unto the Director-General and Council, upon which the General and Council on the one side, and the aforesaid Indians, for themselves and them that are absent, have accorded and agreed in the manner following, in the presence of the hereafter mentioned Christian and Indian witnesses: The aforesaid Indians do acknowledge to have sold, resigned, and transported, as they do, by these presents, all the lands heretofore mentioned, to the aforesaid Director-General and Council and their successors, for eighty fathom of wampum, twenty fathom of cloth, twelve kettles, six guns, two blankets, one double kettle, and one half-barrel of strong beer. Which effects they hereby acknowledge to have enjoyed and received before the passing and signing of this.

* See Calendar N. J. Records. p. 1.

Wherefore they do declare, for themselves and them which are absent, to resign and transport the lands before mentioned, to the abovementioned General and Council, in full, free, and perfect propriety, desisting of all actions and claims, which they could or might pretend, to the lands before mentioned—the transporters promise now or hereafter, not to make any pretensions thereon; but to keep and hold this transport firm, sure, and inviolable. Promising also, to the said Director and Council, to free and warrant the said lands against all claims any other Indians might pretend to, and if it should happen that in future times, any of the Dutch, by any Indians, should be damaged on pretension they were not fully paid for the lands aforesaid, they, the sellers, do promise to repair and satisfy the damages. It is also stipulated and agreed, the aforesaid Indians shall depart and remove by the first convenient opportunity, off the lands aforesaid; and that none of their nation shall come and continue to dwell upon it, without knowledge and consent of the Director-General and Council. Thus done at the fort Amsterdam, and signed with the marks of the Indians, after the cargoes were delivered to their hands, on the 30th day of January, Anno Domino 1658.

In connection with the above deed it is proper to insert a certificate of Governor Stuyvesant and his secretary:

"We, underwritten, the late Director-General and Council of New Netherlandt, hereby certify and declare, that in the year one thousand six hundred and sixty-one, by us underwritten, in quality as aforesaid, have given and granted to the inhabitants of the village of Bergen, the lands, with the meadows thereunto annexed, situate on the West side of the North River in Pavonia, in the same manner as the same was by us underwritten, purchased of the Indians, and as the same was to us delivered, by the said Indians, pursuant to an instrument of sale and delivery thereof, being under the date of the 30th of January, A. D. one thousand six hundred and fifty-eight; with this express condition and promise, that the aforesaid inhabitants, of the before named village, shall not be prejudiced in their outdrift, by means of any private collective dwellings (saving only the right of the then already cultivated farms at Gemoenepan). But that all such who have any lands within the district of the before named village, and especially at Pemrepogh, and Mingackque, all such owners shall be obliged to remove their dwellings and place them in the village or town of Bergen, or by or about the neighborhood of Gemoenepan before named. Conditioned, however, that the aforesaid owners, (in case they should desire the same), should be permitted to share, and divide with the inhabitants of the before named village or town, in the common lands of the said town, and in the place and stead of their lands lying at Pemrepogh and Mingackquie before named. (And especially that the meadows laying near the village or town of Bergen, where the same begins, at the West side along Kill van Kol, should be and belong to and for the use of the before named inhabitants of Bergen.)

---

* N. Y. Col. MSS., viii. 707. It may be well to note here that the Indians, in the conference held at Easton, October 23, 1758, gave to Governor Bernard two deeds, releasing all their rights in and to the soil of New Jersey, for which they received £1,000.—*Smith's Hist. of N. J.*, 479. These deeds were afterwards, at the request of Governor Franklin, ratified by the Six Nations at a conference held at Fort Stanwix (Rome), October 24, 1768.—*Col. Hist. of N. Y.*, viii. 112.

And further, we the underwritten, certify and declare, that Michael Jansen, deceased, (before or about the time that the aforesaid village or town was laid out), for himself, as also for and in behalf of his brother-in-law, Nicholas Jansen Barker, did, in our presence, renounce all the right they had to the pasture ground, laying behind Gemoenepan, for a common outdrift and pasture between the aforesaid village or town, and the neighborhood of Gemoenepan, before named.

And lastly, that no more lands were given or granted to Dirck Clausen, than Rightpocques, with the meadows thereunto belonging, as by the ground-brief thereof may further appear.

In testimony of the truth, we have signed these with our own hands, in New York, the 26th of October, A. D.

By what instrument the lands herein referred to were granted to the inhabitants of Bergen we do not know. Such grant is not to be found in the Ordinance of September 5, 1661, and it is worthy of notice that many grants from the Dutch Government to individuals are to be found bearing a later date; yet the Governor must have understood the Ordinance of 1661 to contain such a grant, or else the grant to which he refers has been lost. Whatever the fact about the grant may be, it is quite probable that this certificate went far towards satisfying Governor Carteret that the freeholders of Bergen were entitled to all the unpatented lands. In this light the charter of 1668 was only a confirmation of the rights which the "Freeholders, Inhabitants of Bergen," possessed under the Dutch Government.

The village of Bergen was laid out in 1660. It was laid out in a square, surrounded by narrow streets, yet in existence, along which were erected the palisades. Within this enclosure all the inhabitants in the township were obliged to gather, except such as collected within the fortifications at Communipaw. The land within the town plot was laid out into building plots by Jacques Cortelyou, Town Surveyor, and numbered on the map. The land surrounding the town was laid out into larger lots, for garden or farm purposes, and also numbered on a map. The land outside of the town plot was known as *Buyten Tuyn—i. e.*, outside gardens. It still retains its original name. I have not been able to find these maps. The lots within and without the town were freely given to those who desired them. Many, it seems, did not trouble themselves to have their lands surveyed and staked out, or ask for a grant thereof. This made confusion, and caused the following Ordinance:

---

* Taylor's Annals, 50: "The year when this certificate was given, is not intelligible in the original instrument. But as they certify as former Governor and Council, it must have been after August, 1664, when the English conquered the country.

"New York, February 20th, 1764. Translated from the Dutch, by Abm Lott, Jun'r."

> "ALL Inhabitants of *New Netherland*, and especially those of the Village of *Bergen*, on the West side of the North River; also all others who have or claim any Lands thereabout, are Ordered and commanded that they, within the space of three months after the date hereof, at latest, before the first of January next, shall have all the cultivated and uncultivated Lands which they claim, surveyed by the sworn Surveyor, and set off and designated by proper marks, and on the exhibition of the Return of survey thereof, apply for and obtain a regular Patent as proof of property, on pain of being deprived of their right, to the end that the Director-General and Council may dispose, as they may deem proper, of the remaining Lands which, after the survey, may happen to fall outside of the Patents, for the accommodation of others. All are hereby warned against loss and after complaints.
>
> "Thus done in *Fort Amsterdam* in *New Netherland*, the 15 September, 1661." *

A few lots within the town were taken by persons who resided in New Amsterdam, and possibly elsewhere. They erected no buildings, and of course provided no occupant of their property. Those who resided in the town were forced to contribute to the defence thereof, and thus protected the property of non-residents while securing their own. They felt this to be an unjust burden, and their complaints called forth the following Ordinance, passed November 15, 1663:

> "On the repeated complaints of the majority of the Inhabitants of the Village of *Bergen*, that some continue to neglect to occupy the Lots they obtained in said Village, and to keep thereon a man fit to bear arms; also that some absent themselves without providing for their Watch, whereby the people of said Village are so much fatigued that they cannot any longer stand at their posts, and are unwilling to go any

longer on guard unless the others, who have vacant Lots, keep for the guard one man with them for each Lot; the Director-General and Council, in order to prevent this confusion, resolve that all those who claim any Lots in the aforesaid Village shall, within 24 hours after the service hereof, furnish and continually maintain for each Lot one man able to bear arms, and to keep watch and ward, on pain of having the Lots with the Lands thereunto appertaining, as surveyed by the Surveyor, immediately given and granted in propriety to others. Let every one be hereby warned for the last time." *

The Dutch grants were made without pecuniary consideration. There were, however, conditions annexed to them, a sample of which may be found in the Note to the Weehawken Patent.

CHAPTER II.

TITLE UNDER THE KING AND LORDS PROPRIETORS.

NOTWITHSTANDING the occupancy of the country by the Dutch for over half a century, the English had never yielded the claim which they based on the fact that Cabot, in the employ of some Englishmen, in 1498, sailed along our coast, but whether in sight or out of sight they scorned to demonstrate. And with the fact before us that this claim was made good by the irresistible logic of a successful war, it is not worth while to dispute its validity. We will, therefore, proceed to trace the general title from the King of Great Britain: †

On March 12, 1664, Charles II. granted unto his "dearest brother JAMES, Duke of *York*, his Heirs and Assigns," *inter alia*, "all the Lands from the West side of *Connecticut*, to the East side of *Delaware* Bay," with powers of government.‡ On the 23d and 24th of June, 1664, by lease and release, the Duke conveyed to John, Lord Berkeley, Baron of Stratton, and one of the Privy Council, and Sir George Carteret of Saltrum, Knight, and Member of the Privy Council, "All that Tract of Land adjacent to *New-*

† I give no attention to the claim of Sir Edmund Ployden to all the lands between Long Island Sound and Cape May, who professed to erect it into a free county palatine, and called it New Albion. His pretensions never disturbed the regular current of title.

England, and lying and being to the Westward of *Long-Island* and *Manhitas* Island, and bounded on the East part by the main sea, and part by *Hudson's* River, and hath upon the West *Delaware* Bay or River, and extendeth Southward to the Main Ocean as far as *Cape May* at the Mouth of *Delaware* Bay; and to the Northward as far as the Northermost Branch as the said Bay or River of *Delaware*, which is forty-one Degrees and forty Minutes of Latitude, and crosseth over thence in a straight Line to *Hudson's* River in forty-one Degrees of Latitude; which said Tract of Land is hereafter to be called by the Name or Names of *Nova Ceaserea* or *New-Jersey*."[*]

The war between England and Holland was followed by the Treaty of July 21, 1667; but in 1672 it again broke out, and the Dutch recaptured the country, August 9, 1673. By the Treaty of February 9, 1674, the country was for the second time confirmed to the English.[†]

While the war was in progress, and on March 18, 1673, Lord Berkley sold his interest in the Province to John Fenwick, in trust for Edward Billinge, for £1,000. Billinge had failed in business; Berkley was his particular friend, and advised him to invest in New Jersey lands for the purpose of retrieving his fortune. He was pleased with the proposition, borrowed the money from his friends, and purchased the land in the name of John Fenwick, who was to have one-tenth of the same. Fenwick managed the purchase so well that, it is said, he would soon have stripped the other of all, but means were employed to compel him to be satisfied with his tenth.[‡] Billinge assigned his interest, less Fenwick's tenth, to William Penn, Gawn Laurie, and Nicholas Lucas, February 9 and 10, 1674, in trust for his creditors. Fenwick sold his interest to John Eldridge and Edmond Warren, who sold to Penn, Laurie, and Lucas.[§]

To clear up any shadow which the recent occupation by the Dutch might have cast upon former grants, Charles II. made a second grant to the Duke, June 29, 1674.[‖] This was followed by the Duke, July 29, 1674, with a grant to Sir George Carteret of what was afterwards known as East Jersey. On July 1,

1676, by the "Quintipartite Deed," the State was divided, and Sir George received the eastern portion in severalty.[*] Sir George, by will dated December 5, 1678, appointed his wife, Elizabeth, sole executrix, and Earl Sandwich, Earl Bath, Lord Grenville, Sir Thomas Crew, Sir Robert Atkins, and Edward Atkins, Trustees, to whom he devised his interest in New Jersey, to be sold for the payment of his debts.[†] On the 5th and 6th of March, 1680, East Jersey was conveyed to Thomas Cremer and Thomas Pocock, but the transfer does not seem to have been completed. On the 6th of the following August, the Duke indulged in a second grant to Penn and his associates of West Jersey, and Gordon says he also gave one to the representatives of Carteret on March 14, 1682. This has not been discovered, but the following warrant therefor exists:

> "These are to direct and require you to prepare for my signature a Deed or fitting Instrument (agreeable to yt I have already executed unto Edward Billing and others) whereby I may release and confirm unto Sir George Carteret, ye heire of Sir George Carteret (lately deceased) his moyty of New Jersey (called East New Jersey) in America. For w^{ch} y^{s} shal be yo^{r} Warr^{t}, Provided it be entred w^{t} my Auditor Gen^{ll} wthin two months of its date. Given und^{r} my hand at Windsor ye 6th day of September (80).
>
> "To Sir John Churchill Kn^{t} my Atturney Gen^{ll} or to S^{ir} George Jeffreys Kn^{t} my Sollict^{e} Gen^{ll}." [‡]

These Releases were given in consequence of an opinion of Sir William Jones, dated July 28, 1680. The Duke's Governor of New York had claimed jurisdiction over both of the Jerseys, and insisted on his right, in behalf of the Duke, to collect duties upon importations therein. These pretensions were resisted with much spirit, until finally the Duke referred the subject to Sir William Jones for an opinion. His decision was that the Duke could not legally demand any duty from the inhabitants of the Jerseys. The Duke gracefully yielded, and gave his third and final Release of East Jersey.[§]

On the 20th of February, 1681, Earl Sandwich released his interest in East Jersey to his associate trustees, and they again sought to negotiate a sale of the Province. Failing to find a purchaser at even the sum of five or six thousand pounds, it was sold at public sale to William Penn, Robert West, Thomas Rudyard, Samuel Broome, Thomas Hart, Richard Mew, Ambrose Riggs, John Haywood, Hugh Hartshorne, Clement Plumstead, and Thomas Cooper, all Quakers. The Lease and Release were dated February 1 and 2, 1682, and the consideration was £3,400. To avoid any doubt which might arise by reason of the prior sale to Cremer and Pocock, they joined in the conveyance. The associates then—June 1, 1682—executed a declaration that there should be no benefit of survivorship among themselves. They held the Province for nearly a year, but they were Quakers, and therefore unpopular. To quiet opposition on this ground, they severally conveyed, in 1683, an undivided moiety of their respective interest to twelve others—viz., Robert Barclay, Edward Billinge, Robert Turner, James Braine, Arent Sonmans, William Gibson, Gawn Laurie, Thomas Barker, Thomas Warne, James, Earl of Perth, Robert Gordon, and John Drummond. These associates were afterwards known as the "Twenty-four Proprietors." On the 14th of March, 1683, the Duke confirmed the sale of the Province to the twenty-four proprietors.* Under all of these different owners of the soil of the Province, the rights and powers of Government had always attached to the ownership. The seat of Government was at Perth Amboy, where it was required to record all surveys and transfers of land.†

Many patents for land in this county, east of the Hackensack, had been taken out before the fall of the Dutch power. By the third article in the capitulation, "all people were permitted to enjoy their lands, houses, and goods, and dispose of them at pleasure." Under this article they felt secure until the treaty of Breda, dated July 25, 1667. Then the freeholders in this county took out confirmatory grants from the proprietors subject to a quit-rent of half-penny per acre. To this burden much of the lands in East Jersey is yet subject, though years have gone by since its collection was enforced. Whether it was to avoid the granting of particular tracts to individuals, or because the Dutch government had already granted to the town and freeholders all of the unappropriated lands in the old township, we do not know, but it is worthy of notice that the proprietors never gave to an individual an original patent for land in the township of Bergen. On the 22d of September, 1667, Philip Carteret and his Council granted to the town and freeholders of Bergen as follows:

---

* East Jersey, 88.

† In the earlier days, deeds were recorded in the "Towne Book of Bergen," which, unhappily, seems to be lost. Then, as stated in the text, they were for a time recorded in the Secretary's office at Amboy. Then they were for a time recorded indifferently at Amboy or Hackensack, the county seat; then exclusively at Hackensack, until Hudson County was set off from Bergen, in 1840. It is well to note, however, that many deeds for land in this county have never been recorded, but not those of modern date.

"**Imprimis.**—The Bounds and Limitts of the aforesaid Towne and Corporation of Bergen is to begin at the North end thereof, from a place called Mordanis Meadow, lying upon the West side of Hudson's river, from thence to run upon a N. W. lyne by a Three rail fence that is now standing, to a place called Espatin, and from thence to a little Creek surrounding N.N.W. till it comes into Hackinsack river, containing in Bredth from the top of the Hill 1½ miles, or 120 chains, from thence it runs along the said Hackinsack river upon S.S.W. lyne till it comes to the Point or neck of Land that is over against Staten Island and Shooter's Island in Arthur Cull Bay, containing in length about 12 miles, from thence to run Eastward along the River called Kill van Cull, that parts Staten Island and the Maine to a point or neck of Land called Constable's Point or Constable's Houck, and from thence to run up Northward all along the Bay up into Hudson's river till it comes to Mordanis Meadow aforesaid; So that the whole track of upland and Meadow property belonging to the Jurisdiction of the said Town and Corporation of Bergen, is bounded at the North end by a tract of Land belonging to Capt^{n} Nicho. Verlett and Mr. Samuel Edsall. On the East side, by Hudson's river, on the South end by the Kill van Cull, that parts Staten Island and the Maine, and on the West side by Arthur Cull Bay and Hackinsack river, as it is more plainer demonstrated by a draught thereof made by the Surveyor-General, hereunto annexed. The whole, both of upland and Meadows, and Waist land containing according to the Survey 11,520 Acres English measure," * * * "to continue and remain within the Jurisdiction, Corporation or Township of the said Towne of Bergen from the day of the date hereof forever" * * * "To be holden by them, the said Corporation or Towneship, their heirs and successors, as of the Manor of East Greenwich, in free and common Socage."

"2ndly. That all the Freeholders of said Corporation or Towneship are hereby jointly and severally obliged to pay or Cause to be paid to the said Lords Proprietors, their heirs and Successors, or to their Receivers-General, within the said Province, on every 25th day of March, according to the English Accompt, the sum of Fifteen Pounds Sterling, of good and Lawful money of England, or the Value thereof, in good and Current pay of the Country, as a quit-rent due to them for the whole said tract of Land above mentioned, in lieu of the ½d. Pr. acre mentioned in the concessions, which payment is to begin on the 25th day of March, which shall be in the Year of Our Lord 1670, and so to continue forever without any charge, to the said Lords Proprietors or their Agent; and that all Pattents for land herebefore Granted, or to be Granted within the said Limitts, are to be accompted upon the aforesaid Rent of Fifteen Pounds Sterling pr annum."

In the course of time the payment of the reserved quit-rent was neglected, and finally refused. Hereupon a controversy arose between the proprietors and the freeholders of Bergen. Finally, Cornelius van Rypen, a freeholder, in the township, was arrested for the debt. A compromise was then agreed upon, and the freeholders of Bergen received a general release upon paying $1,500. This release was dated October 5, 1809.

CHAPTER III.

COMMON LANDS.

Having thus, in a general way, glanced at the history of the title to the patented lands in this county east of the Hackensack river; let us now trace the history of the common lands. Carteret's grant calls for 11,520 acres. This, of course, included all the lands in the old township of Bergen. It is quite impossible to say how much of this had already been appropriated by individual grants, but it must have been about 3,500 acres, as about 8,000 acres yet lay in common when the Commissioners undertook the allotment. The patent lands lay in different parts of the township, and generally consisted of small tracts, while the unappropriated lands were used in common. Difficulties, however, soon arose concerning these lands. The owners of private grants encroached upon the common domain, while unauthorized persons pastured their cattle thereon and wasted the timber. For this there did not seem to be any remedy, owing to defects in their charter. Thereupon, the freeholders, in their corporate capacity, petitioned Governor Hunter for relief, and in answer to their petition, they received a new charter, known as Queen Anne's Charter, January 14, 1714. In this they were empowered "to Give Grant, Bargain, Allott, Lett, Dispose of any of the Land belonging or appertaining to ye said Community, and as yett unappropriated, either for one, two, or three lives, for term of years or in fee." While it is not known that any grants were ever made under this charter, it is well known that it did not accomplish what was sought. Encroachments and waste continued as before. In 1743, the freeholders quietly attempted to protect the common lands by the following:

"**Articles** of Agreement Entered into, made, Concluded and agreed upon this Sixteenth day of June, in the Sixteenth year of the reign of our Sovereign Lord King George the Second, Annoq Dom. 1743, **Between** Daniel van Winckell, of the first part, Zacharias Sickells of the second part, Cornelius Blinkerhoof, the third part, Casparus Pryor of the fourth part, Dirck Kadmus, of the fifth part, Michael Cornelisse Vreelandt, of the sixth part, Jacob Van Wagena, of the seventh part, Cornelius Gerrebrant, of the eighth part, Hendrick Vanderhoof, of the ninth part,Abraham Diedericks, of the tenth part, Gerret Newkerck, of the eleventh part, Andries van Boskirk, of the twelfth part, Marten Wenen, of the 13th part, Ido Sip, of the fourteenth part, Johannis Gerritse, of the 15th part, Antje Pietersen, of the sixteenth part, Hendrick Sickelse, of the 17th part, Arent Tores, of the 18th part, Morgan, of the 19th part, Geret Roose, of the 20th part, Johannis Van Houte, of the one and twentieth part, Catharine Van Newkirk, of the two and twentieth, Johannis Vreeland, of the three and twentieth part, Altie Diedericks, of the four and twentieth part, Abraham Sickells, of the 25th part, Myndert Gerbrants, of the 26th part, Johannis Diedericks, of the 27th part, Hendrick Van Winckel, of the 28th part, Peter Marselise, of the 29th part, Laurens Van Boskerck, of the 30th part, Jacob Van Horne, of the 31 part, which parties to these presents above are all Residents, Freeholders and in **Commons** of the County of Bergen, in the Province of East New Jersey.

Whereas the Town and Corporation of Bergen, in East New Jersey, is an antient Township, and for a long time hath enjoyed sundry privileges, AND

Whereas Philip Carteret, Esq^{r} late Governour of the Province of Nova Cesarea, or New-Jersey, and his Councill—to wit: Samuel Edsall, Robert Bond, Nicholas Varlet, Wm. Pardon, Robert Van Quillon, James Bollen—by a certain Grant, Charter or Patent, under the Seal of the said Province, signed by the said Governour and Council, and bearing date the twenty-second day of September, in the year of our Lord, 1668, did thereby grant that the bounds and limits of the town and Corporation of Bergen should begin at the North end thereof from a place called Mordavis Meadow, lying upon the West side of Hudson's River, from thence to run upon a North-West line by a three-railed fence that was then standing to a place called Espatin, and from thence to run to a little Creek surrounding North-North-West till it comes into the Hackensack River, containing in breadth from the top of the hill One and a half miles, or One hundred and twenty chaines, then it runs along the said Hackensack River upon a South-South-West line till it comes to Point or Neck of Land that is over against Staten-Island, and Shooter's Island, in after Cull Creek, containing in Length about twelve miles, from thence running Eastward along the River called Kill Van Cnll that parts Staten-Island & the Maine to a point or neck called Constables

AND he, the said Governour & Council, by the Charter and Grant aforementioned, did give and grant unto the said Freeholders and Inhabitants of the said Town and Corporation of Bergen divers and sundry liberties, powers, franchises, privilidges and Immunities, and particularly that the Freeholders, or the major part of them, sho'd have power to divide proportions of what was within their bounds and Limitts that was not then already appropriated and patended by particular persons before the day of the date of the said Charter & Grant, as in and by the said Charter & Grant Remaining upon Record in the Secretary's office of the Province of New-Jersey, among other things therein Contained it doth and may more fully and at large appear.

And Whereas since the making of the said Charter and Grant sundry of the said Freeholders have, at sundry times, surveyed, taken, and used and Improved to their own Use and benefit sundry Lotts, pieces and parcells of the common and undivided Lands Lying and being within the said Township and Corporation of Bergen without any Warrant, power, or authority for so doing, and without the Consent of the major part of the Freeholders of the said Township for that purpose first had and obtained, and have used and enjoyed the same with their patented Lands by means whereof it is not known how much of the said Commons have been taken in by the said Freeholders, nor can the same be found out or Discovered without a particular Survey of such patents to which said Common Lands have been taken in & added to, wherefore the said parties have agreed as followeth:

Imprimis. It is agreed by and between all & every the parties to these presents that whatever part of the Common & Undivided Lands have been by them, or either of them, at any time heretofore taken up, used, or claimed & added to their patented or purchased lands shall forever hereafter be deemed, taken, & adjudged, and shall Remain & Continue in Comon, till a division be made of the said Comons & Undivided Lands.

Item 2d. That in order to find out what and how great part of the said Comon and Undivided Lands have, at any time, been taken in by any or either of the parties, It is agreed that every particular grant under w^ch^ the parties to these presents do hold their patented Lands, be run Surveyed and Laid out by Cornelius Corsen, Surveyor, whom they the parties, have and by these presents do mutually Elect, Chuse, and Appoint to be the Surveyor thereof, and that he Survey the same within the space and time of Eighty months next coming after the date hereof.

Item. ffor the more Easy and regular Surveying and laying out the said patented Lands, Each of the parties above mentioned, for himself, his heirs, Executors and Administrators, Doth Covenant and Agree, with the other of them, his heires, Executors and Adm^rs^ that they & each of them will, at the request & demand of the said Surveyor, produce and show unto him their Several deeds, Writings, & grants by which they hold their respective farms, and that neither of the said parties shall nor will in any wise Obstruct, molest, or in any wise hinder or Disturb the said Surveyor in Surveying and laying out the same nor Comence, Sue or promote any Action or Suite against him or any, he shall employ to assist him in the doing thereof, and that each party whose Lott or tract shall be so run out and surveyed, shall and will pay for running out the same.

Sealed and delivered in the presence of

So far as we can now learn the measures contemplated by this agreement were not pursued. Matters growing worse, the people petitioned the Legislature for relief. This petition resulted in the following:

An Act appointing Commissioners for finally settling and determining the several Rights, Titles & Claims to the Common Lands of the Township of Bergen; and for making a Partition thereof in just & equitable Proportions, among them who shall be adjudged by the said Commissioners, to be intitled to the same.

Whereas sundry Persons claiming to be Inhabitants and Freeholders within the Township of Bergen aforesaid, by their Petition, presented to the General-Assembly of this Colony, do set forth, that Philip Carteret, Esq^r Governor of this Colony of Nova Cesarea, or New Jersey, under the Right Honorable Lord John Berkley, and Sir George Carteret the former Proprietors thereof, by a certain Deed or Instrument in writing purporting to be a Charter granted to the Town and Freeholders of Bergen, and to the Villages and Plantations thereunto belonging, bearing Date the twenty-second Day of September in the year of our Lord one thousand six hundred and sixty-eight, did therein and thereby with the Consent of his Council, grant and declare among other Things therein contained, that the Bounds and Limits of the aforesaid Town and Corporation of Bergen was and is to begin at the North End of

Mordani's Meadow, lying upon the West Side of Hudson's River, from thence to run upon a Northwest Line by a three Rail Fence that was then standing, to a place called Espatin, & from thence to a little Creek surrounding North North-West till it comes into Hackinsack River, containing in Breadth from the Top of the Hill one Mile and a Half or one hundred & twenty Chains From thence it runs alongst the said Hackinsack River upon a South South-West Line till it comes to the Point or Neck of Land that is over against Staten-Island and Shooter's Island in Arthur Cull Bay, containing in Length about twelve Miles, from thence to run Eastward, along the River called Kill Van Cull that parts Staten-Island and the Main, to a Point or Neck of Land called Constable's Point or Constable's Hook, and from thence to run up Northward all along the Bay up into Hudson's River till it comes to Mordani's Meadow aforesaid, so that the whole Tract of Upland and Meadow property belonging to the Jurisdiction of the said Town and Corporation of Bergen, is bounded at the North End by a Tract of Land belonging to Captⁿ Nicholas Verlet and Mr. Samuel Edsall, on the East Side by Hudsons River, on the South End by the Kill Van Cull that parts Staten-Island and the Main, and on the West Side by Arthur Cull Bay and Hackinsack River; And did also among other things therein mentioned grant and declare that the Freeholders aforesaid, or the major Part of them, should have Power to chuse their own Magistrates to be Assistants to the President or Judge of the Court and for the ordering all public Affairs within the said Jurisdiction And that the Freeholders aforesaid, or the major Part of them, should have Power to admit of their own Inhabitants and to divide all Proportions of Lands as are within the Bounds and Limits aforesaid, that were not then already appropriated and patented by particular Persons before the Day of the Date thereof, according to their Allotments and Estates, as the Justices & Magistrates should in their Wisdoms think fit, which Land being so divided every Man's Proportion should be surveyed, butted and bounded by the Surveyor, and recorded by the Secretary and Recorder General of this Colony and after two Years in Possession, should not be subject to any Re-Survey or Alteration, but should remain according to the first Survey forever, as by the said Charter more fully and at large may appear. And the said Petitioners further set forth that altho' certain Letters-Patent of her late Majesty Queen Anne, issued under the Great Seal of this Colony, bearing Date the fourteenth Day of January in the twelfth Year of her Reign, confirming the aforesaid Incorporation of the said Township of Bergen; and altho' the said Letters-Patent were confirmed by an Act of the Governor, Council and General Assembly of this Colony, passed the twenty-ninth Day of January in the Year of our Lord one thousand seven hundred thirteen, intituled an Act for Confirmation of a Patent or Charter granted by His Excellency Robert Hunter, Esq^r Captain-General and Governor-in-Chief in and over the Provinces of New Jersey and New York, and all the Territories and Tracts of Land depending thereon in America, and Vice-Admiral of the same for the Incorporation of the Town of Bergen in the Eastern Division of the Province of Nova Cesarea or New Jersey: Yet neither the said Letters-Patent nor the said Act do prescribe any Method for the Division of the Common Lands of the said Township of Bergen, but leave the same subject to such Method as is above mentioned to be prescribed by the aforesaid Charter of Governor Philip Carteret: And that altho' the Petition of the said Common Lands, is by the aforesaid Charter of Governor Philip Carteret directed to be made by the said Freeholders, in such Manner as the Justices and Magistrates shall think fit, yet that elective Magistrates having been a Provision in the Infancy of this Colony, and having long since been disused except in some particular Incorporations, among which the said Township of Bergen is not to be ranked, a Partition of the aforesaid Common Lands in the Manner directed by the said Charter, is for that Reason become absolutely impossible; That besides, the Petitioners are not only at some Variance among themselves, as well concerning what particular Tracts of Land patented before the Grant of the said Charter, are included within the above recited Bounds of the said Township of Bergen, and consequently concerning the Persons who may properly be deemed Freeholders of the said Township; And who the Freeholders within the said Township are or are not intitled to Shares of the said Common Lands But it is also disputed among them in what Proportions the said Common Lands ought by Virtue of the said Charter to be divided among those who undoubtedly are Freeholders within the Bounds of the said Township and are Intituled to Shares of the said Common Lands, which Reasons together with the great Number of the Persons Interested and the Infancy, Coverture and Absence beyond Seas of many of them render a Partition of the said Common Lands Impracticable by the Course of the Common Law and Feasible only by Commissioners to be appointed by Act of Legislature as well for settling the several Claims to the Commons as the Respective Proportions in which the same ought to be Divided and that by Reason of the present Undivided State of the said Commons great and Unnecessary Waste is daily Committed by destroying the Timber growing on the same, By which means if the same be not prevented by a Speedy Partition of the said Commons, they will be rendered of Little Value, and the Township of Bergen be reduced to great Distress for want of Timber and Fuel, the Petitioners therefore pray Relief in the Premises as by the said Petition may appear.

Be it therefore enacted By his Excellency the Governor, the Council and General Assembly of this Colony, And it is hereby Enacted by the Authority of the same That Jacob Spicer of Cape May, Charles Clinton of Ulster County, William Donnaldson and Azariah Dunham of New Brunswick, John Berrien of Rocky Hill, Samuel Willis of Long Island, and Abraham Clark, Jun^{r} of Elizabethtown, be and hereby are appointed Commissioners for Making Partition of the Common Lands of the Township of Bergen aforesaid, And are hereby Authorized and Required to Divide the same in the Manner hereinafter Directed.

And be it further enacted By the Authority aforesaid That the said Commissioners be and hereby are Impowered and required previous to any Partition of the said Common Lands to give at Least Four Weeks Public Notice in the New York Gazette and Mercury of the Time when and the Place where they will meet to Survey, run out, and ascertain as well the Bounds and Limits of the said Township of Bergen as the Bounds of Each and Every Patent and Grant Contained within the Bounds and Limits of the said Township. And the said Commissioners are hereby Impowered to go with their necessary Attendants and Implements upon and Across any Lands or Meadow contained within the Bounds of the Township of Bergen aforesaid or Adjacent thereto in Order to make the said Survey or Surveys And the Partitions hereinafter

Mentioned Doing as Little Damage as may be to the Owners thereof, without being Liable to any Action for the same, Which said Survey of the said Township of Bergen and of the several Patents or Grants contained within the Bounds and Limits thereof when made, shall Conclude all Persons whomsoever claiming under the said Township of Bergen or any Patent or Patents, Grant or Grants contained within the Bounds and Limits thereof.

And be it enacted By the Authority aforesaid That as soon as the said several Patents or Grants shall be Surveyed And the Bounds and Limits of the same ascertained as aforesaid, the said Commissioners shall set apart so much of the said Common Lands as they think will be sufficient to defray the Charges of Making a General Partition of the said Common Lands, And shall then proceed to make a General Partition of All the Residue of the said Common Lands and lay out and allot to such of the several Patents or Grants Contained within the Bounds and Limits of the Township of Bergen aforesaid as they shall Judge to be Intituled to the same, Such Proportions of the said Common Lands as they shall judge right, having Regard to the Right and Allotments due to the Church and Free-School as in said Charter specified.

And whereas The Freeholders Inhabitants of the Town of Bergen claim a Large Part of the said Common Lands by Virtue of a purchase from the Indians bearing Date the Thirtieth day of January in the Year of our Lord One Thousand Six Hundred and Fifty-Eight And a Patent or Grant from Governor Stuyvesant in the Year of our Lord One Thousand Six Hundred and Sixty One And divers other Disputes and Controversies have Arisen and may Arise as well between the Freholders Inhabitants of the said Township of Bergen relating to their several Rights to the said Common Lands in Virtue to their Several Patents or Grants as between the Freholders of some of the Patents or Grants Contained within the Bounds and Limits of the Township of Bergen aforesaid, For the settling and Determining thereof.

Be it enacted By the Authority aforesaid That the said Commissioners shall and hereby are Authorized and required in a Summary Way to hear and finally Determine According to their discretion the said Claim of the said Freholders Inhabitants of the Town of Bergen, founded on the said Indian Purchase and Governor Stuyvesant's Patent or Grant aforesaid, and All other Disputes and Controversies arisen or which may arise as well between the Freholders Inhabitants of the Township of Bergen aforesaid, Relating to their Several Rights to the said Common Lands in Virtue of their several Patents or Grants as between the Freholders of each particular Patent or Grant Contained within the Bounds and Limits of the Township of Bergen aforesaid Which Determination of the said Commissioners shall be Final & Conclude all persons whomsover Claiming Under the said Township of Bergen or Under any Patents or Grants Contained within the Bounds and Limits of the said Township.

And be it further enacted by the Authority aforesaid, that the said Commissioners shall within three months next after the said general Partition shall be completed, proceed to sell the said Lands so set apart to defray the Charges of the said general Partition as aforesaid, at public Vendue to the highest Bidder giving at least six Weeks Notice of such Sale, by Advertisement to be affixed on the Court-House in Hackinsack and the Church in Bergen: And the Deed of the said Commissioners to the Purchaser and Purchasers shall pass a good Title, both in Law and Equity to such Purchaser or Purchasers for the separate Enjoyment of the said Lands in Fee Simple, against all Persons whomsover claiming under the said Township of Bergen, or any Patent or Grant contained within the Bounds and Limits of the said Township: And the said Commissioners shall keep and state a particular Account of the whole Charge attending the said general Partition and lay the same before the Justices of the Sessions for the County of Bergen, who are hereby authorized and required to appoint by a Rule to be entered in the Minutes of the said Court of Sessions, Persons to audit the said Account: And the said Persons so appointed shall after fourteen Days Notice given by the said Commissioners, or any one or more of them, in Writing, to any three Persons interested in the said general Partition, of the Time and Place of auditing the same Account that all Persons interested may be heard in objecting to the same, proceed to the auditing of said Account: And out of the Monies arising from such Sale the s^d Commissioners shall detain in their Hands so much as the said Auditors shall report to be due for their Services and Disbursements in compleating the said general Partition And the Surplus, if any be, shall be paid to the Trustees of the Freholders, Inhabitants of the Township of Bergen for the Use of the said Corporation, and their Receipt for the same shall be a sufficient Discharge to the said Commissioners.[*]

And be it further enacted by the Authority aforesaid that after the said general Partition shall be made the said Commissioners shall proceed to make a Partition and Division of the said Common Lands allotted to each respective Patent or Grant within the Bounds and Limits of the said Township of Bergen to which a Share of the Common Lands shall have been allotted as aforesaid. And for that Purpose they are hereby authorized and required to give at least twelve Weeks Notice, by Advertisements to be published in one or more of the New York News-Papers, of their meeting to proceed upon the Partition or Division of each and every of the said Tracts of Common Lands allotted to each of the said Patents or Grants respectively; By which said Advertisements all Persons interested in the said particular Tracts respectively shall be required to produce their Titles and make out their Claims to the same, Copies of which Advertisements shall be affixed on the Court House in Hackinsack and the Church in Bergen; And when the said Commissioners shall have informed themselves in manner aforesaid of the Rights of the respective Persons claiming Interests in the said Common Lands allotted to such particular Patents or Grants respectively, they shall proceed to make a fair and equitable Partition and Division thereof among all the Persons whom they may adjudge to be interested in such Proportions as they may think Just and reasonable And in like Manner the said Commissioner shall proceed to make a Partition and Subdivision of each and every of the said Tracts of Common Lands allotted to each and every of the said Patents or Grants within the Bounds & Limits of the Township of Bergen aforesaid respectively to which a Share of the said Common Lands shall have been allotted as aforesaid: And the Charges of every of such Partition and Subdivision shall be defrayed, and the Accounts of the same respectively kept, stated and audited in the same manner as hereinbefore directed upon the general Partition aforesaid, provided always that the Overplus of the Moneys arising from the Sale of the respective Lands set apart to defray the Charges of each of the said particular Partitions and Subdivisions respectively, if any be shall upon Demand be paid to the respective Persons interested in such particular Tracts, or Proportions to their several Rights.

[*] The Commissioners submitted their accounts for dividing the Common Lands, to the Court at Hackensack, on the first Tuesday in October, 1764. They were referred to Peter Sobriske, Tunis Day, and Johannis Demarest for audit, with directions to send in their report at the next Term. In January Term, 1765, the Commissioners submitted their accounts for subdividing the Common Lands. They were referred to the same persons for audit. I have not been successful in finding the accounts or reports thereon.

And be it further enacted by the Authority aforesaid that the said Commissioners shall cause two several Field-Books and Maps to be made both of the general and of each particular Partition and Division of the said Common Lands, specifying the Bounds of the general Partition and of each and of every Lott of each particular Partition and Division respectively and to whom allotted particularly; Which said Maps and Field-Books shall be signed by the said Commissioners and their Surveyor or Surveyors, And one of the said Maps and Field-Books shall be filed in the Secretary's Office at Perth-Amboy and the other in the office of the Clerk of the County of Bergen to remain and be kept as Evidence, and shall be and hereby are made conclusive Evidence, of such Partition which said Partitions and Divisions and each and every of them shall be and hereby is and are declared good and valid in Law to divide and separate the said Lands.

And be it further enacted By the Authority aforesaid That the said Commissioners and their Surveyor shall be allowed each twenty shillings a Day, while actually employed in the said Service, And to each of the Chain-Bearers six shillings a Day, And to the Persons who audit the Accounts of the said Commissioners ten shillings for auditing the accounts of each of the said Partitions and Divisions, And for such other Charges as may accrue on the Service aforesaid the said Auditors may allow a reasonable Sum, And all Persons who shall be employed in the Service aforesaid shall also be provided with all Necessaries usually provided on such Occasions out of the Monies to arise by the Sale of the Land set apart for defraying the Charges of the said Partitions respectively—**Provided** always and be it further enacted by the Authority aforesaid, That no Person whomsoever, who shall be employed upon the Service aforesaid, or any other in Trust for him or them, shall become Purchasers of the Lands to be sold by Virtue of this Act or any Part thereof—Provided also, and be it further enacted by the Authority aforesaid, That such of the said Commissioners as may take upon them the Execution of this Act, and their Surveyor or Surveyors whom they are hereby authorized to appoint, shall severally be sworn before one of the Justices of the Supreme Court, or before one of the Judges of the Court of Common Pleas, for the County of Bergen, to execute and perform the Trust and Services required of them severally by this Act fairly and impartially according to the Directions thereof, and the best of their Skill and Judgment, And a Certificate of their being so sworn from the Person administering the Oath be filed in the Office of the Clerk of the County of Bergen.

And be it further enacted by the Authority aforesaid, That as well all & singular as any or either of the Powers hereby vested in the said Commissioners shall and may be executed by the Majority of them and the Survivors and Survivor of them and the Majority of such Survivors.—**Provided always** That Nothing Contained in this Act shall be Deemed, Construed or Understood to Affect or destroy any Claim Right or Title of the General Proprietors of the Eastern Division of this Province to the premises or to any part thereof and Saving Also to His Majesty his Heirs and Successors all his Rights therein as if this Bill had not passed.

The Commissioners appointed by the foregoing act caused to be surveyed every foot of land lying east of the Hackensack in this county, and the result is recorded with great care and particularity in their Field Book and Maps, which were filed, as directed in the seventh section of the above act. By an act of the Legislature approved March 3, 1848, the Field Book and Maps on file in the Clerk's office of Bergen County were required to be filed in the office of the Clerk of Hudson County. They were so filed. But the copy in the Secretary of State's office being in better preservation, and of no particular utility in that place, there was a general desire among the people of the county to secure it, whereupon by an act of the Legislature, approved March 3, 1853, the Clerk of Hudson County returned the one then in his office to the Clerk of Bergen County, and received and filed the one then in the office of the Secretary of State.

NOTE 1.—The reader is indebted to Delos E. Culver, of Jersey City, for the following observations on terrestrial magnetism and its effect on the magnetic needle. His long experience and well-known ability as a practical surveyor and civil engineer make him an authority on the subject. He says :

"Paradoxical as it may appear, many surveyors do not understand the action of the magnetic current upon the needle, and many others but imperfectly. In order to make the needle useful, the laws which govern its movements should be known.

"The magnetic fluid or current sweeps continually from the south to the north magnetic pole, sometimes increasing in intensity, at others decreasing over the earth and beneath its surface on waving meridian lines. The direction of this current at any given point is the magnetic meridian.

"The magnetic poles, however, are constantly moving around the true poles, changing the direction of the current, and with it the direction of the needle, thus accounting for its secular declination. There is also an annular declination of the needle, caused by the revolution of the earth upon its axis, which is completed every day, and another declination, superimposed upon the others, caused apparently by the earth's nearing and receding from the sun each year, its maximum effect being exhibited in January when the earth is nearest the sun.

"Of course, so far as land surveying with the needle is concerned, the secular declination only need be observed. The following extract from the American Encyclopædia of observations made in London and Paris will illustrate this, showing how the north end of the needle travelled eastward at London until the year 1657: "From that time (1657) the westerly declination began, and continued until it began to be thought it would ever move in that direction, until it pointed south. In Paris the easterly declination did not disappear until 1663, and there also the needle travelled westerly until 1814, when it pointed 22½° towards the west. It then began to flag, and in 1817 the needle began to return towards the north. The same result was not noted in London until the year 1819, when the needle pointed N., 25° W.;" this time, of about 162 years, marking one-half the period of the revolution of the magnetic pole around the true pole. There are two lines passing over the earth's surface upon its opposite sides, on which the needle will point due north and south. Such a line, at the present time, passes very near the City of Detroit in Michigan, and is steadily moving westward. On the east side of this line the variation of the needle is to the west, increasing in amount with the distance from it. On the other side of the line of no variation the declination of the needle is towards the east. So, it will be seen that at any locality the course of the needle will not be exactly the same after the day upon which it is taken until about 160 years have passed by.

"In Hudson County, according to my experience, and from the average of many surveys made from the monuments and courses laid down on the map and field-book, made by the Commissioners in 1764, I determined, to my satisfaction, that here the easterly declination of the needle terminated in the year 1810, and that the average yearly movement before that time was at the rate of 3 3-10 minutes per annum. I found exceptional cases where it would require as much as 4 minutes per annum correction to make the courses agree with the monuments, and others again where less than two minutes would do it. But allowance must be made for imperfections of instruments, local attraction, errors made in observing or recording bearings, etc.

"I would advise surveyors and others, where the title of valuable land is to pass by description based upon needle courses, to carefully note the date of the survey, and have the same go into the instrument conveying the title. The importance of this will at once be seen when it is stated that a variation of 3 3-10 minutes per year will swing the lines of a piece of land of 100 rods long in ten years 16 feet out of its former position unless the proper correction for the time since the survey was made, is made. From an observation of the position of the North Star, made on the evening of May 29, 1871, at Jersey City, the declination of the needle from the true meridian was shown to be 7° 55′, the course of a true north line being N., 7° 55′, W."

NOTE 2.—The land in these grants was measured by the *Morgen*, containing nearly two acres. An explanation of this measure as it prevailed in the olden time may be useful for a full understanding of the Dutch Patents. A Rhineland rod was the Dutch measure for land. It contains 12 feet and 4¾ inches, English measure. Five of these made a Dutch chain, which consequently contained 61 feet and 11¾ inches. Twenty-five such rods in length and twenty-four in breadth makes a Morgen, which consists of 600 square Dutch rods.—*Moulton's Hist. of N. Y.*, i. 334.

NOTE 3.—The *rod* spoken of in the Notes to the Field Book is the Dutch rod.

As a caution to all who may hereafter be imployed in surveying within the Township of Bergen, the Commissioners have thought it necessary to *Note* that they found an *attraction* more or less in most Parts of the Township, and more especially towards the Northern Bounds, where they found it in some Places near five Degrees.

Part First. *

THIS IS ONE OF THE FIELD-BOOKS

Of the General PARTITION of the COMMON LANDS of the Township of BERGEN

Made in pursuance of a LAW of the Province of New Jersey in America pass'd in the fourth Year of the Reign of his present Majesty King George the third, entitled

"**An Act** appointing Commissioners for finally setling and determining the several Rights, Titles and Claims to the Common Lands of the Township of Bergen, and for making a partition thereof in just and equitable Proportions among those who shall be adjudged by the said Commissioners to be entitled to the same."

The General Partition by the said Act directed was performed by Six of the Seven Commissioners therein named, to wit, Jacob Spicer, Charles Clinton, William Donnaldson, Azariah Dunham, John Berrien and Abraham Clark Jun^{r}; Samuel Willis the Seventh Commissioner declined and did not attend the Service.* Those Six Commissioners who

* It is worthy of observation that not one of these commissioners lived in the county where the lands to be surveyed lay. Two of them were from Essex County; two from Middlesex; one from Somerset; and two, with the surveyor, George Clinton, Governor of New York during the Revolutionary war, were from the State of New York.

JACOB SPICER,

The son of Col. Jacob Spicer, was born in Cape May County, in 1716. In 1744 he became a member of the General Assembly, which position he held for twenty-one years. He married (1st), Judith, daughter of Humphrey Hughes; (2) Deborah, widow of Christopher Leaming. In 1756 he purchased the interest of the West Jersey Society in Cape May County, constituting what has since been known as the Vacant Right. He was appointed with Aaron Leaming to revise the laws of the State. The result of their labors may be found in "Leaming and Spicer's Collection," published without date, "Printed at Philadelphia, by W. BRADFORD, Printer to the King's Most Excellent Majesty for the Province of *New Jersey.*" He was a merchant and surveyor, a man of exemplary habits, and strictly faithful in his business relations. He died in 1765, and was buried at Cold Spring.

CHARLES CLINTON

Was born in the County of Longford, Ireland, in 1690; died November 19, 1773, in the town of New Windsor, then in Ulster, now Orange Co., New York. His grand-took upon them the execution of the said Act, were severaly duly sworn before one of the Justices of the Supreme Court to exercise and perform the Trust and Services required of them severaly by that Act fairly and impartially according to the Directions thereof; and the best of their Skill & Judgment; as may appear by the certificates filed in the Office of the Clerk of the County of Bergen; true copy's whereof are in the Words following, to wit,

"These are to certify that on the Eighteenth Day of January one thousand seven hundred and sixty four personally appeared before me Samuel Nevill, Esq^r, Second Justice of the Supreme Court of Judicature for the Province of New Jersey, William Donnaldson, Azariah Dunham, John Berrien, and Abraham Clark Jun^r, four of the Commissioners named and appointed by an Act of the General Assembly of the Province of New Jersey; pass'd the last sessions at Burlington, Entitled—an Act appointing Commissioners for finally setling and determining the several Rights, Titles and Claims to the Common Land of the Township of Bergen, and for making a Partition thereof in just and equitable Proportions among those who shall be adjudged by the said Commissioners, to be entitled to the same."

father was an adherent of Charles I., and after the defeat of the Royalists fled to the north of Ireland. His mother was the daughter of a captain in the Parliamentary army. He and a number of his friends chartered a ship and sailed for America, May 20, 1729. This company in 1731 selected a place for a permanent settlement, and called it "Little Britain," in New Windsor. He was a farmer and land surveyor, and was appointed Surveyor-General, and Judge of the Common Pleas in Ulster. In 1756 he was appointed lieutenant-colonel in the militia, and served under General Bradstreet in the expedition against Fort Frontenac (now Kingston), Canada. His sons James (father of DeWitt Clinton) and George accompanied him in this expedition. *Vide Appleton's Encyclopædia and Eager's History of Orange County.*

WILLIAM DONNALDSON.

Concerning William Donnaldson nothing whatever has been learned, except (if he was the man) that he kept a tavern, and resided on the road between New Brunswick and Princeton, at the junction of the Rocky Hill road. This is ascertained by the map of the survey of the county line, made by Az. Dunham.

AZARIAH DUNHAM.

Col. Azariah Dunham was born in the township of Piscataway, N. J., in the early part of the eighteenth century. His family settled in the township as early as 1670. He married Mary Ford, of Morristown, and settled at New Brunswick, where he built a mansion on what was originally known as Main, then Burnet, and still later as Little Burnet or Water street. He was a very prominent man, and enjoyed a large share of the public confidence. He was rigidly just, extremely accurate, and highly intelligent. At an early day his name often appears in the minutes of the Courts of Middlesex County as arbitrator to settle matters in dispute or litigation. He was a civil engineer, in which capacity his services were in great demand, both by private parties and public bodies. June 20, 1765, he was appointed by the Legislature one of the commissioners "to view the grounds and make a straight and perfect survey from Bordentown to Kingston, and from Trenton as near as may be, through Princeton, Kingston, New Brunswick, Elizabethtown, and Newark to Second River; also from New Brunswick to Perth Amboy, and from Perth Amboy to

These are to certify that on the Seventh Day of March one thousand seven hundred and sixty-four personally appeared before me John Berrien Esq^r third Justice of the Supreme Court of Judicature for the Province of New Jersey Charles Clinton one of the Commissioners named & appointed by an Act of General Assembly of the Province of New Jersey Entitled,

Elizabethtown." May 20, 1765, he was selected by the Justices and Freeholders of Middlesex to run the division line between Somerset and Middlesex, which had become "dubious." I have seen a copy of the map of this survey completed May 9, 1766. It was accompanied by a field-book; and the two accurately described the line and the public highway from New Brunswick to the Province line, west of Princeton. They preserve the names of all the inhabitants living along the road, and note the exact locality of their farms and houses; and also exhibit the extent of Princeton and New Brunswick at that day.

In May, 1775, he was elected to the General Assembly. In the autumn of that year he and other patriotic members of the Assembly absented themselves to meet and confer with patriots from the several colonies in the city of New York. Their absence was noticed by Governor Wm. Franklin, who sent a message to the Assembly complaining of it. Accordingly, November 17, 1775, the House passed the following resolution:

"Several members of the House being absent, whereby the Public Business has been greatly retarded, Ordered, That the Sergeant at Arms do give Notice forthwith to Benjamin Holmes, Robert Friend Price, John Combs, John Wetherill, Azariah Dunham, and William Winds, Esquires, to attend their Service here immediately."

The patriotic members of the Assembly were aware of, and sympathized with the causes which led to their absence; and a few days later voted a leave of absence to them.

In 1775–6 Colonel Dunham was a member of the Provincial Congress of this State, and by that body was appointed one of the Committee of Safety, which sat, with extraordinary powers, during its recess. He was an active member of the Provincial Congress, and was on committees to draft various important measures: among others, a "resolution respecting apprehending deserters from the Continental troops;" an "ordinance to compel payment of tax of £10,000 in 1775, from such persons as have refused to pay the same;" also an "ordinance for emitting £30,000 of credit," and for the purchase of saltpetre, etc., in 1775. He was one of the Masters to review companies raised in the Province in 1775–6; and one of the committee "to adjust and settle the accounts of powder furnished to Earl Sterling by Somerset, Brunswick, Woodbridge, and Elizabeth" in 1775. In 1776 he was Lieut.-Colonel of the 2d Batto the Directions thereof, and the best of his Skill and Judgment. In Witness whereof I have hereunto set my Hand the Day and Year abovesaid. Signed John Berrien.

These are to certify that on the fifth Day of April one thousand seven hundred & sixty-four personally appeared before me John Berrien third Justice of the Supreme Court of Judicature for the Province of New Jersey Jacob Spicer one of the Commissioners named and appointed by an Act of General Assembly of the Province of New Jersey pass'd the last Sessions at Burlington—Entitled,

"An Act appointing Commissioners for finaly setling and determining the several Rights, Titles and Claims to the Common Lands of the Township of Bergen and for making a Partition thereof in just and equitable Proportions among those who shall be adjudged by the said Commissioners to be entitled to the same," and took an Oath to the following Purport, That, he would execute and perform the Trust and Services required of him by the said Act fairly and impartially according to the Directions thereof, and the best of his Skill and Judgment. In Witness whereof, I have hereunto set my Hand the Day and Year above mentioned. Signed John Berrien.

talion Middlesex Militia; but resigned in order to devote himself to the duties of "Superintendent of Purchases" for the Province, and of "Commissioner to raise troops"—positions to which he had been appointed by the Provincial Congress, and which he held until the close of the war. He was appointed one of the signers of the Jersey Bills of Credit for the Eastern Department of the State. He embarked a large part of his ample means in the cause of his country, and died at a ripe old age in 1790.

JOHN BERRIEN,

The grandfather of the late John McPherson Berrien, of Georgia, was appointed Associate Justice of the Supreme Court of the Province, February 20, 1764. He was a surveyor, as appears by the following sneer of the Tory historian of New York, William Smith. Referring to the death of Chief-Justice Morris, he says: "Franklin has put Charles Read in his place upon the bench, and filled up Read's with one John Berrien, a babbling country surveyor, not fit to be a deputy to any sheriff in England."—*Contributions to East Jersey History*, 1£0. Notwithstanding Smith's opinion, there can be no doubt that he was a man of integrity and ability, or the Legislature would not have associated him with such high-toned gentlemen as composed the Commission. He died in the latter part of April, 1772, leaving a widow and six children.

ABRAHAM CLARK

Was born at Elizabethtown, February 15, 1726. He was the only child of Alderman Thomas Clark. He married Sarah Hetfield in 1743. In early life his particular studies were mathematics and law, which fitted him for surveying and giving legal advice. He was not by profession a lawyer, but gave advice gratuitously. This procured for him the honorable title of the "poor man's counsellor." His services were frequently sought as arbitrator in questions concerning land titles. Under the Colonial Government he was High Sheriff of Essex, and Clerk of the Assembly. At the breaking out of the Revolution he became a member of the Committee of Public Safety. He was appointed a Delegate to the Provincial Congress, June 21, 1776. A few days after his appointment he affixed his name to the Declaration of

Independence. He was elected to the Provincial Congress of New Jersey, November 30, 1776, and with the exception of 1779, was annually re-elected until 1783. In 1788 he again had a seat in the National Legislature. In the mean time he was a frequent member of the State Legislature. While in this position he became known, though unjustly, as the "Father of the Paper Currency." In 1787 he was appointed a member of the State Convention which ratified the Constitution of the United States, but owing to ill health did not take his seat. In 1789 he was appointed a Commissioner to settle the accounts of the State with the United States. At the next election he was again chosen as representative in Congress, which position he held until a short time before his death. He retired from public life on the adjournment of Congress, June 9, 1794. He died in the autumn of 1794 from the effects of *coup de soleil*, and was buried in the churchyard at Rahway. Over his grave is the following inscription:

Firm and decided as a patriot,
Zealous and faithful as a friend to the public,
He loved his country,
And adhered to her cause
In the darkest hour of her struggles
Against oppression.

* GEORGE CLINTON

Was the youngest son of Charles Clinton, one of the Commissioners for dividing the Common Lands. He was born in Ulster Co. (Little Britain), N. Y., July, 26, 1739, died at Washington, April 20, 1812. He joined his father in the expedition against Fort Frontenac, in the French war. He was a lawyer, and was elected to the Colonial Assembly in 1768. Here he soon became head of the Whigs. He was elected to the Continental Congress in 1775, voted for the Declaration of Independence, was appointed Brigadier-General in 1777, and in the same year, at the first election under the Constitution of N. Y., was chosen both Governor and Lieutenant-Governor. He held the office for eighteen years, being chosen at six successive elections. He was energetic, and rendéred his country great service during the revolution. In 1788 he was President of the State Convention to consider the Federal Constitution, to the adoption of which he was opposed, not deeming it sufficiently decided in favor of the sovereignty of each State. In 1792, at Washington's second election, Clinton received fifty votes for the Vice-presidency. In 1801 he was again elected Governor, and in 1804 Vice-president of the United States. In 1808 he received six electoral votes for President, in opposition to Madison. but was continued as Vice-president. By his casting vote in the senate, Jan. 24, 1811, the National Bank was not rechartered.

And we the said Commissioners so qualified with our said Surveyors proceeded then to the Survey of the said Township of Bergen as by the said Act directed; And we the said Commissioners do adjudge the Bounds and Limits thereof to be as follows, to wit,

The **Bounds** and **Limits** of the said Township of Bergen **Begins** at the Northeastermost Corner thereof at a **Chessnutt-Tree** standing on the Easterly End of a small narrow high Ridge of land, the said **Tree** is marked on the Northwest side thereof with a Blaze and three Notches and on its Southwest Side with the Letter B and the said Tree on a Course (from it) South forty nine Degrees East is thirty five Links distant from the Northwesterly Side of Mordainis Meadow; and on a Course (from it) North Sixty Eight Degrees West is Seventy Seven Links distant from a large Rock mark'd with these four Figures 1764; And on a Course (from it) Southwest is fifty Links from the middle of a small Run of Water in a large Gully near the Head of a Creek; and from which said **Tree** these several **Objects** on the East Side of Hudson's River have the following Bearings, to wit, the Southermost Chimney of Humphreys Jones's House bears South sixty two Degrees and five Minutes East; The single Chimney of Dennis Hicks's House bears South fifty Degrees and five Minutes East; the Door in the Middle of Charles Ward Apthorp's New House bears South forty Degrees and fifty Minutes East; And the Northeastermost Chimney of Bloomingdaal House (late Mr. Oliver Delancey's) bears South seventeen Degrees East;—And from the said **Chesnutt-Tree** running upon a Course North forty nine Degrees West ninety seven Chains (by a Line of mark't

Having thus run out and ascertained the **General Bounds** and **Limits** of the said Township of Bergen we proceeded next to a Survey of the several Patents and Grants contain'd within the same which are many, and we have thought fit to enumerate them in the following Order.

First inserting the Grantors Name, The Grantees Name and date of each Patent and Grant; and then the Bounds and Limits thereof as by us discovered, survey'd and ascertain'd. A Work attended with much Difficulty and setled upon a due Attention, as well to the Words, and Descriptions in the Patents and Grants themselves as to antient Possession, and the Allegations and Proofs suggested & produced upon the Spot. The stating of all which we conceived to be unnesessary and expensive, and it is therefore omitted. **But** we do hereby declare once for all, That, the **Limits** mentioned in our Survey immediately after the Grantor and Grantees Names and Date of each Patent and Grant hereinafter inserted are the **Limits** which we **Do** adjudge, assign, and ascertain for such Patent and Grant.

We begin with

* Adriaensen was born in 1600, *N. Y. Col. MSS.* i. 249, came from Veere to this country in 1631 and settled in Rensselaer Wyck, *O'Cal. N. N.* i. 434. For the terrible massacres of 1643 he was greatly responsible. The accusation of this was more than he could bear, and armed with a cutlass and pistol he one day rushed up to the Director-General and said, "What devillish lies are these you have been telling of me," at the same time attempting to shoot. He was seized and committed to prison. *O'Cal. N. N.* i. 273. In March 1643 he was sent in irons to Holland for trial. He returned and obtained a patent for Awiehaken. It is well to note that all confirmations of the Dutch grants were made by Patent signed by the Governor and major part of his Council and under the seal of the Province. Preceding such patent, however, was a warrant signed in the same manner, directed to the Surveyor General who made his return of the survey. Both survey and patent were recorded by the register. This system continued until the surrender, when the governor ceased to be an officer of the proprietors and they no longer had control of the great seal.—*Nixon's Digest,* 838.

holders of Bergen granted to him "full power and authority to Build erect and set up on the Water Run of Wiehaken a saw and Corn Mill." He was not to cut any trees within 200 Rods of the upper fence by Espatin, nor within the same distance of the lower fence of Wiehaken, and was to keep only three cows, for which he was to pay to Bergen six guilders a head, and for horses nine guilders, "which horses are to be working horses and none other without consent."

By his will, dated May 7, 1707, proved April 19, 1711, he left his real estate including Weehawken to his son Samuel.

The following, in connection with this tract, will be interesting to the curious reader:

"At a meeting of the trustees of the Township of Bergen the 5th day of June 1721,

Present, John Sipp, Ruth Van Hoorne, Wander Diedricks, Hendrick Kuypers, Johannis Gerritsen, Matthias DeMott.

Stephen Bayard, the son of Samuel. inherited this lot, and by will dated January 31, 1753, proved February 9, 1757, gave it, along with the ferry grant, to his son Robert. It was confiscated as the property of William, and sold by the agent of Forfeited Estates to Jacobus J. Bogert, May 11, 1784, and by him to John Stevens, May 1, 1788.

The following is the title of the act under which this property was confiscated. Chapter CXXII.

"An Act for forfeiting to, and vesting in, the State of New Jersey, the Real Estates of certain Fugitives and Offenders, and for directing the Mode of determining and satisfying the lawful Debts and Demands which may be due from, or made against, such Fugitives and Offenders; and for other purposes herein mentioned."

> The Patent of Hobocken, granted by Petrus Stuyvesant to Nicholas Varlett Esqr. dated the fifth Day of February one thousand six hundred and sixty three and confirm'd by Patent from Philip Carteret to said Nicholas Varlett dated the twelfth Day of May one thousand six hundred sixty eight.

Our Survey whereof shews, and we adjudge it to be a **Tract** which on the Map is mark'd No. 2.[*]

[*] Nicholas Varleth or Varlet, was a man of note. The first his name appears in the records of New Netherlands is December 9, 1652. From this time his success was remarkable. October 14, 1656, having lost his wife, he married Anna, the sister of Governeur Stuyvesant, and widow of Samuel Bayard. April 7, 1657, he was appointed Commissary of Imports and Exports; April 17, 1657, he was admitted to the rights of a small burgher; April 23, 1658, became "collector," also "Farmer of Duties on Exports and Imports to and from New England and Virginia." In the same year being "an old and suitable person," he was invested with the "Great Burgher Right," and appointed "Searcher and Inspector," and "Commissary of the Company's Stores." February 27, 1660, he was sent with Brian Newton as ambassador to Virginia, "to condole the death of Gov. Matthews, to propose a league offensive and defensive against the Indians, to conclude a commercial treaty, and to request permission to enlist" men for the New Netherland army.—*N. Y. Col. MSS.*, ix. 101; was named a commissioner to agree on terms of capitulation, September 6, 1664; appointed captain of the militia in Bergen, Gamoenepan, Abasimus, and Hooboocken, October 6, 1665; on the same day a member of the court at Bergen, and on the first of November following a member of Carteret's Council. These positions he continued to hold for several years. He died in the summer of 1675.

In the patent from Cartaret, this tract is said to contain 276 acres. At what time Varlet obtained possession of it is not known, but it was previous to March, 1656, *N. Y. Col. MSS.*, vi. 347. He received a patent for it, said to contain 138 morgens, February 5, 1663.

He left two children, *Abraham* and *Susanna*. *Abraham*, born 1650; was Clerk in the Office of the Secretary of the Province in 1673, and a commissioner to administer the oath of allegiance to the inhabitants of the towns in Achter Col (New Jersey) in 1673. He left the Province in 1675; entered the Dutch East India Company's service, and afterwards died in the city jail at Ceylon. I have heard that Prof. Dodd, of Princeton, discovered a deed from him to Samuel Bayard among the Bayard papers. *Susanna* married Jan or Johannis DeForest, June 8, 1673. In a controversy which arose between the widow of Varlet and her two children in 1676, Samuel Edsell and Peter Stoutenburgh acted as agents for *Abraham*, then absent. Oloffe Stevenson Van Courtlandt, William Beekman, Francis Rombout, and Gulian Ver Planck acted as arbitrators. Their award, dated August 22, 1676, was that after satisfying the four children by her former husband, Samuel Bayard, according to the terms of their will out of Varlet's property, the residue should belong to her and the two Varlet children. *Susanna* had four children, viz.: Nicholas, born February 4, 1675; Susanna, born January 4, 1677; Sara, born April 10, 1678; and Sara, born March 12, 1680. The only one who survived the age of childhood was Susanna, who married Robert Hickman. Hickman et ux, sold Hoboken to Samuel Bayard for £500, June 19, 1711; deed acknowledged before Judge Pinhorne. He left it to his son Stephen, who by his will dated Jan. 31, 1753, proved Feb.

Beginning at the Mouth of the Creek that Parts Hobocken from Wiehaken (being the Place of Beginning also of Wiehaken Patent) and from thence running up said Creek as it runs to a stake at the Foot of the Hill (which stake stands North fifty two Degrees & a Half West Eighteen Chains and sixty three Links from the Mouth of said Creek) Then from the said stake Westerly along the foot of the Hill One hundred and thirteen Chains and a Half on a streight Line to a stake by a Creek which Parts Hobocken from the Meadows lying North of Horsimus (from which stake the said Creek runs about twelve Chains on a course South Sixty Six Degrees and a Half East) Then down said Creek as it runs to Hudson's River, then up along Hudson's River as it runs to the Place of Beginning.

The Patent granted by Philip Carterett to Ide Cornelison Van Voost dated the thirtieth Day of March one thousand six hundred and sixty Eight for sundry Parcels of Land lying at Horsimus.

Our Survey whereof shews and we do adjudge them to be two **Tracts** first a House Lot which on the Map is mark'd No. 3.*

9, 1757, gave it to his son *William*. William Bayard went to the British during the Revolution, and it was confiscated to the State. He joined the army of the King, May 1, 1777, as per inquisition made at the house of Stephen Bogert, near the Pond Church, Oct. 21, 1779. Thereupon a writ dated Jan. 30, 1784, issued out of the Common Pleas of Bergen, directed to Cornelius Haring, Agent of Forfeited Estates in Bergen County, to sell and dispose of all the land belonging to Bayard. He sold the tract in question to John Stevens, Junior, of New York, March 16, 1784, for £18,360. The deed of Haring to Stevens was dated July 26, 1784, and conveyed 564 acres. In 1804 the upland was mapped out, and the map entitled, "A Map of the New City Hoboken," made by Charles Loss. Stevens bought from John Dey 30 acres of meadow, Feb. 4, 1792, and 10 acres June 5, 1795. This was lot 133. *Vide Note to Van Purmerent's Patent* p. 7. He sold to Samuel Swartwout 327 acres of meadow, April 15, 1814. This Swartwout mortgaged to John G. Coster, Dec. 6, 1827. The mortgage was foreclosed, decree dated July 15, 1840, and Robert Van Arsdale, Master's deed, dated Oct. 24, 1840, to John G. Coster, who died seized, Aug. 8, 1844. His will dated April 9, 1842, proved in New York Sept. 6, 1844; in Hudson County, March 23, 1849.

* Gov. Stuyvesant gave to Van Vorst a "lot at Ahasimus S. W. of the wagon road," April 5, 1664.—*Land Papers* (*Albany*) *H. H.* 136. This was his home lot, and the Patent therefor was destroyed by fire. Carteret's patent adds to the original grant, and describes the two lots:

Lot No 3, lying at Haasemus on the N.E. side of Class Jansen, S.W. of the cart way in size 16 rods on the S. E. and N. W. side; 22 rods 19 feet on the N. E. side; 21 rods on the S. W. side.

Lot No. 6, between Hassemus and Jan de Lacher's Point or Neck, beginning at the little Creek, 140 rods to the Creek of the High Woodland, 100 rods in width=25 morgens.

This property was inherited by his only son Cornelius. By the will of Cornelius 3d, dated June 13, 1733, proved Aug. 15, 1753, his son Cornelius 4th, received all his real estate. From him it passed to his son Cornelius 5th, known as "Faddy." "Faddy" by will dated Sept. 19, 1814, gave to his son John the homestead at Harsimus and one half of his lands at Showhank and Slonga. To his grandson Cornelius

7th he gave "the land between Hassemus and Jan de Lacher's Hook." This devisee mapped out the property June, 1835, and since his death, Jan. 3, 1852, this land has become the finest part of Jersey City. His children partitioned in chancery Oct 16, 1869. John died seized Jan. 30, 1832, of what he received by his father's will. His land at Harsimus lay N. of Newark Ave, W. of Warren St. to Grove, then N. to South 9th, then E. to Prospect, then N. to near South 5th, then W. to De Mott's line near Grove, then N. to South 4th. * This patentee came from Purmerent, a town about twelve miles from Amsterdam. He was sometimes called Claas Jansen Van Purmerent. In 1638 he leased from Planck one morgen of land on Paulus Hook for a tobacco plantation. He was residing there in 1643. He was sometimes known by the name of Jan Pottagie, *anglicé* "Soup Johnny." His first wife was Pietersje, daughter of —— Brackhoengie, by whom he had three children. Through his wife he inherited certain lands at Gowanus. He was well versed in the Indian language, and therefore able occasionally to communicate important facts to the Dutch Government. Previous to 1656 his wife died, for on Nov. 11,1656, he married Annetje Van Vorst, daughter of Pauw's old "commander," and defendant in the *causé celebré, Cock vs. Van Vorst, New Amst. Rec.*, i. 123, 148, 449, 463. He then went to reside in "Ahasymus," and in Oct., 1664, took the oath of allegiance to the English government. He was elected Schepen for "Ahasymus" in the Bergen court, Aug. 31, 1674; took an active part with his neighbors in annoying the occupants of the Duke's Farm; was appointed by the General Assembly of New Jersey in 1682, one of the Surveyors of Highways in Bergen County, and is named in the Act, "Clause Jansen Van Sarmarant."—*Leaming and Spicer*, 257.

The Patent describes those lots as follows:

Lot No. 4, lying N. E. of the house where Jacob Stoffelsen dwelt, S. W. of Ide Cornellisen Van Voorst: in size, 20 rods on S. E. and N. W. sides and 21 rods on N. E. side.

Lot No. 7 was 25x100 rods in garden and orchard.

Lot No. 8 was a farm lot, lying N. E. of the cart way. In size it was 12 3-10 rods along the cart way, 19 rods on the E. side, 18 8-10 rods on W. side, and 17 3-10 rods on N. W. side.

Lot No. 133, lying "between Haassemus and Hoboocken," S. of a small creek, in size 30x180 rods=25 morgens; the four lots containing, as per patent, 45 acres.

These lots (except No. 133) were taken out of the West India Company's Farm. Among the patentee's children were *Cornelis*, born March 21, 1659, and *Hendrick*, born May 10, 1676. Long before his death, he abandoned the name of "Van Purmerent," and was known as "Kuyper," probably from his being a cooper. This name his children retained until his family became extinct. He died intestate, Nov. 30, 1688, and his property was inherited by his eldest son Cornelius. On June 12, 1714, Jansen's widow (who signed her name "Annetje Cornelis," though in the body of the deed named "Anna Cooper,") and her son *Cornelius* for £220 sold to her son *Hendrick* along with other lands, *vide Note to Van Ostrum's Patent*, p. 63, and *Note to Lot* 240, p. 78, these four tracts, three of which, 4, 7 and 8, were then said to contain 25 acres. Hendrick Kuyper died March 16, 1756. By will dated Sept. 16, 1754, proved July 24, 1764, he gave to his only son *Hendrick* all his lands. His daughters were *Catherine*, wife of Garret Newkirk; *Geertje*, wife of John Van Dalson; *Jenneke*, *Marytje*, wife of Roelof Van der Linden, and *Elizabeth*, wife of William Sickles. Kuyper conveyed Lot 133 to John Dey, Jan. 1, 1780, who conveyed to John Stevens, Feb. 14, 1792, and June 5, 1795. Stephens sold part of it to Jacob Newkirk, Sept. 21,

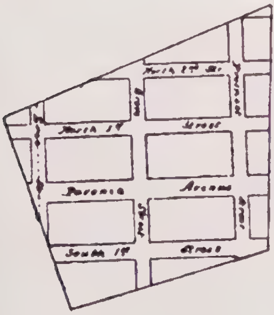
1796. Newkirk died seized, June 9, 1818. By will dated April 6, 1817, proved Aug. 26, 1818, he gave the same to his sons *Garret* and *John J.* Garret died, and the lot was partitioned between his children and John J. in 1819; they taking the S. half and he the N. half, which he sold to Henry Traphagen, May 7, 1835; by whose children it is yet owned. The other lots passed to the Van Vorst family, but how I have not learned. By the will of Cornelius Van Vorst, dated Sept. 19, 1814, proved Oct. 7, 1818, lot 8 was given to his daughter Neeltje, wife of Henry Traphagen. She died in 1826, and her husband died in 1860, leaving children *Anna V. H.*, *Cornelius V. V.*, *Hannah Maria*, wife of William G. Post, and *Henry M.* These still hold in common what has not been sold.

Kuyper died and his widow Catherine was appointed his administratrix, Sept. 4, 1783.

This diagram shows the location of lot No. 8.



Third, a Farm Lot (which on the Map is mark'd No. 8.)

The Patent of Philip Carterett to Abraham Isaacson Plank dated the twelfth Day of May One thousand six hundred and sixty Eight for a Neck of Land call'd Paulus Hook.

Our Survey whereof shews, and we adjudge to be a Tract (which on the Map is markt No. 5.)*

* The history of the title to this tract is brief. The Dutch West India Company conveyed it as per following deed:

Carteret confirmed this patent for "all of a neck of land, heretofore granted unto him by the Dutch Governor Kieft, lying and being on the West side of Hudson River, and called by the Dutch Powlus Houck, separated from Aharsimus by a small creek to have and to hold the said neck of land and meadow," &c., &c., "as of the manner of East Greenwich in free and common socage." The patentee married Maria Ross, widow, daughter of Guleyn Vigné. His children were *Abigail*, wife of Adrian Van Laer, *Geleyn*, *Catelyn*, wife of David Pietersen Schuyler, *Isaac*, *Susanna*, wife of Marten Van Waert, *Jacomyntje*, *Ariantje*, *Hillegond* and *Isaac*. Planck died about 1680. The Hook remained in the possession of his family until Aug. 2, 1699, when John Abeel, Attorney in fact of Planck's heirs, conveyed it to Cornelius Van Vorst. This deed is now in the possession of John Van Vorst. It has never been recorded. It was proved before Rynier Van Giesen, "one of his Majesties Judges," May 30, 1754. It was signed in presence of Brandt Schuyler and William Huddleston. The place remained in possession of the Van Vorst family until March 26, 1804. *Vide Note to Van Vorst's Patent*, p. 6. Then Cornelius Van Vorst sold it to Anthony Dey for an annuity of "Six thousand Spanish milled Dollars." This annuity was given in his will to his son John, who assigned it to Richard Varick, March 12, 1824. By him it was assigned to the Associates Nov. 18, 1830. Dey conveyed the tract to Abraham Varick, April 18, 1804; and he to Richard Varick, Jacob Radcliff and Anthony Day, April 20, 1804. They mapped out the place and entitled the Map "A Map of that part of the town of Jersey commonly called Powles Hook." "The Associates of the Jersey Company" were incorporated Nov. 10, 1804. To this body Varick, Radcliff and Dey conveyed the Hook, Feb. 1, 1805. From this company comes the title to the lots in old Jersey City. They were at first sold subject to a quit-rent. Only a few lots remain subject to this rent, the title to most of them having been perfected by payment of a sum in gross.

The Patent of Petrus Stuyvesant to Jacob Stoffelsen dated the Seventh Day of May One thousand six hundred and sixty four for a Piece of Land lying at Horsimus.

Our Survey whereof shews and we adjudge it to be a **Tract** (which on the Map is mark'd No. 9.)*

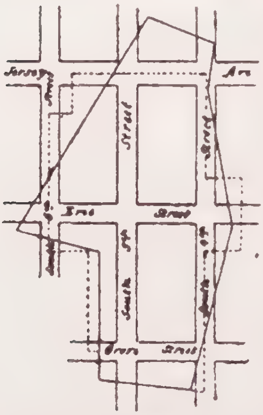
* Stoffelsen was born in 1601, *Col. Hist. of N. Y.*, i. 194, came from Zirickzee, the chief city of the Island of Schowen, and the oldest city of Zeeland, to this country at an early date.—*Powers of Atty. New Amst.* 39. In 1633 he was "Commissary of Stores," *New Neth. Register*, 30, and overseer of the Company's negroes, *N. Y. Col. MSS.*, i. 84; chosen one of the "Twelve" in 1641, *Col. Hist. of N. Y.*, i. 415; one of the "Eight" in 1645, in the same year one of the Directors' Council, *pro hac vice*, to consult on Indian affairs, *New Neth. Register*, 15. In 1656 he hired the Company's Bouwerie at Ahassimus, where he continued to reside until his death in 1677. In 1639 he married the widow of Cornelis Van Voorst, and in 1657, being a widower, married Tryntje, the widow of Jacob Walingen Van Hoorn, *Val. Man.* 1861, 648, by whom he had two children, viz., Stoffel and Jacobus.—*Ibid.* 1863, 813. In the same year he was admitted to the rights of a Small Burgher, *New Neth. Register*, 183. He was an uneducated man, but greatly respected, and of considerable influence with the Indians.

This tract was taken out of the West India Company's Farm. It was irregular in shape, but this diagram will show its location. The lines between Hiram Gilbert, its then owner, and Cole's estate were straightened, Aug. 26, 1838, by an exchange of property.



It was laid out, Sept. 20, 1677, and confirmed Nov. 10, 1677, to Casper Steinmets in right of Trintje Walings, his lately deceased wife, formerly widow of Jacob Stoffelsen, as land for a garden and orchard at Horsemus, in length 15 chains, width in the middle 5 chains, at the ends 4 chains, bounded N. by a rail fence, E. by Van Vorst and Van Purmerent, S. & W. by the West India Company's Farm, "now belonging to the Lords Proprietors"=6 acres.

At an early date Mattys De Mott became the owner, and by will, dated Dec. 13, 1755, proved June 8, 1756, gave it to his sons Michael and Joris, who held as joint tenants. Michael married Claesje Winne, but died Nov. 16, 1799, intestate, and without issue. His widow, by will dated the May 17, 1787, proved Jan. 27, 1789, gave to the children of her brother John Winne one-half of her property, and the other half to the children of her brother Levinus. What realty passed by her will I do not know. George died Sept. 9, 1800, unmarried. By will dated April 5, 1794, codicil Aug. 26, 1800, proved Oct. 9, 1804, he gave to Michael, son of his brother Hendrick of Pompton, all his real estate in the Township of Bergen.

This devisee died seized, May 27, 1832. By will dated May 10, 1831, proved May 19, 1845, he gave this tract to his children, *Garret, George, Jane* the wife of Peter Merselis, *Margaret* the wife of Richard Vreeland, *Maria* the wife of James Cadmus, *Catherine* the wife of Richard Cadmus, and *Henry* (dead before his father, leaving two sons, *Henry B.* and *Michael H.*, and three daughters). These heirs and devisees by five several deeds in 1835, conveyed the same to Hiram Gilbert, Cyrus S. Browning, and Caleb E. Draper. By several deeds in 1838 the title passed to Gilbert, who mapped it out. *Vide Note to Harmensen's Patent*, p. 50. *Note to Post's Patent*, p. 23.

The Patent of Philip Carterett to Petrus Stuyvesant dated the thirty-first Day of July One thousand six hundred and sixty nine for a Piece of Meadow at Horsimus.

Our Survey whereof shews & we adjudge it to be a Tract (which on the map is mark'd No. 10.)[*]

Beginning at a stake standing on the East side of Horsimus Creek (being South eighty nine Degrees and twenty Minutes East Eight chains and ninety Links from the Northwest Corner of Ide Corneleson Van Vost's Farm Lot mark'd on the Map No. 6); And from the said stake runs South forty six Degrees and thirty Minutes East One Chain & sixty Links to the Upland, Thence North fifty two Degrees and twenty Minutes East three Chains and twenty one Links along the Upland, Thence North sixty five Degrees east Eight Chains and eighty Links along said Upland, Thence South forty seven Degrees east One Chain and Eighteen Links across a Ditch to the Head of a small Creek, Thence down the said small Creek as the same runs to where the said Creek empties into the first mentioned Horsimus Creek, Thence down the same as it runs to the Place of Beginning.

The Patent of Phillip Carteret to Claess Comptah (alias Claas Pieterson Cors) dated the third Day of June One thousand six hundred and seventy One for a Parcell of Upland and Meadow lying at Comunipan.

Our Survey whereof shews and we adjudge it to be a Tract which on the Map is mark'd No. 11.[†]

[*] "A lot of Meadow N. of the upland Hahasemes, butting on the W. side of Communipaw Creek, N. and E. side by a small creek,=4 morgens, 288 rods." This was Governor Stuyvesant. The tract lies S. of Newark avenue, at the foot of the hill, and N. of the Point of Rocks. The title seems to have descended until we find it in Peter Stuyvesant in 1764. He died Aug. 10, 1770. By will dated July 7, 1767, proved Sept. 29, 1770, he gave all his realty to his son Peter, whose will was dated Nov. 20, 1821; proved Jan. 9, 1822. It is probable that he disposed of it during his lifetime. *Vide Note to Varlet's Patent*, p. 62.

Was this an original patent, or had the governor some private claim to it previous to the surrender? Again, have these Stuyvesants been recognized as among the governor's descendants? I think not. Who, then, was the *Petrus Stuyvesant* of 1764, and how came he by the land as well as the name?

This patent calls for 182 acres, beginning " at ye Corner of his House Lott, running along ye Highway 200 Rodds to a black oak burnt stump, thence N. 30 chains, N. It was afterwards owned by the Brinkerhoffs. *Vide Hartman's 1st Patent*, p. 11. This is a part of the tract given to Jan Evertse Bout by the Dutch West India Company, and by him sold to the patentee prior to 1657; for on Jan. 23, 1657, Cos pledged it as security for the support of his daughter by his first wife, "to teach her reading & writing, sewing & some trade & give her 200 florins out of her mother's estate." Cos paid to Bout 1,444 guilders for the tract. By a survey made by James Alexander, Feb. 15, 1723, the "black oak burnt stump" was found to be 26 rods beyond the 200 rods named in the patent. In this survey the place is called "Pannonia alias Communipan." Cos's second wife was Grietje Maes, widow of Claas Teunissen, whom he married Dec. 31, 1656. By her he had no children, and at his death his property went to *Maritje*, his only child by his first wife, Neeltje Engels. *Maritje* married Gerbrand Claesen, the founder of the Garrabrants family, Aug. 2, 1674. He died intestate June 19, 1703. She died October, 1714. By will dated Jan. 7, 1714, proved Feb. 3, 1715, she gave this tract to her sons *Cornelius* and *Myndert*; Cornelius taking all east of a line not far from Pine street, and Myndert all lying west of that line. We will first trace the share of Cornelius.

Cornelius, by will dated Feb. 13, 1767, proved March 4, 1774, gave all his lands to his son Cornelius, who, by will dated April 16, 1814, gave this tract to his sons *Cornelius* and *Peter*. Cornelius took the N. part, bounded S. by the narrow meadow extending from the present engine-house of the Central Railroad Company, W. to about Pine street. Peter took that part lying between said meadow and Communipaw avenue.

Peter sold 11½ acres to Garret Van Horne, March 20, 1822, bounded N.W. by Myndert Garrabrants, N.E. and S.E. by Cornelius Garrabrants, S.W. by Communipaw road.

Van Horne died intestate, and the lot was partitioned among his children, viz.: *Margaret, Hartman V.* and *Garret*, Aug. 14, 1848, and in 1856 sold to William Keenney and John R. Halladay. The balance of Peter's lands (except the house lot on the shore) he sold to his brother Cornelius and John Van Horne, June 8, 1821. These grantees resold to Peter. He sold 16 76-100 acres lying N. of Communipaw avenue, and E. of Garret Van Horn, to Jane, widow of Cornelius Garrabrants, March 20, 1822. Cornelius left one child, *Jane*, who married Cornelius Van Horne. She inherited and yet owns the most of her parent's estate.

Myndert died May 5, 1781. By will dated Oct. 10, 1772, proved May 28, 1783, he gave to his son *Garrabrant* the use of one-third of his farm for life. The

rest of his land, with the remainder in this tract he gave to his son *Myndert*. Garrabrant died March 29, 1791. Myndert 2d (generally known as Myndert 1st), had three children, *Trintje*, wife of Garret Van Horne; *Hannah*, wife of Michael Vreeland; and *Myndert*. To his two daughters he gave the land between Van Horne street and the Mill Road and Brinkerhoff's land, and N. of Communipaw avenue. This deed was dated June 10, 1805. The grantees partitioned; Van Horne getting that portion lying between Van Horne street and the lane leading to the zinc works, and Vreeland all between that lane and the old mill road and Brinkerhoff's land. The deed of June 10, 1805, extended the boundaries N. of Communipaw avenue, a sufficient distance to include 30 acres. On a division of the lands between *John G.* and *Myndert*, sons of Garret Van Horne, April 14, 1838, Garret's part of this tract went to Myndert.

Myndert Garrabrant 2nd sold the balance of his property to his son *Myndert* 3d (generally known as Myndert 2nd), Aug. 20, 1805. Myndert 3rd sold in trust for his son *Myndert* 4th (known as Myndert 3d), all his property, including his share of the tract in question, and a lot at Slonga to his father-in-law, John Van Houten, and brother-in-law Helmigh Van Houten, Aug. 10, 1807. This deed was set aside in Chancery, Sept. 9, 1803, and another executed in accordance with the Decree, March 15, 1809. On Aug. 14, 1835, Myndert 4th sold to Merselis J. Merselis 15 or 16 acres in the N. end of the patent, lying in the meadow S. of the N. J. R. R. near the Point of Rocks. He conveyed all his lands and meadow at "Swane Punt" to John G. and Mindert Van Horne, Feb. 9, 1837. (I think this conveyance was in trust.) The same was partitioned between Effie Van Buskirk and Mary Elizabeth, afterwards wife of Charles G. Sisson; report confirmed June Term, 1845. Myndert 2d died Sept. 20, 1814. Myndert 3d died Sept. 3, 1846. Myndert 4th died May 1, 1837, leaving two children, *Effie*, wife of James Van Buskirk, and *Mary Elizabeth*, wife of Charles G. Sisson. To these two John Van Houten, et al. conveyed, May 17, 1852, according to the provisions of the trust deed of March 15, 1809. They partitioned, June 25, 1853. Van Buskirk et ux. sold to Keeney and Halliday, April 29, 1856, and this purchase with the land bought of the heirs of Garret Van Horne was laid out into lots in 1856, and the map entitled "Map of Lafayette." The most of the land which fell to Mrs. Sisson lay at Swane Punt, and was sold by Jacob Weart, her trustee, in 1870. She died in 1871. *Vide Price vs. Sisson*, 2 *Beasley*, 168.

[*] This patentee lived in Pearl Street, N. Y., but never in this county. He was a baker by trade, hence his name—Claes Jansen de Backer. He married Annetje, the sister of Fitje Hartmans named in the next Patent.

Lot No. 12 was upland, extending from the junction of Communipaw Ave. and the Bergen Point Plank Road, N. E. 120x200 Dutch rods=40 morgens. For this he received a Patent Nov. 27, 1654. *Land Papers (Albany) H. H.* 26.

Lot No. 13 was 30x140 Dutch rods=7 morgens, lying behind Swane Punt, and along the foot of the hill N. of Hudson Ave.

This lot was included in the gift of the Dutch West India Company to Jan Evertse Bout, and in his deed to Michael Jansen. *Vide Note to Hartman's 1st Patent*, p. 11. Jansen's widow, Fitje Hartmans, sold it to de Backer, Dec. 20, 1667. In this deed was a clause that the grantee should not alienate without giving the grantor the preference of repurchasing. De Backer sold the whole tract to Hendrick George, May 30, 1677. My opinion is that the grantee was none other than Hendrick Joris (*anglicé* George) Van Blinkerhoef. He conveyed it to his son *Cornelius*, Feb. 24, 1708, who by will dated Sept. 22, 1755, proved Oct. 25, 1770, gave to his son *Hendrick* these lots and a farm at "Pembrepog," also all his lands in the township.

Hendrick was a bachelor. By will dated Sept. 22, 1792, he gave to Hendrick, son of his brother Hartman, the lots in question; also a wood lot at Slonga, the Cedar Swamp and meadow at Secaucus; land and meadow near Brown's Ferry; a lot of woodland at Bergen Point, and the woodland and meadow adjudged to him for the Patent of Secaucus, at a place called the Maize Land. This devisee had one son, *Hartman*, who died before his father, leaving three sons, *Henry*, *Cornelius*, and *John*. By Hendrick's will, dated Feb. 12, 1834, proved March 28, 1838, he gave to his grandson Henry the farm at Communipaw (in Hartman's first Patent) and a strip through this lot adjoining E. side of Monticello Ave., and to his grandsons Cornelius and John he gave the remainder of the tract in question.

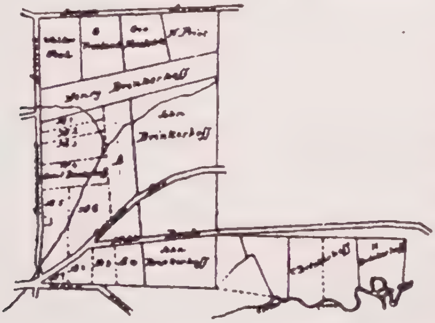
The first **Patent** of Phillip Carterett to Fytje Hartman dated the twelfth Day of May One thousand Six hundred and sixty Eight, for a Tract of Land lying at Comunipan.

Our Survey whereof shews and we adjudge it to be a Tract (which on the Map is mark'd No. 14.)*



This diagram will show the division and what was sold of Lots No. 12 and 13. Henry sold his share of the "bush lot" to David B. Wakeman May 1, 1852. The division among the brothers being imperfect, a decree in chancery was obtained in 1852, confirming the same. Aaron Tuers owned a house lot in the S. side of Cornelius' share. Cornelius died seized and intestate June 13, 1851. His executors sold 6 92-100 acres out of the N. side of his share W. of Palisade Ave. (marked A) to Bernhard Vetterlein. This sale was confirmed by the Orphan's Court, Oct. Term, 1857. The residue was divided between his two children *Cornelius* and *Eleanor C.* (now wife of Wm. H. Speer). Cornelius took Nos. 2, 3, 6, 8, 9. Eleanor C. took Nos. 1, 4, 5, 7, 11.

This partition was made in 1857, by commissioners, report confirmed Oct. Term, 1857.

Out of the N. W. corner of the tract adjoining the school lot Henry Brinkerhoff sold to Casparus Prior, June 29, 1829, 4 32-100 acres. This on a partition of his estate fell to his grandson Michael, who sold to Jacob M. Merselis. *Vide Note to Varlet's Patent*, p. 62. About the same date he sold the front along Bergen Ave. to other parties. These sales included all the land between Bergen and Monticello Aves.

* This lot was a part of the farm sold by Jan Evertse Bout to the patentee's husband, Michael Jansen, for 8,000 Florins, and for which a deed was given Sept. 9, 1656.

Bout's title came by the following Patent. I give a translation; the original is in the possession of John C. Van. Horne:

"We William Kieft, Governor General and Council under the High and Mighty Lords, States General of the United Netherlands, His Highness of Orange and the Honble. the Directors of the authorized West India Company, residing in New Netherlands, make known and declare that on this day here underwritten, we have given and granted Jan. Everse Bout, a piece of land lying on the North River westward from Fort Amsterdam, before these, pastured and tilled by Jan Everse, named Gamoenepaen and Jan de Lacher's Houck, with the meadows as the same lay within the post and rail fence, containing eighty-four morgens.

In testimony whereof is these by us signed and with our Seal confirmed in Fort Amsterdam in New Netherlands, the which land Jan Everse took possession of in Anno 1638, and began then to plow and sow it.

WILLEM KIEFT,
By Order of the Honble. Gov'r Genl
[L. S.] and Council of New Netherland.

CORNELIS VAN TIENHOVEN, Sec'y."

No date appears in the deed, but it must have been given about 1641. It was a free gift to him from the Company. Jansen bought about 1647, and paid for his purchase in installments. He and Bout agreed concerning the balance due, June 9, 1655, and it was not until the whole consideration was paid that he received his deed. The tract lay S. of Communipaw Ave. and extended to the creek which yet empties into the bay on the S. side of the Abattoir. The Patent called for 107 acres. The patentee died seized Oct. 17, 1697.

By will she left all of her lands to her children, *Elias, Enoch, Johannis, Hartman, Cornelis, Jannetje,* and *Pryntje.* These partitioned, June 26, 1701, but owing to the uncertainties of the boundaries it is impossible to give the location of the several allotments.

Enoch Vreeland, son of the above-named Enoch, sold, May 7, 1710, to Rutgert Van Horne, then living at Pembrepogh, a lot at Communipaw, but where located, or of what size, is not stated. But it seems to have been the allotment of Enoch in the general partition, and by him sold to his son. The consideration in the deed of Enoch to Van Horne was *one pepper corn,* when demanded by his father Enoch Michielse of Pembrepogh. Jannetje married Dirck Teunissen Van Vechten. Her son Michael sold to Rutgert Van Horne (then living at Communipaw) April 14, 1715, the portion which in the division fell to his mother. It is described as "extending up to the Brook commonly called the Off-fall, then through the meadow along said Brook to Grawss Point." This I take to be the tract on which John G. Van Horne recently lived.

Elias died seized of his lot obtained in the general partition. The children, *Michael, Jacob, Fitje,* wife of John Thomas, of Elizabethtown, and *Rachel,* sold the same, together with a house lot and other lands, to Lawrence Van Galen, June 24, 1707. The deed limited the fee to the grantee, his wife, and the heirs of their bodies. He sold the same to Rutgert Van Horne, March 24, 1710. His children, *Catherine* wife of ——— Loofborrow, and *Margaret* wife of Thomas Hadden, quit-claimed their interest therein to George Ross, of Elizabethtown, and Isaac Ogden, of Newark, Feb.

27, 1764. On the 22d day of May following, Ebenezer Foster and Catherine Loofborrow sold the same to John Van Horne.

Pryntje married Andries Claesen, and had three sons, *Michael*, *Abraham*, and *Claas*, who inherited their mother's share in the partition. Michael and Abraham sold their interest therein to Claas, who sold to Rutgert Van Horne, Aug. 29, 1721, the "House, home lot and garden on the W. side of the road," also land and meadow, "beginning at the road on the N. W. bounds of Cornelis Michielse, and so along said bounds to the great Creek, then along said Creek to stones laid by said Claas and Cornelius Hendricksen Van Blinkerhoff, so along said Stones to the road, then along said road to the Beginning."

These several deeds seem to me to vest in Rutgert Van Horne title to all the land S. of Communipaw Ave., from Brinkerhoff's line on the E., to the Off-fall brook on the W. By Van Horne's will, dated June 6, 1740, proved June 8, 1741, he gave to his only son *John* all his lands at Communipaw. John, by his will dated Dec. 6, 1757, proved Dec. 29, 1757, gave to his son *John* the same lands. This devisee, by will dated Sept. 22, 1786, proved Jan. 23, 1787, gave the same to his two sons, *John* and *Garret*, except the dwelling-house which he gave to his son *John*. Garret died seized April 7, 1808, leaving his property to his two children, *John G.* and *Myndert*. These two and their uncle John partitioned Dec. 13, 1827, they taking the land lying adjoining the Off-fall, and he the land lying between their tract and Washington Ave., and what lay in the rear of Brinkerhoff's land. In a partition between John G. and Myndert, April 14, 1838, John G. received most of the land left to them by their father lying in this Patent adjoining Communipaw Ave., and Myndert a lot S. of John G. John (the uncle) died Aug. 29, 1843. By will dated Aug. 12, 1843, he gave his property to his son *John*, and grandchildren, *Agnes* wife of Garret Van Horne, and *Jane* wife of Peter V. B. Vreeland, children of his son *Peter*. John took the land lying east of John G. Van Horne, and extending from Communipaw Ave. S. Jane took what lay S. of John and W. of Washington Ave. Agnes took what lay S. of Brinkerhoff and E. of Washington Ave. Jane died seized in 1871. Agnes sold to James Stevens, William W. Edwards, and Andrew McKnight.

Lawrence Van Galen sold to Cornelius Blinckerhofe, May 22, 1710, a house lot on the S. W. corner of Communipaw Ave. and the Bay. It remained in the family until Jan. 5, 1831, when Henry sold it to Nicholas J. Prior. The Brinkerhoff lot was bought at an early date. It was sold by Hendrick to his son *Cornelius*, Feb. 24, 1708, and was then bounded N. by the "wagon or cartway of Gemonipa, E. and W. by Fitje Hartmans, and S. by the creek "behind the Swan's Point." Cornelius, by his will dated Sept. 22, 1755, gave this lot to his son *Hendrick*, who devised it to his nephew Hendrick, who devised it to his grandson Henry, who died seized, leaving one son, Garret. *Vide Note to De Backer's Patent*, p. 10.

Paul Douwesse sold to Rutgert Van Horne, May 18, 1702, a lot on the shore—15 morgens, S. W. of Cornelius Vreeland. Michael Vreeland, of Stony Point, sold to Johannis Vreeland, of Communipaw, July 1, 1771, in exchange for land on "Rackpogas," the land in the rear of the house lots from the avenue down to the creek, as per deed of June 26, 1701. Of this Johannis died seized and intestate. It was inherited by his only child Antje, wife of Johannis Van Wagenen, of Teaneck, who sold 12¾ acres to John Van Horne, Dec. 7, 1790. *Vide Note to Lot* 303, p. 133. This I take to be the

The second **Patent** of Phillip Carteret to Fytje Hartman, dated the twelfth Day of May, One thousand Six hundred and sixty Eight, for a Tract of Land lying behind Communipan.

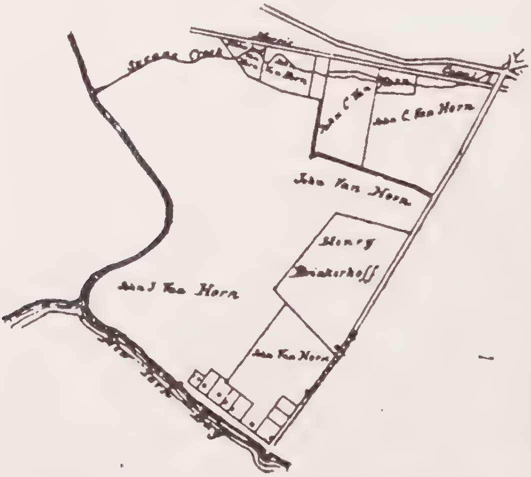
land bought by the New Jersey Stock Yard and Market Company of Jacob Van Horne in 1866. Abraham Sickles (who married an Outwater) sold to Peter Garrabrants, May 1, 1811, 3 4-100 acres in the rear of the Communipaw lots, being one-half of what was allotted to the heirs of Guilliam Outwater. The heirs of Lozier sold to John Van Horne 6 35-100 acres W. of Brinkerhoff's lot, E. of Outwater, and S. of Communipaw Ave., April 28, 1817, and to Garret M. Vreeland 5¼ acres and 28 perches of meadow S. W. of Van Horne and Brinkerhoff, April 2, 1817.



The village of Communipaw--older than Bergen—lies within this Patent. A number of small lots on the shore were sold to different persons, who here huddled within the stockades for protection. Among these early owners was Dirk Claesen, the owner of Racoocus and Cavan Point. In the division of his property this house lot fell to his son-in-law, Hartman Michielse Vreeland, who left it to his son *Michael*, who left it to his son *Claas*, who left it to his grandsons *Nicholas* and *Garret*. Garret took the S. W. half and sold to David Bush, May 15, 1820, and Nicholas took the N. E. half, and sold to Daniel Welsh, Nov. 16, 1822. *Vide Note to Claasen's 1st Patent*, p. 12. It was a double house, and Bush took down his part. The part owned by Welsh is yet standing and inhabited.

* This lot was 80x200 Dutch rods=21¼ morgens. Carteret's Patent calls for 61¼ acres. It was bounded generally N. by Communipaw Lane, E. by the Off-fall

Beginning at a Stake standing on the easterly Side of a Brook which * Stake is the Westerly Corner of Claas Pieterson Corss's Patent, mark'd on the Map No. 11, and the Northerly Corner of Fytje Hartman's foregoing Patent, mark'd on the Map No. 14), And from the said Stake runs North forty nine Degrees and forty five minutes West, thirty *12

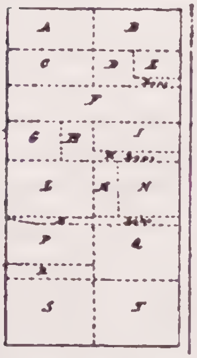
brook, S. by Bramhall Ave., W. by lots 56, 57, and 58, a little E, of the old road leading to Bergen Point. This diagram will show its subsequent divisions. It may not be accurate, but, I trust, sufficiently so for practical purposes.



Lawrence Van Galen, who married Fitje Vreeland, granddaughter of the patentee, inherited a part of the tract. His children, *Catherine*, wife of —— Loofborrow, and *Margaret*, widow of Thomas Hadden, with one Ebenezer Foster, *vide Note to Hartman's 1st Patent*, p. 11, sold to Joseph Waldron Nov. 7, 1761, a lot in the N. W. corner of the Patent, said to contain 4 192-1000 acres. Waldron owned lot A, B, C, D, and E, which was more land than called for in Van Galen's deed. It is probable that Waldron sold A. B. to John Kelly prior to 1800. Kelly sold A to Walter Clendenny, June 10, 1801, and B to John Kelly, Jr., July 20, 1815. A part of this, Kelly, Jr., sold to Benjamin F. Welsh, June 10, 1819, who sold to Stephen Garretson, Aug. 16, 1849. Waldron sold C to Cornelius Garrabrant, May 23, 1769, who, by will dated April 16, 1814, proved July 30, 1814, gave it to his sons, *Cornelius* and *Peter*. It contained 2¼ acres. Peter sold to Daniel Vreeland, May 28, 1817. Cornelius did not convey, but his only child, Jane, widow of Cornelius Van Horne, released to Andrew Clerk, June 9, 1851. Waldron sold D =1½ acres, to Daniel Sickles, June 28, 1766 (deed unrecorded). Sickles died Oct. 23, 1813. By his will, dated March 6, 1798 (unproved), he gave his property to the children of his only child, *Geertje*, wife of Michael Vreeland, viz: *Nicholas*, *Garret*, *Catherine*, wife of Henry Van Horne, *Ann*, wife of Jacob D. Van Winkle (who sold to Daniel Vreeland, June 16, 1715), *Abraham*, and *Cornelius* (who sold to Daniel Vreeland, Jan. 1, 1851). It is probable that Waldron sold E to Capt. Thomas Brown, as it was at one time in possession of his widow. who sold to Samuel Ten Eyck Gautier, Jan. 6, 1818. A colored servant of the Captain, known as Jack (John) Brown, received it as a gift from Samuel T. Gautier, Dec. 13, 1828.

Michael Hartman Vreeland, grandson of the patentee, owned part of this tract in 1764. His will was dated March 19, 1762, proved Feb. 4, 1768. While there is not in it any particular devise of his interest in this lot to his son Claas, yet it is certain that Claas claimed and was in possession of F, O, P, Q, R, S, T. By his will dated July 23, 1801, proved May 21, 1803, he gave F to his grandson Daniel, who sold to Stephen Garretson, Oct. 22, 1844. To his grandsons Garret and Nicholas, he gave P, Q, R, S, T. They partitioned, June 1, 1832; Garret taking P, R, T, and Nicholas taking Q, S.

Michael Cornelise Vreeland sold M to John Vreeland (son of Helmus), June 8, 1776. (He and John held a release for this from Michael Vreeland, of Aquacknonck, dated June 25, 1737). It is probable that John Vreeland sold it to James Collerd.

John Van Horne sold G, H, I, K to Joseph Waldron, Nov. 1, 1803. What interest Peter Stuyvesant had therein I do not know, but whatever it was he quit-claimed it to Waldron, Oct. 31, 1803. Waldron sold C to John E. Post, May 11, 1813.

James Collerd died seized, Aug. 11, 1791. By will dated Nov. 27, 1790, proved Dec. 6, 1791, he gave all his realty to his son John, who sold L to Post, April 4, 1776 nine Chains to a Stake (standing in the Line of the Lot of Jacob Luby mark'd on the Map No. 56) being the West Corner of a Lot in Nicholas Jansen Baker's Patent, mark'd on the Map No. 12; And from said Stake runs South thirty five Degrees West Sixteen Chains and fifty Links to a Stake, Then South forty nine Degrees and twenty Minutes East forty two Chains and eighty four Links to the Brook or Creek first mentioned, Then up the same as it runs to the Place of Beginning.

The first **Patent** of Phillip Carteret to Dick Claasen, dated the twelfth Day of May, One thousand Six hundred and sixty Eight, for a Tract of Upland and Meadow called Kewan.

Our Survey whereof shews and we adjudge it to be a Tract (which on the Map is mark'd No. 16.)*

Garret Vreeland sold O to Post, March 21, 1823. Post sold G, L, O, to Dr. Valentine Mott, July 19, 1826. Waldron sold H to Mott, Aug. 7, 1827, and I, K, Feb. 3, 1830. Mott sold G, H, I, K, L, O to Sarah Munns, Feb. 6, 1835, who sold G, H, K, L, O to Robert L. Smith, Oct. 15, 1835. Munns sold I to Mott, Jan. 1, 1850, and Mott to Jeremiah Jackson, Jan. 12, 1850. John Collerd sold M, N, to Jacob G. Outwater, April 1, 1810, who sold to Peter Van Horne, May 15, 1824, who sold to Robert L. Smith, April 20, 1836. Garret Vreeland sold P to Smith, Aug. 10, 1836. Smith sold G, H, K, L, N, O, P, Q to Jacob Brinkerhoff, May 1, 1843, who sold G, H, L, M, O, P, and half of K, to Jeremiah Jackson, June 10, 1844.

* This patentee after the death of Teunisen received a lease from Kieft of Hoboken, in about 1646. He shortly after abandoned it. *Col. Hist. of N. Y.*, i. 329. He was at one time skipper of the Sloop *Union*, from which he was dismissed April 20, 1658, for disobedience of orders. *N. Y. Col. MSS.*, viii. 851. He was one of the commissioners to fortify "Gemoenepa" in 1663. *New Neth. Reg.* 159.

The first grant of this tract was from Gov. Kieft to Egbert Woutersen, a soldier in the service of the company, and the old occupant of Jan de Lacher's Houck, May 10, 1647. *Land Papers (Albany) G. G.* 16. It was then known by the Indian name Apopcalyck, and "extended from Dirck the paver's Kil to Gemoenepaen or Jan Evertz Kil." It is probable that Claasen purchased it from Woutersen. In Carteret's Patent it is called Kewan, and its boundaries begin at the mouth of Sycan's Creek, which was the probable intention in Kieft's Patent. It included all the upland and meadow S. of Communipaw Creek and E. of Sycan's Creek=141 acres. The N. part was known as Reckpokus (now Raccocus) and the S. part as Kewan (now Cavan Point).

Claasen's full name was Dirck Claasen Braecke. He had three daughters, viz: *Maritje*, who married Hartman Michielse Vreeland, *Claetje*, who married Johannis Michielse Vreeland, and *Metje*, who married Cornelis Michielse Vreeland. Dirck Claasen died seized, March 26, 1693. His daughters inherited his property, and with their consent the same was divided among their husbands, Sept. 1, 1696, as follows:

Hartman received the part beginning in the "meadow in the byte by a poynt commonly called fish point at a small creek as it is staked out up to the upland of the island where it is divided by a fence, and running over said Island into a certain pond a little way from said Island, and from thence something S. to the E. edge of the great Kewan, and from thence W. to the river side, then E. and N. along said river side to the Beginning." Hartman's widow for £450, July 13, 1723, sold to her youngest son Michael Hartmanse Vreeland, the same tract, including the "Home

Beginning at the Mouth of Sycan's Creek, lying Northwest of Kewan Point (which Creek is the Northeasterly and Northerly Bounds of the Piece of Meadow in the Patent of Dick Sycan, mark'd on the Map No. 18); and then up along the said Creek the several courses thereof as it runs to the Southermost Point of Hendrick Tunisess Meadow, mark'd on the Map No. 73; Then Easterly along a Ditch and small Creek (which is the Southerly Bounds of Fytje Hartman's Patent, mark'd on the Map No. 14), to the Mouth thereof on Hudson's River or York Bay; Then Southwesterly round said Kewan Point; Then Northwesterly to the Mouth of the first mentioned Creek, the Place of Beginning.

The Second **Patent** of Phillip Carteret to Dick Claasen, dated the twelfth Day of May, One thousand Six hundred and sixty Eight, for a Tract of Land called Stony Point.

Lott, Farme and Farme House, wherein she now lives called Reckpokus." Michael by will dated March 19, 1762, proved Feb. 4, 1768, gave the same "on the south side of Regpokes Island" to his son Nicholas. Nicholas by will dated July 23, 1801 proved May 21, 1803, gave to his son Stephen the whole of his land lying upon the Island Right-Coakkuss. Stephen died Aug. 31, 1865. His interest in this tract he had previously given to his sons *Nicholas S.* and *Stephen B.* The balance of his lands he conveyed to Mundet Van Horne June 25, 1858, in trust to be divided in accordance with his will previously executed. He executed another will Oct. 8, 1860. Controversies arose among his heirs after his death, and compromise was effected March 27, 1866.

Johannis received by the following description: The N. side is divided from the S. side in manner aforesaid until it come to the water side or river, thence W. and N. W. and sometimes N. along said river side and great (Sycan's) Creek to a small creek emptying into the great creek over against the brook or fall emptying into the great creek by Enoch Michielse's Stony Point.

* This Patent calls for 59 acres 4 perches. It extended from Sycan's Creek, 100 rods W. to a Great Swamp (Ocean Ave.) In the division of Dirck Claasen's lands, as mentioned in the note to the preceding Patent, this tract was allotted to Cornelius Michielse Vreeland by the description: "The wood or bush land is divided from the other two parts; on the S. W. by Enoch Michielse, W. and N. by the Commons, with the upland and meadow = 25 morgens, to which is added a piece of meadow beginning at a small creek over against the brook of Enoch Michielse's Stony Point, and along said creek, runs to the Edge of the Island, and along said Island until it comes to the bounds of Fitje Hartman's at the dam or double ditch, and so along her lands as far as it reaches." This is lot 73. *Vide Note to Hartman's First Patent,* p. 11, and *Note to Teunise's Patent,* p. 54. The "Stony Point" here referred to, is the bluff on which Garret R. Vreeland now lives, where the Central R R. crosses the Morris Canal. The tract was inherited by Cornelius's son *Michael,* who owned it in 1764. From him it went to his younger son *Johannis.* He by deed, Dec. 18, 1795, gave to his son Michael the west half of his farm = 40 acres, and on April 25, 1820, gave him the whole of it, with all his land at Raekpokus and the salt meadow belonging to the farm, and his wood lots at Slonga (204, 301). By his will dated Nov. 20, 1817, proved Sept. 27, 1823, he gave to his son Michael all his lands in the township. Michael, by will dated Oct. 30, 1824, proved March 18, 1828, gave the S. third of his

farm to his son John M. The other two-thirds he gave to his sons Myndert and Michael, who had not formally partitioned before selling to Edmund C. Bramhall in 1852. This joint tract is now known as Claremont, and bounded generally N. by Forest St., E. by the Morris Canal, S. by Myrtle Ave., W. by Ocean Ave. The share of John M. lay between Myrtle Ave. on the N. and "the brook of Enoch Michielse's Stony Point," or Richard Vreeland's line on the S. He sold the S. half of his share to Capt. George W. Howe, and it is yet held by his heirs. He gave to his son *Michael J.* 12½ acres, bounded N. by Myrtle Ave., who sold to Samuel Bostwick in March, 1859.

[*] Seickan or Sycan was a soldier in the service of the company, and for insolence was sentenced to be shot, Feb. 21, 1647. He afterwards was pardoned and became a farmer, and lived in N. Y. in 1664; was admitted to the rights of a small burgher, April 26, 1657.

This lot consisted of two tracts; 1st, beginning at a creek coming out of the woods (this was Straatmaker's creek a little N. of the line of Chestnut Ave. in Greenville), extending 100 Dutch rods up into the woods (to Ocean Ave.), and 300 rods along the river = 50 morgens; 2d, a lot adjoining on the W. N. W. and N. E. to the creek still coming from the swamp and emptying into the Morris Canal by Enoch Michielse's Stony Point = 15 1-6 morgens. Dirck Straatmaker was the owner of this tract previous to 1643. He probably had his house on the bluff by the Central R. R. bridge, from which point he could see the field of the Communipaw massacre, where he was slain in February of that year. After his death the land probably reverted to the Dutch West India Company. It was given by Gov. Stuyvesant to Dirck Sycan, June 16, 1654. He sold it to Enoch Michielse Vreeland, Feb. 13, 1679, for 4,900 guilders. There must have been some claim, however, set up by the heirs of Dirck Straatmaker, for on March 18, 1698, Vreeland obtained from Jan Dircksen Straatmaker, the son of Dirck, a quit-claim of all his interest in the tract, for £20. The tract was known by the Indian name *Najacksick* or *Neyonsick*, to which sometimes was added "*alias* Pembrepogh."

Vreeland, by will dated April 12, 1715, proved April 9, 1720, gave the tract to his

sons *Jacob* and *George*. His widow, Aagtje, gave to Jacob and George a deed for the same, bounded S. W. by Andries Van Buskirk and up to near "Stoon Pint," while to her sons Elias and Benjamin she gave 320 acres on the Raritan River, June 12, 1731. George's will, dated May 4, 1793, proved Aug. 14, 1795, he gave to his son John the S. W. half of the tract = 149 acres 3 roods 33 perches, which John afterwards by will gave to his nephew, Col. Jacob, son of Garret, by whom it was in part sold to the New York Bay Cemetery Company. He also conveyed the old homestead E. of the Canal to Benjamin H. Broomhed, April 16, 1849. After several transfers the same came to Geo. W. Howe, by four deeds, in Oct. and Nov., 1854. Howe conveyed the S. corner to Clement D. Hancox, Dec. 1, 1860 and July 7, 1863; he to Joseph W. Hancox, Jan 11, 1866; he to Elizabeth G , wife of John N. Harriman, Aug. 25, 1868. Garret received the N. E. half of the tract = 165 acres 2 roods 33 perches. By will Garret gave to his son *Jacob* that part which lies S. of Woodlawn Ave.; the balance he gave to his sons *George* and *Richard*.

Jacob sold to Matthew Armstrong, April 1, 1836, 16 acres S. of Woodlawn Ave., and 6 acres to Abraham Becker, Nov. 12, 1839, lying S. of Armstrong, part of which Becker sold to Henry D. Van Nostrand. George took the N. E. part which he sold to his brother Richard, July 22, 1833, who still owns what he took under his father's will and what he bought from his brother George, extending from Woodlawn Ave. to the N E. bounds of the Patent; except a small lot E. of the plank road, sold to Geo. W. Robeson, now owned by the heirs of Matthew Armstrong.

*The Patent calls for 170 Acres. The first owner was Barent Jansen. This fact is recited in the Norman's Patent *Land Papers* (*Albany*) *G. G.* 197. Claas Carstensen the Norman (sometimes called Van Sant) after Jansen's death, received a

grant for it, May 25, 1647. He was a soldier in the service of the company. It is not known if he purchased from Jansen, or if Jansen abandoned it. It then contained 50 morgens. The Norman sold it to Jan Vinge Jan. 19, 1655. Vinge sold it to the " Virtuous Annetje Dircksen, widow of Pieter Cock," who owned it in 1662. *Register of Van Der Veen, N. Y.* 34. It is probable that she sold it to Lawrens Andriesen, who added to it 18 morgens as mentioned in his patent, It was probably added to by previous owners, so that with the 18 morgens, it now contained 170 acres. It was the first tract going S. which extended from bay to bay on which it lay "elbow ways." This peculiar position was caused by the course of Straatmakers Creek to which the lines of the several Patents from this point S. were made to conform. Streets have been laid to suit property lines, property lines were laid to suit Straatmakers Creek, hence the absence of right angles—all of which it may be well for " Map Commissions" to bear in mind.

By Andriesen's will dated Aug. 29, 1679, his sons *Pieter* and *Thomas* received this tract. In what manner Thomas' interest became vested in Pieter I do not know, but Pieter became the sole owner, and by will dated Jan. 20, 1735, proved Sept. 8, 1738, left it to his sons *Lawrence* and *Andries*. I find a deed from Andries Van Buskirk to Michael Andriesen of Communipaw, dated March 12, 1718, for a small lot adjoining Gerrit G. Van Wagenen, described as bounded at the middle by the division fence. By the same description Andriesen sold it to Cornelius Brinkerhoff by two deeds, March 1, 1729, and June 30, 1740. Whatever passed by these deeds lay within this patent and Brinkerhoff yet owned it in 1764, *page* 143. When or how the title thereto passed out of Brinkerhoff I have not discovered. Andries released to his brother Lawrence his interest in the farm, Oct. 14, 1723.

The date of this deed seems to indicate that the two brothers owned the farm prior to their father's will, probably by gift. The father lived at Constable's Hook. This deed was proved before Robert Lettis Hooper, Chief Justice of New Jersey, April 7, 1731.

Lawrence died, seized Dec. 13, 1752, leaving him surviving five children, viz: *Cornelius*, *Metje*, wife of Johannis La Grange, *Jannetje*, wife of Jacob Van Horne, *Fitje*, wife of John Roll, and *Anna*, wife of Thomas Brown. By his will dated Nov. 7, 1750, codicil May 27, 1752, proved April 22, 1753. Cornelius received all his father's real estate. He died, seized Feb. 4, 1754, intestate and without issue. His four sisters inherited the tract in question in common. But Mrs. Brown being then dead her interest had passed to her only child Lawrence.

Thomas Brown bought the interest of Metje, March 13, 1757. from her two children, *John* and *Fitje*. Jacob Van Horne et ux. sold an undivided quarter to George Vreeland, April 1, 1758. This quarter was afterwards located next to his own land and lay between the " middle of the mouth of Straatmaker's Creek " and the present Chestnut Ave. A deed for this purpose was given to Vreeland by Thomas Brown et ux., and John Roll et ux., June 5, 1758. It was said to contain 85 acres and extended from N. Y. Bay, 95 chains to Swampy Creek. This quarter east of the new Bergen road, went to John Vreeland under his father's will. *Vide Note to Sycan's Patent p.* 13, and from John to his nephew Col. tition of Feb. 5, 1796, *Vide Note to Lot* 212 *p*, 86. By Garret's will this was left to his sons *George* and *Richard*, who held in common until they sold to Samuel C. Nelson. John Roll et ux. took the quarter adjoining S. W. the quarter sold to George Vreeland. He died Feb. 2, 1761, and his widow married Andries Segaerd, a mariner. By will dated July 14, 1784, proved April 7, 1801, Fitje Segaerd gave this property to her grand daughter, Mary, wife of Thomas Cubberly, for life and after the testatrix's death to Cubberly's children, viz: *Jacob, Elizabeth*, wife of Paul Salter, *Gitty*, wife of Jacob Ackerman, *Ann*, wife of Joseph Van Winkle, and *Maria*; who sold to George Vreeland, July 22, 1833, that part of Fitje Segaerd's quarter lying E. of the old Bergen road, and also five acres of meadow at Droyer's Point. This quarter lay between Chestnut Ave. and Linden Ave.

Thomas Brown et ux. had one child, viz: Lawrence, who was born May 18, 1751 and died July 4, 1767, intestate and unmarried. His father then purchased the interest of his son's three aunts, who had inherited his quarter. This gave him one half of the Patent. He married for his second wife, Mary, daughter of Samuel Ten Eyck, Jan. 23, 1756. By this marriage was one child, *Mary*, born Oct. 17, 1756, married Andrew Gautier, Oct. 6, 1772. Capt. Brown died seized Oct. 30, 1782. By will dated Sept. 21, 1782. he gave all of his property to his two grandson's *Thomas* and *Daniel Gautier*; to Thomas his N. Y. property and to Daniel his N. J. property. Daniel was born Feb. 7, 1776 and died Jan. 7, 1791, intestate and without issue. His property was inherited by his brother Thomas, who married Elizabeth, daughter of John Leary, April 28, 1796, and died, Oct. 17, 1802, leaving his widow and children, *Thomas B., Helen D.* and *Samuel T.*

To carry the out will of Mary, the widow of Thomas Brown, (who died Dec. 8, 1818) the widow Elizabeth, Thomas B. and Helen D. released to Samuel T. that part of the patent lying S. of Linden Ave (owned by Capt. Brown) and 30 acres of meadow held in Common with the Cubberlys and the Vreelands, May 17, 1823. Samnel mortgaged to Thomas B. Gautier, May 8, 1824. This mortgage was foreclosed and the property sold by John Blauvelt, Sheriff, to his mother, Elizabeth Gautier, Feb. 27, 1829. She sold to George Vreeland Aug. 19, 1829, all lying E. of the old road. Vreeland conveyed as follows: to John Syms, 22 84-100 acres Jan. 2, 1837, bounded N. by Chestnut Ave. E. by the Plank road, S. by Linden Ave. and W. by old Bergen road. That part of this tract which lies between Danforth and Linden Avenues, Syms conveyed to Matthew Armstrong, June 25, 1838, (Armstong died seized and his executors sold in lots at public auction in 1868) Syms sold a small part of his purchase lying N. of Danforth Ave. March 7, 1850 to Henry Rosencamp (now owned by Thomas Musgrove) and a small lot to Gilbert C. Smith. The residue Syms conveyed to Nicholas D. Danforth, Oct 6, 1855. Danforth mortgaged; the mortgages were foreclosed, the property sold and (the most of it) purchased by the mortgagee, Jane Brinkerhoff. It is now owned in parcels by Julia A. wife of J. Otto Seymour, John Kennell, Matthew Armstrong, Thomas Cary, Emma wife of Frederick M. Lockwood, Jacob J. Detwiller and Mr. Danforth (father of said N. D.)

Vreeland conveyed to Peter Julius Lignot, John Jacobs, Cortlandt Smith and another all lying between the Plank road, Ocean Ave. Linden Ave. and the S. bounds of the patent. All between Ocean Ave. and the old Bergen road, is now owned in small

plots. To the Central R. R. Company of New Jersey, Vreeland conveyed all lying between the Bergen Point plank road and the E. line of the Railroad and Chestnut Ave. and Edwin J. Brown's line, except a small strip owned by the heirs of Henry Vreeland. The R R. Company mapped out this tract. They sold, July 15, 1866, to Harriet M. Winfield, eight lots on the S. E. Corner of Danforth Ave. and the plank road, and to Charles H. Winfield, June 10, 1867, eight lots on the N. E. corner of Linden Ave. and the plank road. The remainder of the land (except the right of way for the R. R. and a depot plot) they sold to the Hudson County Land Improvement Company, June 10, 1867. What lies E. of the Railroad is yet owned by the Vreeland family except a small plot given by George Vreeland to his son-in-law —Smith and by him sold to Cornelius Vreeland.

What lay West of the old road belonging to Mrs. Gautier was mapped by Adolph Loss in 1822 and sold in parcels as per Loss' Map; to William Anderson 15 acres Oct. 22 1831, and 13 acres Aug. 16, 1832; to Thomas and John Jackson six acres Oct. 22, 1831; and to John E. Post 15 acres, Oct 22, 1831. This last tract is now in possession of John Wauters and Dennis McCarron, (Lessee). A ten acre tract lying next N. of Post, Mrs. Gautier conveyed to Ephraim Morris, who conveyed to Andrew Van Horne, Feb. 6, 1834. He died seized, leaving *Jacob G., David L., John A.* and *Dorcas*, wife of James Kells. His executors, Henry R. Welsh and David L. Van Horne conveyed to these heirs, Dec. 31, 1859, who, on the same day, conveyed to Nelson B. Pearsall about 8 acres. Pearsall mapped, Aug. 5, 1864, and on Sept. 20, 1864, conveyed to George W. Dilloway six lots. David L. Van Horne owns the N. E. corner of the tract.

Fitje Segaerd's lands W. of the old Bergen road were sold by her heirs, viz: Jacob Cubberly, et al. in parcels, viz: to Jacob Ackerman 6 65-100 July 3, 1833; (Ackerman to Peter Rowe, March 4, 1841; Rowe to Samuel Wescott, May 9, 1850, Wescott to Gustavus A. Lilliendahl); to Walter Woods a little over six acres July 3, 1833; (Woods to Peter Rowe. Aug. 23, 1851, and Rowe to Agnes, wife of John Morrell, Sept. 4 1868); to Stephen Vreeland 11 91-100 acres, July 3, 1833, (now in part owned by his son Nicholas S. *Vide Note to Claesen's 1st Patent p.* 12

In addition to the above tract the Patent included a strip of land lying on the W. side 12 rods wide=5 Morgens; also a lot of Meadow "between Constable's Hook and Pembrepook" adjoining Barent Christian's land=12 Morgens.

[*] There is an error in the name of the patentee as here given. It should be Lubert Gysbertsen. The explanation may, however, be found in the fact that Gilbert is the English of Dutch Gysbert. By this name he received the Patent for this tract, bounded N. by Jan Vinge and S. by Jan Cornelisen Buys. It was 90x333¼ rods =

60 morgens. There is a patent, *Land Papers (Albany) H.H.* 34, *Dec.* 5, 1654, to Jan Vinge, which answers the description, in size, given in Carteret's patent. This seems to be the only tract of such a shape. I have not seen any Dutch grant to Gilbertse. The same tract, at least 40 acres of it, seems to have been included in another Patent. *Vide Note to Jacobse's Patent*, p. 46. Van Wagenen received part of the commons allotted to Jacobe's Patent. p. 196,.

Gysbertsen died seized and intestate, leaving one son and two daughters. The son dying without issue, the land passed to the two daughters, *Anna* and *Gysbertje*, who, by two deeds dated Sept. 17, 1729, and April 24, 1730, sold the same to Charles Dorland, son of Gysbertje. Dorland sold the same for £50 to Jacob Van Wagenen, Dec. 14, 1730. He built and occupied the Point Breeze House, now owned by John H. Midmer.

Several of the heirs of Jacob Van Wagenen quit-claimed their interest in the testator's property, to Jacob Merselis; Henry Austin and Isabella, ux, March 16, 1816; Henry Heyzer and Elizabeth, ux, July 20, 1816, and Mary Merselis, Oct. 27, 1818. Van Wagenen died seized Jan. 27, 1783, and his surviving executor, Jacob Van Wagenen, *vide Note to Spier's Patent*, p. 15, sold it to Jacob Merselis and Merselis J. Merselis, June 22, 1824. It was then described as lying between the two bays, Samuel Gautier on the N. E. and Robert Thomson on the S. W. These grantees sold the right of way to the Morris Canal, Feb. 2, 1835. Merselis J. Merselis died March 21, 1837. By his will dated March 20, 1837, he gave his realty to his four children, viz: *Jacob M.*, *Susan*, wife of Thomas Anderson, *Catherine*, wife of Garret Vreeland, and *Mary*, wife of Stephen B. Vreeland, equally. These devisees then owned an undivided half with their grandfather Jacob. The property was partitioned by decree, dated June 18, 1838, as per annexed sketch. Jacob conveyed to his grandson, Jacob M. lots 1 and 2, June 21, 1838, on the grantee executing an agreement to quit claim to his sisters all his interest in Lots 3 and 4. This he afterwards did, the deed to Mrs. Anderson being dated, March 27, 1841, That part of lot No. 1, which lies S. E. of the Plank road, he sold to Edwin J. Brown, who sold a plot in the S. corner to John H. Midmer. That part of the lot which lies between the Plank road and the old Bergen road he mapped, (map filed June 29, 1866) and sold in lots to several people among whom are Michael Smith, Robert Drake, James Fleming, Matthew Armstrong and John Cadmus. His sisters partitioned lots 3 and 4, report confirmed, Dec. Term, 1841; Lot 3 in annexed sketch was divided into two parts, the N.=19 acres fell to Mary, the S.=22 88-100 acres fell to Catherine; Lot 4 fell to Susan, except 22-100 of an acre in the S. E. corner, which fell to Catherine. Catherine sold the E. end of her lot to Noah D. and Thomas Taylor in 1868.

[*] This tract was originally granted to Jan Cornelissen Buys.—*Land Papers (Albany), H. H.* 20. Buys, known as "Jan the Soldier," *vide Note to Jacobse's Patent*, p. 46, probably sold it to Severyn Laurensen, who seems to have been a wayward fellow. He was a lance-corporal in the service of the West India Company. His views upon *meum et tuum* were not accurate, hence he was, April 12, 1658, sentenced to be stripped of his arms and publicly flogged and branded for theft. Awaiting execution, he was put in jail in charge of Corporal Simon Wautersen, but escaped. This caused the degradation of Simon to the ranks. Laurensen was re-arrested, but pardoned, May 12, 1658, with permission to live on Long Island. He then opened a tap-room, sold liquor "during divine service," for which he was prosecuted, May 11, 1662; and afterwards fined for permitting persons to play nine-pins in his place on Sunday. He was twice married, the last time to Grietje Hendricks, Aug. 5, 1671. He sold the tract in question to Hendrick Jansen Spier, who died seized, leaving his widow, Madeline Hanse (who married Jan Aertsen Van der Bilt, Dec. 10, 1681), and *Jan*, *Hans*, and *Barent*. To pay off the debts of Spier, the above-named parties sold this tract to Gerrit Gerritse (Van Wagenen, jr.,), April 10, 1694. This grantee gave it to his son *Jacob*. *Vide Note to Gerritse's Patent*, p. 58, and *Note to Spier's Patent*, p. 15. It now forms the N. part of Currie s estate.

* This patentee, with his wife and two children, arrived in New Amsterdam in the ship *Faith*, Dec., 1659.

This tract was originally granted to Jan Lubbertsen, Dec. 5, 1654. *Land Papers (Albany), H. H.*, 30. He probably sold it to the Patentee Spier. The Patent describes it in size 80x187½ rods = 25 morgens, same as in the Dutch grant. This and the lot of Common land No. 28) allotted to the Patent now belongs to the estate of James Currie, dec'd. It remained in the patentee's family until May 1, 1768, when they sold it and lot No. 239 to Jacob Van Wagenen, by the following description: "The home lot, bounded N. W. by Newark Bay, N. E. by Jacob G. Van Wagenen, S. E. by Hudson's River, S. W. by the widow Van Winkel," = 100 acres. Van Wagenen died, Jan. 28, 1783, without issue. His will was dated Dec. 19, 1782, proved March 24, 1785. He named as executors, Effie his widow, Garret Vreeland his brother-in-law, Jacob Van Wagenen his nephew, and Guilliam Outwater. Jacob Van Wagenen, the surviving executor, sold to Robert Thomson the above described tract, together with the adjoining Patent, to Severin Lawrence, May 6, 1824. Thomson died seized, Dec. 14, 1841. By will dated Sept. 15, 1841, proved Jan. 5, 1842, he gave the land so purchased to his nephew, James Currie, who died seized, Feb. 3, 1870.

Jacob Van Wagenen sold to his grandson, Cornelius Van Buskirk, son of his daughter Beelitje, Dec. 10, 1774, three acres near the Bockie (on the point at Fiddler's Elbow), which he sold to Paul Salter, and by him sold to James Currie, and so again joined to the Spier Patent. By the same deed, Van Buskirk also received a lot one chain and 25 links wide out of the S. W. corner of the Patent, extending from the Plank road W. to Newark Bay, now owned by the estate of Michael Cadmus; also a five-acre lot, bounded S. by Henry Fielding, W. by Newark Bay, N. by Van Wagenen, E. by the old road. One acre of this last tract he sold to Michael G. Vreeland, July 1, 1812. He died seized of the 4 acres, March 2, 1814.

By his will, dated July 10, 1793, proved May 14, 1814, he gave all his property to his wife Antje. The strip, one chain and 25 links in width, she sold to Col. Jasper Cadmus, Dec. 29, 1821.

† Lot No. 23 was 40x375 rods = 25 morgens. It was granted to Gerrit Pietersen, Dec. 5, 1654. *Land Papers (Albany), H. H.*, 33.

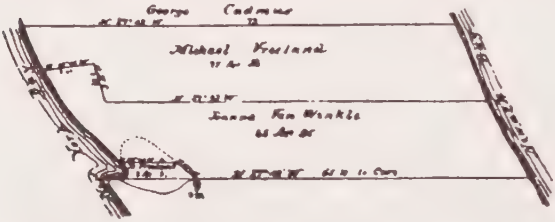
Lot No. 24 was of the same size. It was granted to Jan Cornelissen, the shoemaker, Dec. 5, 1654. *Land Papers* (*Albany*), *H. H.*, 32. These two patentees sold to Claas Jansen Van Purmerent, Aug. 20, 1655, and he to Dirck Sycan, Sept. 18, 1658. Sycan's wife, Jannetje Tonis, died in 1659, leaving two children, viz.: Jan, aged six years, and Teunis, aged two years. When Sycan was about to marry again, he agreed with the Orphan's Court in New Amsterdam that, when these children became of age, they should each receive 400 guilders and jointly this tract at Pemmerpoock. As security he pledged his house in New Amsterdam, where Harman Smeeman formerly resided. *Orphan's Court, New Amst.*, 90. Yet he and his second wife, Geertje Jansen, sold it to William Douglas, May 31, 1671, for "one negro boy by name Emanuel."

Lot No. 25 (first Patent to Thomas Davison) was granted to Jan Gerritsen Van Imme, Dec 5, 1654.—*Land Papers* (*Albany*), *H. H.*, 31.

By him it was sold to the deacons of the Church in N. Y., and by them to Thomas Davison (Tames Davitson), July 14, 1665; by him to William Douglas, May 10, 1671. Douglas, being now the owner of the two lots in the Patent to Sycan and Davison's first Patent = 75 morgens, sold the same to Cornelis Michielse Vreeland, March 7, 1696, for £600. He received from the Proprietors, April 27, 1696, a confirmatory deed for the same, said to contain 150 acres, bounded N. by Jan Artse Van der Bilt, E. by Hudson's River, S. by Paul Douwesse, W. by Newark Bay.



By will, dated Oct. 12, 1713, Vreeland gave his lands to his children, viz.: *Fitje*, wife of Lawrence Van Buskirk; *Metje*, wife of Rynier Van Giesen *Aagtje*, wife of Roelof Van Houte; *Johanna*, wife of Daniel Van Winkle, and *Michael*. These agreed, Sept. 6, 1723, to sell the same to the highest bidder among themselves. It was bought, Nov. 29, 1723, by Michael Vreeland and Daniel Van Winkle, for £1,000.

Daniel Van Winkle died, Jan. 10, 1757. His widow and her brother Michael partitioned, Aug. 20, 1768. Johanna took the N. E. part, next to Van Wagenen's = 85 95-100 acres. Michael took the S. W. part = 75 28-100 acres, lying between his sister's and Joris Cadmus' (now Richard's) line. Michael took also about two acres on the N. Y. Bay shore at the Bockie. The sketch here inserted shows the lines of division. The map from which it is taken was made by Jonathan Hampton and Ephraim Terril of Elizabethtown, Aug. 1, 1768. By Daniel Van Winkle's will, dated June 3, 1751, his wife, Johanna, received this property for life. Then it went to her daughter *Antje*, wife of Henry Fielding. She sold, June 18, 1785, to Egbert Post a lot = 32 acres, 1 rood, 20 perches, lying W. of the present plank road, and including all her land there. She sold to Michael Vreeland, June 18, 1785, one acre on N. Y. Bay, at or near where Gunther's house now is. She sold, March 27, 1787, to Michael Vreeland, all the rest of her land lying E. of the plank road. Michael now owned all the land E. of the plank road, from Cadmus' line to

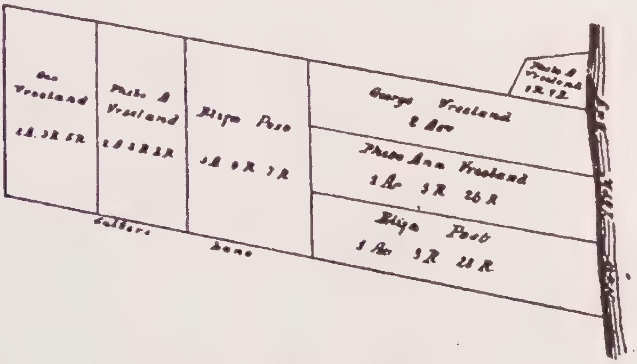
Currie's line, and the S. W. half of the farm W. of the plank road. By his will, dated July 16, 1802, proved Jan. 26, 1805, he gave all this land to his sons *George* and *John*. They partitioned, John taking the S. half, lying between Cadmus' line and Salter's lane. George taking from Salter's lane to Currie's line. They also partitioned the lot W. of the plank road. John held his half in tail; and died July, 1830, without issue, when the remainder vested in the heirs of George, who was dead. These heirs conveyed this land to Paul and David Salter, June 15, 1832. Paul quit-claimed to David, Nov. 16, 1835. George, by will, dated Nov. 6, 1822, proved Aug. 9, 1824, directed that his land E. of the plank road should be divided into four equal parts. 52d street (before right angling) became the division line N. E. and S. W. His son *Michael* received the W. quarter, also the S. half of the lot W. of the plank road. *Hartman* received the N. quarter, also the N. half of the lot W. of the plank road. *Garret* received the S. quarter, also three acres of salt meadow near the Bockie, now owned by John Post. Garret died seized, Feb. 10, 1852, and his quarter was partitioned



among his children, as per annexed sketch. *John* received the E. quarter, excepting the three acres of salt meadow. Hartman bought the E. and W. quarters, March, 1836. The land W. of the plank road, belonging to Egbert Post, was by him sold, Dec. 15, 1821, to Jasper Cadmus, excepting one acre which he gave to his daughter, the wife of Merseles Waters, where the mansion house lately stood. Cadmus sold the S. portion to Hartman Vreeland. By will, dated April 23, 1864, proved Feb. 17, 1868, Hartman gave to his adopted son, Hartman Vreeland, all his land between N. Y. Bay and the back road. The N. part, = 21 47 100 acres, Cadmus sold to William C. Vreeland, Sept. 17, 1836, who sold to Andrew Clerk, May 1 1854, who sold to the Hudson County Land Improvement Company, June, 1, 1867.

The second **Tract** (mark'd on the Map No. 24).

Begins at a small Heap of Stones (which said Heap of Stones is distant from the easterly Corner of Henry Fielding's Stone Kitchin One Chain and twenty Links on a Course North fifty-three Degrees and ten Minutes East, and is the Southerly Corner of the last mentioned Lot) And from said Heap of Stones Runs North twenty Seven Degrees and thirty Minutes West Sixty nine Chains and sixty five Links to a Stake standing on the Bank of New Ark Bay; Thence South forty Six Degrees and twenty Minutes West Eight Chains and sixty Links along the Edge of said Bay to a Stake standing in a small Gully; Thence South twenty Seven Degrees and thirty Minutes East Seventy two Chains and twenty one Links to a Stake standing on the side of York Bay; Then Northeasterly along said York Bay as the same runs to the Place of Beginning.

The first **Patent** of Phillip Carteret to Thomas Davison dated the twenty second Day of December One thousand Six hundred & sixty nine for a Parcel of Land lying at Pembrepogh.

Our Survey whereof shews and we adjudge it to be a Tract (which is mark'd on the Map No. 25).[*]

Beginning at a Stake Standing on the side of York Bay (which Stake is the Southerly Corner of the Second Tract of the last recited Patent of Dirck Sycan) and from said stake runs North twenty seven Degrees and Thirty Minutes West seventy two Chains and twenty one Links to a stake standing in a small Gully by the Edge of New Ark Bay; Thence down along said Bay South thirty six Degrees and forty five Minutes West nine Chains and eighteen Links to a Stake standing between a Black Beech & a white Oak Bush on the Bank of said Bay; Then South twenty Seven Degrees and thirty Minutes East seventy two Chains and twenty Seven Links to a Rock mark'd C/V at the Edge of New York Bay; Thence Northeasterly along said York Bay as the same runs to the Place of Beginning.

The second **Patent** of Philip Carteret to Thomas Davison dated the twelfth Day of December One thousand Six hundred and sixty nine for a parcell of Land lying at Pembrepogh.

Our Survey whereof shews and we adjudge it to be a Tract (which on the Map is mark'd No. 26).[†]

[*] Davison was an Englishman. In 1661 he purchased a sloop, and with a negro slave to assist him, did a freighting business between New Amsterdam and Albany. He lived in N. Y., and died in 1688. *Vide Note to Sycan's Patent*, p. 15.

[†] This tract was first given to Jan Cornelisen Crynnen, Dec. 5, 1654. Its only description was, as was the description of each Patent in this vicinity, "between Gemoenepaen and Kil von Kol." Crynnen sold it to Isaac DeForest, who received a Patent for it, April 17, 1664. The size was 40 x 375 rods. He sold it to Thomas Davison, of New York, April 15, 1665. Davison sold to Sjoert Olpherts, of Hoobocken, Feb. 11, 1670, a strip 20 rods wide out of the S. W. side of the tract, which Olpherts sold to Cornelis Steenwyck, July 29, 1681, and by him to Bartel Claesen, Oct. 5, 1681, and by Bartel Jacobs to Rutgert Van Horne, March, 1702. *Vide Note to Slott's Patent*, p. 17. The Patent of Petrus Stuyvesant to Peter Jansen Slaat dated the fifth Day of December One thousand Six hundred and fifty four confirm'd by Patent from Philip Carteret to said Slaat dated the twelfth Day of May one thousand six hundred and sixty Eight, for a parcel of Land lying at Pembrepogh.

Our Survey whereof shews and we adjudge it to be a Tract (which on the Map is mark'd No. 27).*

Loosdregh, of Communipaw, May 6, 1670, who sold to Simon Jansen Romeyn, attorney of Poulesse Cornelisen, formerly of Pembrepock, Dec. 14, 1680, who sold to Jan Van der Lynden five morgens, May 31, 1681, who sold to Cornelis Steenwyck, July 29, 1681. Romeyn sold the balance of his purchase to Poules Douwesse, of Pembrepock, Dec. 6, 1682, who sold to Rutgert Van Horne, March 18, 1702. The history of this tract henceforth is connected with that of the next Patent.

* This tract was first granted to Gysbert Lubbertse, Dec. 5, 1654. *Land Papers (Albany), H. H.*, 36, and not to Peter Jansen Slott as mentioned in the text. It may have been granted to Lubbertse by mistake, for on the original Patent which I have seen was endorsed, "This Patent must be in the name of Pieter Jansen Slott, by mee, Guysbert Lubbertse, May 14, 1657." By both it was treated as if made to Slott. The tract was 40x375 rods. Slott sold it to Joost Van der Linden, Jan. 30, 1671. Van der Linden's heirs, viz.: his children, *Jan*, *Roelof*, *Jannetje*, *Hendrickje*, and sons-in-law, Albert Zabbristke, and Laurens Laurens sold it to Cornelis Steenwyck, July 29, 1681. On the same day Jan Van der Linden sold to Steenwyck the five morgens belonging to the preceding Patent, bought of Romeyn, May 31, 1681, also a piece of meadow lying between Constable's Hook and Bergen Point, bought by him of Samuel Edsall. *Vide Map in Note to Lot* 418, p. 155; also a house built by him on the land sold by Sjoert Olpherts to Steenwyck. Steenwyck sold this land and meadow and part of the preceding Patent bought of Olpherts to Bartel Claesen, of Middewout, L. I., Oct. 5, 1681, for 5,000 guilders of wampum, "in good and clean Long Island wheat or other winter wheat to be grown hereabout," deed to be given on date of first payment, Dec. 1682. It is probable that Claesen sold to Bartel Jacobs, the son-in-law of William Douglas, who sold, March 1702, to Rutgert Van Horne, a cordwainer, the land in Slott's Patent, also the five morgens of the preceding Patent, also the piece of meadow between Constable's Hook and Bergen Point, also the ten morgens formerly belogging to Olpherts.

It is probable that Vau Horne was attracted hither from Hackensack by the widow of Jan Van der Linden, whom he married, April 25, 1697. When he purchased the whole of Davison's 2d Patent I do not know, but it was probably in 1702. He purchased the Van Schalckwyck Patent, in 1735. *Vide Note to Van Schalckwyck's*

Beginning at a Stake by the Edge of York Bay (being the Southerly Corner of the last recited Patent) and from said stake runs North twenty seven Degrees and thirty Minutes West Seventy one Chains and fifty Eight Links to a Stake standing in a Gully at the Edge of New Ark Bay; Thence along the Edge of said Bay South thirty six Degrees West ten Chains and twenty Links to a Stake; Thence South twenty seven Degrees and thirty Minutes East Sixty five Chains and fifty Eight Links to a Stake standing by the Edge of York Bay, Thence Northeasterly along said York Bay as it runs to the Place of Beginning.

The Patent of Petrus Stuyvesant to Hendrick Jansen Van Schalckwyck dated the fifth Day of December one thousand six hundred and fifty four, confirm'd by Patent from Philip Carteret to Hessel Veygerse dated the thirtieth Day of March One thousand Six hundred and Seventy five, for a Parcel of Land lying at Pembrepogh.

Our Survey whereof shews and we adjudge it to be a Tract (which on the Map is mark'd No. 28).[*]

Patent, p. 17. He sold to his son-in-law, Dederick Cadmus, Nov. 17, 1740, a lot 32x 375 rods, bounded S. W. by Jacob Barentzen Van Horne, N. E. by land of grantor. This strip extended from bay to bay, and was within Van Schalckwyck's Patent. By will dated June 13, 1740, he gave to his daughter Jannetje, wife of said Cadmus, all his farm at Pamrepogh. In this farm was included all of the land in Davison's 2d Patent, and the Slott and Van Schalckwyck Patents, except what he had sold to said Cadmus. Cadmus had one son Joris or George, and two daughters. George received from his mother, by deed dated July 20, 1747, the lands bought from and devised by his grandfather Van Horne. It must have been to clear up some doubt that he received a deed from his uncle, John Van Horne, July 19, 1747, for a strip across the neck 40x375 rods (Van Schalckwyck's Patent), and also a piece of meadow (in Constable's Hook Patent), reserving, however, the right to the common lands which had been given to him by his father, by deed, dated Aug. 12, 1738.

This explains why the common land allotted to Van Schalckwyck's Patent was adjudged to Van Horne when he did not own the Patent. The allotments to these three Patents were likely to cause trouble between Van Horne and Cadmus. By an agreement in writing between them, dated Feb. 9, 1765, they bound themselves in effect to accept the allotments adjudged to each, and so avoided legal controversy.

By will dated June 27, 1779, proved April 14, 1786, George Cadmus gave all his lands at Pembrepock and Bergen Point to his sons *Dirck* or Richard, and *Caspar* or Jasper. Richard was a bachelor and sold to his brother Jasper March 12, 1819, all his interest in this tract. Jasper Cadmus, by will dated May 26, 1824, unproved, gave to his son *Richard* the S. W. half of his tract, and to his son *Andrew* the N. E. half. But Andrew dying before his father the devise was changed, so that Richard received the N. E. half, and still owns it The S. E. half was given to the sons of Andrew in tail.

[*] The original Patent calls for 40x375 rods=25 morgens, *Land Papers* (*Albany*), *H. Aukins sold the same to Cornelis Aresmith or Asmet of Schenectady, March 18, 1729, who sold to Rutgert Van Horne, Oct. 29, 1735, who gave the same to his son John, Aug. 17, 1738, with one third of the Common right belonging to his other lands at Pembrepogh. From this time its history is connected with *Slott's Patent*, p. 17.

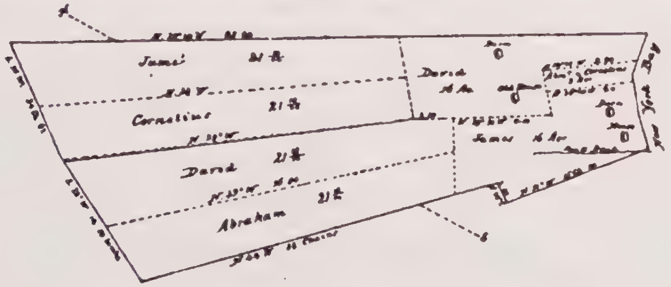
* This tract was first granted to Jacob Wallingen from Hoorn, Oct. 23, 1654. *Land Papers* (*Albany*), *H. H.*, 28 = 25 morgens. *Wallingen* came over with Capt. De Vries in 1635, and was admitted to the rights of a Small Burgher, April 17, 1657. This patent was confirmed for the same amount, in size 45x333¼ rods. It was in possession of Jacob Barentzen Van Horne in 1740. *Vide Note to Slott's Patent*, p. 17, whom I take to be a grandson of Barnt Christian, named in the next Patent. He died seized, April 14, 1775, leaving two sons, *Cornelius* and *John*. I have not seen his will though he left one, but his son *John* owned this tract, and prior to 1790, sold it to David Baldwin. Lot 276 of the commons and the N. end of lot 277, and the N. end of Barent Christian's Patent (number 30 on the field map), passed with the Patent in this sale to Baldwin, making a total of 115 or 120 acres. Baldwin sold the same to Cornelius Van Buskirk of Saddle River, taking in exchange land at the latter place, Sept. 13, 1792. Cornelius died, May 29, 1819. By will, dated May 3, 1803, unproved, he gave to his sons *Abraham*, *David*, *Cornelius*, and *James*, all his land equally. They divided as per this sketch. Cornelius' lot W. of the plank



Beginning at a Stake by the Edge of York Bay (being the Southerly Corner of the last recited Patent); And from said stake runs North twenty Seven Degrees and thirty Minutes West Sixty four Chains and Seventy eight Links to a Stake standing between two Cedar Bushes at the Edge of New Ark Bay (the Southermost of which Bushes is mark'd C) Thence South forty Six Degrees and thirty Minutes West Ten Chains and thirty Links along said Bay to a Stake; Thence South twenty seven Degrees and thirty Minutes East Sixty Chains and twenty Links to a stake standing by the Edge of York Bay on the Easterly Side of a small Creek; Thence Northeasterly along said York Bay as it runs to the Place of Beginning.

The Patent of Phillip Carteret to Barnt Christian dated the twenty Sixth Day of March One thousand Six hundred and sixty seven for a Parcel of Land lying at Pembrepogh, and a Piece of Meadow lying at New Ark Bay.

Our Survey whereof shews and we adjudge them to be two Tracts.

The First whereof being a parcel of Upland mark'd on the Map No. 30.[*]

Begins at a Stake standing by the Edge of York Bay on the Easterly Side of a small Creek (which Stake is the Southerly Corner of the last recited Patent) and from said Stake runs North twenty Seven Degrees and thirty Minutes West fourteen Chains and ninety Seven Links to a Stake, Thence South twenty Eight Degrees and thirty Minutes West fifty five Chains and twenty nine Links to a Stake, Thence South twenty Seven Degrees and thirty Minutes East fifteen Chains and Sixty five Links to a Stake standing on the Edge of the Salt Meadow, Thence along the Edge of the said Meadow betwixt the Meadow and Upland to York Bay, Then Northerly along said York Bay to the Place of Beginning.

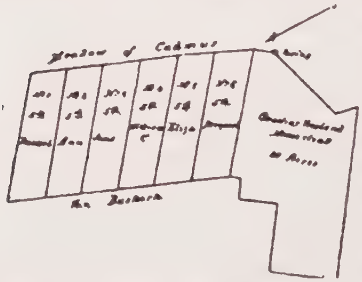
road was bought May 3, 1824, by James and David. Abraham's lot W. of the plank road was bought, and is now owned by John Serrel. His lot E. of the plank road is owned by the Elsworths. David died without issue. By will dated Jan. 4, 1865, proved March 1, 1866, he gave his property to his brother James and the children of his brothers Cornelius and Abraham, entailed.

[*] Lot No. 30 was bounded N. by Jacob Wallen's land, 44x200 rods=55 acres.

Lot No. 122, at Droyer's Point, was described as lying at the "north end of the lake that runs in towards Kil von Kul,"=30 acres.



Lot 30 lay about parallel with the meadow, and extended from the S. boundary of the preceding Patent to near the Constable's Hook Road. The accompanying sketch showing partition among the heirs of Cornelius Vreeland, includes a portion of this lot and of Lot 271, lying N. of the Constable's Hook Road.

Lot No. 122 was at an early day annexed to Andriesen's Patent, and was owned by the holders of that Patent in 1764. *Vide Note to Andriesen's Patent*, p. 13.

* **The Second** of the said Tracts being a Piece of Meadow *19
(mark'd on the Map No. 122).

Begins at the Mouth of a small Creek near the Head of New Ark Bay (which Creek is the Northerly Bounds of the Patent of Lawrence Andrise (mark'd on the Map No. 19) and from the Mouth of said Creek runs across the salt Meadow North forty Degrees East twelve Chains and forty eight Links to a Red Oak Tree mark'd standing on the Upland near the Meadow; Then along the Edge of the Meadow North forty Degrees and thirty Minutes West two Chains and fifty nine Links, Then continuing along the Edge of the Meadow North Six Degrees West five Chains and ten Links to a Stake mark'd C V near the head of a Ditch or small Creek; Then down said Ditch or Creek as the same runs North thirty five Degrees and thirty Minutes West Eight Chains and Seventy Links; Then continuing running down said Creek as the same runs Northwesterly till it comes into Hackinsack River, Then down along said River as the same runs Westerly, Southerly and Southeasterly round the Meadows to the Place of Beginning.

The Patent of Richard Nicoll's to Nicholas Jansen and Samuel Edsall dated the twenty Sixth Day of October, One thousand Six hundred and Sixty four, for a Neck of Land call'd Nip Nickson lying at the Mouth of Kil Van Kul.

Our Survey whereof shews, and we adjudge it to be a Tract (which on the Map is mark'd No. 31).*

[*] Edsall was a native of Reading, in Berkshire, England, and a hatter. In 1655 he married Jannetje Wessels, a great belle in New Amsterdam, whose mother kept a tavern in Pearl Street celebrated for Burgomasters' dinners. In April, 1657, he was admitted to the rights of a small Burgher. He was appointed Ensign in the Esopus war of 1663. In 1664 he was the owner of a farm in Bergen and sent over four men to do his share in the defence of the place. *N. Y. Col. MSS.*, x., part iii., 67. After the surrender he swore allegiance to the British Government. He moved from Newtown, L. I., to Bergen, "in Col. Nicoll's time." He was a member of Carteret's Council from 1668 to 1672; appointed one of a Commission to assess and raise a tax to resist invasion, and treasurer of the same when raised in 1668; joined James Bollen and John Berry in petitioning the Dutch Government that the books and papers concerning the "Province called New Yarsie" be delivered to Secretary Bayard, Sept. 12,1673; and was one one of the commissioners sent by Bergen to the same government. He moved to New York in 1689, became an active adherent of Leisler, a member of the Committee of Safety, of the Council, and of the Court of Exchequer. He now became an object of love and hatred, as he was considered by the friends or enemies of Leisler. The former called him "loyal," "honest," &c.; the latter thought him an "insipid mobile," "most wicked and poorest of the sons of men," "a base villian." He was involved in the fall of his chief, put upon trial for high treason, and acquitted. In 1699 he was living in Queens County, L. I. His daughter Anna married William Lawrence, of N. Y., and Julia married Benjamin Blagg, of Plymouth, England. To these two sons-in-law he gave all his lands in the lower part of Bergen County. It is said that he had two sons, Richard and John, who settled at Hackensack. John died in 1774, aged 54 years, leaving two sons, Samuel and John. *Annals of Newtown*. 341.

This I take to be the piece of meadow adjoining the upland S. of the Constable's Hook road. *Vide Note to Slott's Patent*, p 17. Edsall sold the balance of the tract to Hans Harmanse of Long Island, Feb. 20, 1694, for £562.10. Harmanse died Oct. 26, 1700. By his will dated Nov. 12, 1694, his daughter *Trintje,* wife of Peter Van Boskerk and his grandson Hartman, son of his deceased daughter *Annetje,* wife of Claas Vreeland, received the tract in common. Hartman Claasen sold his interest to his uncle Peter Van Boskerk, Dec. 17, 1730. By his will dated Jan. 20, 1735, proved Sept. 8, 1738, Van Boskerk gave to his sons *Johannis* and *Lawrence* 600 acres of land near Hackensack; to *Andries* 60 acres out of the tract in question, bordering on the Kills; the remainder of the tract to his son *Jacobus.* Jacobus and the widow of Andries were yet living in 1764. The four sons bound themselves in writing, Nov. 30, 1738, to divide the estate according to their father's will. Deeds of release for this purpose were executed July 20, 1738. By will dated May 24, 1762, proved Dec. 23, 1762, Andries gave his realty to his wife Margaret for life, then to be sold and the proceeds divided among his children. Helmus Vreeland and William Douglas were named executors. Vreeland the surviving executor sold the 60 acres of Andries to Israel Oakley, April 10, 1784; Oakley to Abraham Van Buskirk, Jan. 3, 1797. In 1798 Van Buskirk sold it to Thomas Hazard, deed unrecorded. There seems to have been an exchange of land between Van Buskirk and Hazard, the former receiving a lot in Frankfort st., N. Y. City, for his land at the Hook. Hazard sold 12 9-10 acres of Lot 270 to Andrew Van Horn Sept. 21, 1797 (Abraham Van Buskirk was a subscribing witness to this deed). This lot lay E. of the Plank road and N. of Constable's Hook road. Van Horn sold 5 9-10 acres to Michael B. Terhune in 1805, (deed acknowledged May 7, 1805,) and Terhune to Thomas E. Davis, Aug. 30, 1836. Davis mortgaged and the mortgages were afterwards foreclosed. Jacobus Van Buskirk died Jan. 3, 1767. By his will dated Sept. 14, 1765, proved Feb. 18, 1767, he divided his interest in the tract between his two sons *Peter* and *John.* The lot of Common land No. 418, adjudged to him for this Patent, he gave to them in common. Peter died June, 1819. By will dated April 1, 1816, he gave all his property to the children of his daughters, *Elizabeth,* wife of Cornelius Vreeland, and *Rachel,* wife of William Vreeland. These children were *Margaret,* wife of Henry Vreeland, *Eliza,* wife of Stephen Terhune, *Jane,* wife of Garret J. Vreeland, *Rachel,* wife of Henry J. Mandeville, *Anne,* wife of Michael M. Vreeland, *William C., Cornelius,* and *Peter.* Among these the estate was partitioned June 3, 1830, and the proceedings confirmed in June term 1831. This sketch shows the partition.

By several deeds from 1834 to 1836, the interest of these children became vested in Thomas E. Davis.

John left his interest in the tract to his only son Jacobus, who died Aug. 12, 1832. By will dated Sept. 28, 1823, proved Dec. 27, 1823, he gave all his realty to his sons *John, Nicholas* and *James,* on condition that they should not sell but divide it among their children. They partitioned, and the map is now on file in the county clerk's office. James' will was dated July 14, 1854, proved Sept. 4, 1856. *Vide Note to Lots* 418 and 419, p. 155.

° These lots were sold to the patentees by Samuel Edsall, July 15, 1669. They were merchants in Barbadoes.

Lot No. 59 lay in the N. W. corner of the town plot. On it was a kitchen, barn, and brew-house.

Lots No. 32 *and* 33: One lay on the N. W. side of the town adjoining the N. W. gate; the other on the N. E. side, adjoining the highway.

Lot No. 39 was composed of two wood lots, each 14 rods wide, bounded S. W. by the N. E. lane "that goes into the woods."

Lot No. 64. The five upland lots were wood lots, each 19x150 rods. The five meadow lots adjoined the N. W. end of the five wood lots, and extended to the Hackensack river. Joseph Hawkins owned part of this lot, and died seized. Casparus Prior died seized of part of it, which he gave to his grandchildren by will. *Vide Note to Varlet's Patent,* p. 62. Jasper received this in the partition of his grandfather's estate, and sold 20 acres, extending from the E. end of the lot to a ditch to Peter Bentley and Stephen D. Harrison, March 1, 1856, the present owners. The balance of the upland was sold to Peter Bentley, Nov. 1, 1853, by the commissioners to divide the estate of Richard Van Rypen.

Roelof Van Houten and Maritje ux, sold, May 2, 1745, to Cornelius Brinkerhoff a part of this Patent, = 19 acres, 1 rood, 16 rods of upland, and 9¼ acres of meadow, lying between Zacharias Sickles and Hendrick Vanderhoof. This I take to be a part of *Lot* 64, afterwards known as Brinkerhoff's "Brown's Ferry Lot." *Vide Note to Backers Patent,* p. 10. It is probable that Johannis Van Rypen purchased Lot 39 shortly after 1764. His son, Garret—"Long Gat"—inherited it, and divided it by deed, Dec, 14, 1836 (vide also May 9, 1835), between his sons-in-law, viz.: *John G. Van Horne,* who received the N. W. quarter; *Daniel Van Rypen,* who received the quarter next S. E. of Van Horne; *John Van Buskirk,* who received the quarter next S. E. of Van Rypen, which he sold to Aaron Sergeant, April 1, 1837; and *Cornelius Van Winkle,* who received the S. E. quarter. Van Rypen'sd aughter, *Catlyntje,* wife of Helmigh Van Houten, died before her father.

[*] At what time Steinmets came to this country does not appear. In the spring of 1652, having lost his first wife, he married Jaunekin Gerrits, of Zutphen, probably living at Harsimus at that time. For his third wife, he married Tryntje, the widow of Jacob Stoffelsen. He resided at Harsimus, and was driven out by the Indians in 1655. He went to New Amsterdam, where, on Feb. 22, 1656, he was licensed to tap beer and wine for the "accommodation of the Burghery and Strangers." *New Amst. Rec.*, ii., 85. All E. of Palisade Ave. he has sold in parcels to Blakely Wilson and others. Henry died Aug. 29, 1861.

Mathevis, jr., after his father Poulus, owned the N. half of Lot 125. He died seized, Nov. 12, 1818, and the same passed to his only son, *John M.*, who sold the same to Jones and others.

In the partition between Mathevis and Hendrick *Lot* 70 was divided as follows: Mathevis took the N. half, which was afterwards partitioned between his sons. Hendrick took the S. half, which was partitioned between his sons, *Garret H.* and *George*, the former taking the E. half and the latter the W. half. *Vide Note to Pieterse's Patent*, p. 40.

Lot No. 72 extended from the road to the river, 48 chains x 40 rods=44 acres owned by Levinus Winne in 1764. This and Lot 72 were in his family after 1840.

The Patent mentions but two lots. Martin Winne sold to Peter Sip, April 13, 1814, a strip along the N. side of the Church lot (a little N. of Highland Ave.), and extending back from the road to the rear of the lot; bounded N. by John S. Winne =½ acre. John S. Winne sold the N. half of this lot to John E. Smith, May 1, 1816=¼ acre. *Vide Note to Lot* 363, p. 192. Which three Lots of Land are in the said Transport express'd to be, "A certain Parcel of his the said Tielman's Land lying and being in and about Bergen specify'd by the Patent and Survey specifying the same." Which Patent tho' search'd for has not been found. But there has been produced to us the Patent of Philip Carteret dated the thirty first Day of May, One thousand six hundred sixty eight granting and confirming to said Corneliese the said Lot of Upland with one half of the Meadow adjoining thereto; And which in Conformity to said Patent we have run out for him (as the same are mark'd on our Map, The Upland No. 88; and have of the Meadow No. 135) Whence we conceive the other Half of the Meadow remains to be run out and ascertain'd; and we have accordingly run out the same.

The Patent of Petrus Stuyvesant to Dirck Teunise dated the fourteenth Day of September, One thousand six hundred & sixty two for sundry Parcels of Land lying in and about the Town of Bergen.

Our Survey whereof shews and we adjudge them to be two Tracts.

The First whereof (mark'd on the Map No. 76)°

Begins at a Stake by the Middle Road (which Stake is the Easterly Corner of a Lot in Hans Dedricks Patent mark'd on the Map No. 75) and from said Stake runs North sixty seven Degrees and twenty Minutes West twenty one Chains & eighty Links to a Stake, Thence North forty Degrees East ten Chains and fifty five Links to a Stake, Thence South sixty six Degrees and thirty Minutes East fifteen Chains and fifty five Links to said Road, Then South three Degrees West ten Chains and forty Links along said Road to the Place of Beginning.

* **The Second** (being a Lot in the Town of Bergen mark'd on the *58 Map No. 163)

° *Vide Note to Gerrit Gerritsen's Patent*, p. 58. Lot 76 was owned by Hartman Van Wagenen after 1840. Lot 163 was probably sold by Johannis Van Wagenen to Joris De Mott shortly after 1764. *Vide Note to Stoffelsen's Patent*, p. 9. Michael De Mott sold it to Garret Benson, who sold to Abraham Speer, the present owner.

Begins at a Stake (which Stake stands North fifty seven Degrees East One Chain and fifty seven Links from a Stake standing nearly in the Middle of the Square; which last Stake bears North forty seven Degrees East six Chains and fifty three Links from the Easterly Corner of the Church) And from said first Stake the Place of Beginning runs South forty two Degrees East two Chains and forty three Links to a Stake, Thence North forty eight Degrees East one Chain and forty one Links to a Stake, Thence North forty two Degrees West two Chains and forty three Links to the Street, Then South forty eight Degrees West one Chain and forty one Links along said Street to the Place of Beginning.

It is to be Observ'd, there is an Out-Garden in this Dutch Patent (mark'd on our Map No. 94) which we have run out and survey'd for Guert Coerten under his first Patent from Philip Carteret dated twelfth of May One thousand six hundred and sixty eight, it appearing from the Description in both Patents to be the very same Garden. So that Coerten must have purchased it of Teunise and got it confirm'd to him in his said Patent from Carteret.

There is also a Lott of Upland and Meadow mentioned in this Dutch Patent (mark'd on our Map No. 91) Which we have run out & survey'd for Guert Coerten under his first Patent from Philip Carteret dated twelfth of May, One thousand six hundred and sixty eight, it appearing most probable from the Description in both Patents to be the same Lot. So, that (as well as the Out-Garden) Coerten must also have purchas'd this Lot of Upland and Meadow of Teunise and got it confirm'd in his said first Patent from Carteret. And this is the more probable, as we cou'd find no other Place that wou'd suit the Description given of this Lot, neither does Mr Van Wagenen the present Owner and Possessor of this Dutch Patent claim, or know anything of such Lot.

The Patent of Philip Carteret to Gerrit Gerritse, dated the twelfth Day of May one thousand six hundred and sixty eight for sundry Parcels of Land lying in and about the Town of Bergen.

* Vinge was an heir of Jan Jansen Damen; Schepen in 1655, '56, '61; admitted to the rights of a Great Burgher, April 14, 1657; was twice married, the last time to Wieshe Haytes, Feb. 15, 1682. He died without issue in 1691.

This lot belonged to the devisees of Sir Peter Warren in 1764. *Vide Lot No.* 218, p.219. 18 acres in the N.E. corner of this Patent were conveyed by Charles, Lord Southampton and Henry Seymour Conway to Coll McGregor, May 25, 1795, and by him to John Stevens, April 6, 1797. It consisted of meadow lying S.W. of Hoboken Creek, beginning on the N. side of Van Purmerent's land, then up along the great creek to the small creek under the hill = 9 morgens.

Sir Peter Warren married the eldest daughter of Stephen De Lancey, of New York, and it is probable that the above-named grantors were his executors.

† The Slaugh here named was the enterprising individual who attempted to take the life of Kieft. For this exploit he was shot and his head stuck on a post.

Van Ruyven was the old secretary under Stuyvesant, with whom he came here in 1647, being then a young bachelor. He married Hillegond, daughter of Domine Johannes Megapolensis, June 24, 1654; was engaged in the dry goods and general store business; was Alderman in N. Y. in 1665, '70, '72, '73.

Lindertz, known also as Leenders, Leendertzen, Van der Grist, Van den Grift, Van der Grift and Van die Grift, was one of the early settlers. He left Holland in command of the ship *Great Gerrit,* Dec. 25, 1646, and arrived at Manhattan May 11, 1647, with Stuyvesant, by whom he was appointed naval agent. He was one of the Select Men; a lieutenant in the Burgher corps of New Amsterdam in 1653; a schepen in 1653, '54; and burgomaster in 1657, '58, '61, '64. After the surrender he took the oath of allegiance to the English, and remained in the country until 1671, then

returned to Europe, leaving his property in the hands of agents. He resided on the W. side of Broadway, near the present Trinity Church. He came near being a victim of the Indian raid on New Amsterdam in 1655. *Col. Hist. of N. Y.*, ii, 43; *Val. Hist. of N. Y.*, 61.

Anthony was a prosperous merchant in New Amsterdam; schepen in 1653; burgomaster from 1655 to 1661; schout from 1662 to 1665, and sheriff from 1666 to 1673. As an official he was unpopular, and among the lower classes went by the name of "the hangman." He died in 1685.

Ver Bruggen, sometimes called Van Brugh, came hither at an early date, and settled in Rensselaerswyck. He afterwards came to New Amsterdam; was a corporal in the Burgher corps in 1653; schepen in 1655, '56, '61; made a great burgher April 12, 1657; orphan master in 1663; burgomaster in 1673, '74, '75; captain of the militia, in New Orange, in 1637; member of the common council in 1683; alderman in 1677; took the oath of allegiance in 1664, and was assessed at 14,000 florins in 1674.

This patent was confirmed by Gov. Carteret, March 31, 1668. It included two pieces of meadow.

1st—Meadow, as well the salt as the reed meadow, about half a Dutch league N. of Wihaken, "Antiently known by the name of Jacob Slaugh's Meadow."

2d—Meadow, about a Dutch league further up, called by the name of Moertien Danidts valley, or meadow. In the corruption of this latter name may be found the present *Mordanis* meadow.

Anthony sold to Cornelius Van Borsum, June 28, 1678, his interest in the above tracts, "known by the names of Jacob Slaugh and Moertje Daniels.

A small part of this meadow was sold by John Somerindyke, executor of Richard Somerindyke, to Arthur McCarter, Aug. 1829. McCarter sold to Robert Annett, June 8, 1835; Annett to Michael Carling, Jan. 26, 1848; Carling to Henry A. W. Barclay and William R. Townsend 32 6-100 acres, and the right to the shore front, 2 52-100 acres; Barclay and Townsend to Dudley S. Gregory, Dec. 6, 1849; Gregory to Nathaniel Dole, March 1, 1864. The title to the meadow is in great obscurity. It seems to have passed, by descent, among non-residents. There is not any recorded paper title. The rapid increase in the value of this property will, without a doubt, soon bring about a legal settlement of the ownership, which has been an uncertainty for more than a century. *Vide Note to Lot No.* 219, p. 77.

thousand six hundred and sixty three. Confirm'd by Patent from Philip Carteret to said Varlet and Bayard, dated the thirtyeth Day of October One thousand six hundred and sixty seven for a certain Plantation or Parcel of Land and Meadow call'd Sekakus, lying in the Kill Van Cul.

* *Secaucus*, Sikakes, an Indian word, signifying the *place where they snake hides.*

The wording of Carteret's Patent is as follows: "Doe hereby Give, Grant and Confirme unto Nicholas Ver Lett Esqr. of the Towne of Bergen and Nicholas Bayard of New Yorke a Sartain Plantation or P'rcel of Land lying and being in the Kill van Cole known in the Indian Language by the Name of Sickakus which was lawfully purchased from the Indians and Paid for as may appeare by the Bill of Sale made by the Indyans the 30th day of January in the Year of Our Lord 1658 Stila Nova, Which said Parcell of Land together with all the Land and Meadows round about it and annexed Thereunto with the Creek and Creeks, Ponds, Poules, Swamps and Isletts as far as it Reaches to the Fine Land, Fishing, Fowling, Hunting, with all and Singular the Appurtenances" &c. "as of the Manner of East Greenwich in free and Common Socage, Yielding and Paying to the said Lord PrPrietors" &c "One half Penny of Lawfull Money of England for every Acre." "The said Plantation or Parcell of land is Esteemed and Valued according to the Survey and Agreement made to Contain, both of Upland and Meadow the Sum of two thousand Acres English Measure."

In 1674 the Indians raised a question as to the Dutch title to the Island. They contended that the deed to Stuyvesant included only "Espatingh and its dependencies." But the Dutch Council at Fort Willem Hendrick, having examined the deed and heard arguments, decided that the land was included in the sale. The Indians replied that they did not know this, and thought "they ought to have a present of an anker of rum." To extinguish their title this was given, *Col. Hist. of N. Y. ii*, 707, and the simple ones were satisfied. While in possession of the patentees Varlet died, and Samuel Edsall and Peter Stoutenburgh were appointed his administrators. They joined Bayard in selling the tract, April 24, 1676, to Edward Earle, Jr., of Maryland. Earl sold to Judge William Pinhorne, March 26, 1679, for £500, one undivided half of the tract, also one half of all the stock, "Christian and negro servants." The following schedule was annexed to the deed: "One dwelling house, containing two lower rooms and a lean-to below staires, and a loft above, Five tobacco houses, one hors, one mare and two Coults, eight oxen, ten Cows, one bull, foure yearlings, and seven Calves, between thirty and forty hoggs, foure negro men, five christian servants." Not long after this, Scott in his "Model of the government of East Jersey," calls the place "a brave plantation."

Pinhorne and Earle held in common until April 15, 1682, when a division was made. Earle took the upper, and Pinhorne the lower portion of the Island. On the E. boundary of Pinhorne's land was a creek, which took its name from the Judge and to this day is known as Pinhorne's Creek. On the S. end of the Island is a bluff, known at different times as "Slangen Bergh," and "Snake Hill." "Mount Pinhorne" was the high land, a little N. E. of Snake Hill. It was for some time questioned whether or not this tract was within the old township of Bergen. To settle this question, the Proprietors directed a survey, Oct. 30, 1686; which was made by George Keith, and it was found to be within the township. Pinhorne claimed that his deed included the swamp E. of the creek and resisted the claim of the Freeholders that it was Common Land. In 1694 he sued Caspar Steinmets in trespass for cutting timber in the

swamp, but I do not know that the case was ever brought to trial. On May 10, 1717, he executed a deed for his land to John Barclay, of Perth Amboy, in trust for the grantor and his wife, and after their death to his children. But having some misgivings about it he destroyed this deed. After his death his widow and children filed a bill in Chancery to prohibit the Freeholders of Bergen cutting timber in the swamp E. of the creek The trustees filed an answer. The result I do not know, but there can be no doubt that these pretentions were groundless, and the Field Book properly places the tract W. of the Creek.

By Pinhorne's will, dated May 10, 1719, proved April 12, 1720, he gave his lands to his wife for life; then to be divided between his grandson John Pinborne, Col. Edmund Kingsland, who married his daughter *Mary;* his daughter *Martha,* widow of Chief Justice Mompesson (she afterwards married Richard Warman), and *Elizabeth* who married Timothy Bagley, each one quarter. In the summer of 1729, Col. Kingsland advertised "Mount Pinhorne" for sale –"600 acres of timber, 200 acres of cleared land, 1000 acres of meadow, with a new house and barn, two orchards of about 1200 bearing apple trees." The heirs of Pinhorne sold part of this tract to Thomas Alsop, of Long Island, Dec. 15, 1730. In this purchase John Bard afterwards became interested. By Col. Kingsland's will, dated July 29, 1741, proved July 26, 1742, he left his interest in this tract to his children *William Edmund, Roger, Isaac, Edmund, Mary, Anna, Hester, Catharine,* and *Elizabeth,* wife of George Leslie. By will dated May 20, 1728 (1748?), proved Sept. 18, 1751, Leslie gave the property received from Kingsland to his children *George W., John, Edmund, James,* and *Margaret.*

Earle's will, dated May 16, 1709, proved May 8, 1717, gave his lands to his wife for her life, then to his son *Edward* for his life, then to his grandson Edward in fee. This grandson's will was dated Oct. 18, 1750, proved May 12, 1755. His children were *Edward, John, Philip, Anthebe, Robert, Elizabeth, Hester,* and *Mary,* wife of John Nelson. Among these children he divided up his lands, but in what proportion I cannot say. Edward (4th), by will dated Nov. 2, 1787, proved Jan. 25, 1788, gave to his sons *Richard* and *John* all his Secaucus lands. His children were *Richard, John, Edward, Cecelia,* wife of Rodman Fields, and *Mary.* The poor-house farm is on the S. part of the Pinhorne tract. Job Smith sold it to Albert A. Westervelt, 200 acres, March 15, 1820; Westervelt to Abel I. Smith, April 28, 1820; Abel to "The Trustees of the Freeholder's Inhabitants of the Township of Bergen," April 29, 1820. The trustees, &c., sold the same to the "Overseers of the Poor of the Township of Bergen," May 3, 1833, who sold to the Board of chosen Freeholders of Hudson County.

Andrew Tead et ux. owned a large tract at Secaucus. They sold to Robert Leake, of N. Y., 400 acres, March 27, 1762. Leake died seized, and his property was inherited by his eldest son *Robert William,* who empowered John George Leake, July 7, 1774, to sell. He sold this tract to John Stevens, March 10, 1795.

We found a **Tract** now in the possession of Captain Archibald Kennedy at Horsimus. The State of The Title to which (being neither Patent nor Grant) we found to be very intricate.

It appears, that, the States of Holland granted New Netherland to The West Indie Company of Amsterdam. That, the said West Indie Company by their Governors in New Netherland purchas'd from Time to Time large Tracts from the Indians, and patented out the same in severalty to Dutch Subjects. This Tract at Horsimus (in possession of Kennedy) appears to be a Part remaining unpatented of a Large Tract of Land, now the Township of Bergen, purchas'd of the Indians by Governor Petrus Stuyvesant for the Use of said West Indie Company.

It appears probable that this Tract at Horsimus was peculiarly reserv'd for said West Indie Company having been always call'd **The West Indie Company's Farm.**

It's presum'd, that, this Tract stood thus circumstanc'd at the Time of the Surrender of this Country by the Dutch in the Year One thousand six hundred and sixty four; And, that, it remain'd secured to the said West Indie Company by the first Article of that Surrender; And as it was in their Possession by their Tenant at the Time of granting the Charter of Bergen; We conceive, it did not pass, by that Charter, And therefore is no part of the Common Lands of the Township of Bergen.

Then as to the Bounds, We find, That, Horsimus is a Tract nearly circumscrib'd by a natural Boundary. But as there has been laid before us several Patents hereafter mention'd for sundry Parcels of Land lying within that Boundary, and which we have run out, and ascertain'd there; Thence we are of Opinion, That, (The West Indie Company's Farm or) The Tract now in Possession of Captain Kennedy is limited by that natural Boundary of Horsimus, **Excepting and reserving** those Lands granted by and mention'd in the said several Patents.

Our Survey therefore of the Land now in Possession of Cap-
tain Kennedy at Horsimus Shews, and we Adjudge it (under the
*68 Exception & Reservation after * mention'd) to be a Tract mark'd
on the Map No. 169[*]

[*] After the purchase of Pauw's interest in Pavonis, this tract was held with great tenacity by the Dutch West India Company, and became known as their farm. By them it was regarded as the natural outlet for all the native commerce attracted to New Amsterdam from the vast country on this side of the Hudson. Its ownership was the main cause of Pauw's troubles, for the other directors were convinced that it gave him too much control of the Indian trade. Though for a long time diverted, commerce is returning to its first love, and old Ahasimus, with its surroundings, again becomes a depot for the great West and South of this country; and, as the natural terminus of the Pacific lines of railway, of the trade of the Orient. It originally included the whole of Ahasimus, but was reduced to about 383 acres by grants to Van Vorst and others. It was reserved to the Company by the first of the "Articles of Capitulation" in 1664: "We consent that the States General, or West India Company, shall freely injoy all farms and houses (except such as are in the forts)" etc. *O'Cal. But specially excepting and reserving as included within the Limits and Survey above describ'd the sundry Parcels of Land following, to wit,

"after the usual ringing of the City Hall bell three times," declared confiscated to the king the real and personal property of the Dutch W. I. Co., "in consequence of the Company's inflicting all sorts of injury on his Royal Majestie's subjects." From this time the Governors of N. Y. claimed the tract for the Duke of York, and it was known as the "Duke's Farm." By them leases were given. On March 1, 1667, Jacob Stoffelsen and wife received a lease to run from Jan. 1, 1667, for and during the life of the "longest liver." The wife survived Stoffelsen, and married Caspar Steinmets. He obtained a lease April 12, 1674, in right of his wife. Aug. 17, 1678, his wife being dead, he received a lease of the farm for life. Aug. 13, 1685, Gov. Dongan gave to John Palmer a lease for ninety-nine years of the reversion, "from the feast of St. Michael, the Archangel, next ensuing after the determination of the estate" of Steinmets. *Deeds* (*Albany*), vii, 170; *Col. Hist. of N. Y.*, iii, 411. Feb. 5, 1686, *John* and *Garret*, sons of Caspar Steinmets, bought the Palmer lease, and, after the death of their father, divided the farm; John taking the S. half, and Garret taking the N. half. Feb. 24, 1708. John conveyed his interest in the farm to his wife for her life, then to his nephew, Jacob Prior. After John's death, his widow married Peter Van Wooglem. They and Jacob Prior assigned to David Hennion, *alias* David Danielson, the remainder of the term under the Palmer lease. This was about 1715. In the meantime the freeholders of Bergen claimed the farm as common land under Carteret's grant of 1668. This the proprietors denied, and claimed it for themselves. Acting upon this claim they disposed of it, and the following is the history of the title as derived from them.

Robert West, one of the proprietors, by lease and release dated April 1 and 2, 1684, sold his interest in East Jersey to Thomas Cox. Cox sold to Sir Eugenius Cameron, of Lochiel, 13-40ths of his interest of 1-24th part, April 2 and 3, 1685. Sir Eugenius sold to Donald Cameron July 30, 1716. Donald Cameron sold to Evan Drummond, Nov. 17, 1721. Drummond sold one-half of said 13-40ths to James Alexander, July 17 and 18, 1723. Alexander reconveyed to Drummond 383 acres of unappropriated land, Feb. 22 and 23, 1724. On the 26th of the same month this amount of land was surveyed to Drummond by the Surveyor-General, "upon a tract of land formerly called the West India Company's Farm."

This survey was endorsed, with the approval of 16-20ths of the proprietors. The

money for the purchase and cost of location was furnished by Archibald Kennedy. Feb. 13, 1724, Drummond executed a declaration of trust that he held the land for the use and benefit of Kennedy. In 1725 Drummond filed a bill in Chancery against Danielson for that part of the farm held by him. Gov. Burnet made a decree in accordance with the prayer of the bill, Aug. 17, 1727. Sept. 18, 1727, Danielson acknowledged Kennedy as his landlord, and accepted from him a lease of the S. half of the farm until May 1, 1728. Oct. 10, 1727, Garret Steinmets, who was yet holding the N. half of the farm under the Palmer lease, surrendered to Kennedy, and accepted from him a lease for life at the rent of *one ear of Indian corn when demanded*, and a proper proportion of the Quit-rents reserved to the proprietors. Steinmets assigned his interest in this lease to Mattys De Mott Feb. 20, 1729.

On the expiration of Danielson's lease, Kennedy took possession of the S. half of the farm. The death of Garret Steinmets in 1733 gave Kennedy the possession of the N. half.

Drummond's will was dated Dec. 13, 1736. Andrew Johnson, his surviving executor, transferred the title to Kennedy, April 24, 1747. Thus his possession was complete, and his title as perfect as the proprietors could make it. He died June 14, 1763. By his will, his son Archibald, Earl of Casselis, received two-thirds of the property, and his daughter Catherine one-third. Catherine sold her interest in the farm to her brother, May 16, 1765, for £1333 6*s*. 8*d*.

From the time that Kennedy took possession of the farm, there was a continual strife between him and the freeholders of Bergen. Trespasses, ejectments, injunctions, indictments, verdicts, and decrees followed each other for nearly three-quarters of a century. Kennedy filed a bill for quiet possession Sept. 8, 1786. This was dismissed by Chancellor Paterson, March 6, 1793. The decree of dismissal was opened, and the cause reargued Feb. 11, 1794. A decree, dated Feb. 20, 1794, was made that the freeholders should bring a suit in ejectment in the Supreme Court, to be tried before a special jury from Somerset County, and the verdict certified to the Chancellor. Such suit was brought, and the jury rendered a verdict in favor of the freeholders, Feb. 27, 1800. Kennedy still held on, and a bill was filed asking the court to give effect to the verdict. A compromise was at last effected, and both parties sold to John B. Coles, of N. Y., Feb. 4, 1804.

Kennedy, Earl of Casselis, died Dec. 29, 1794, leaving two sons, *John* and *Robert*, who, by his will, dated Jan. 19, 1794, received all his lands in America. In 1803 they made Robert Watts, of N. Y., their attorney in fact, to sell their lands, and he executed the deed to Coles.

John B. Coles died seized, Jan. 2, 1827. His children were *Hannah, Eliza F., Isaac W., Benjamin U., John B.,* and *William F.*

The Farm was mapped in 1804, map made by Joseph F. Mangin.

The tract not being Patent land, no common land was allotted to it. Yet by virtue of his claim to the Farm, it was feared Kennedy might succeed in getting a portion of the commons. He quit-claimed all his right thereto for £310, to Wm. Bayard, Hendrick Kuyper, Cornelius Van Vorst, Cornelius Garrabrants, Cornelius Brinkerhoff, Michael Vreelandt, George Vreelandt, Andries Segaerd, Jacob Van Wagenen, George Cadmus, Peter Buskirk, John Buskirk, Margaret Buskirk, Johannis Van Wagenen, Abraham Sickles, Garret Newkirk, and Daniel Diedricks.

In front of this Tract, lying under the water in Harsimus Cove, a part of which is now the Long Dock property, a tract = 53¼ acres was surveyed by the proprietors to Elisha Boudinot, May 21, 1802. He sold to Nathaniel Budd Jan. 2, 1804, who sold to Willis Hall Oct. 1, 1835. On the same day Hall gave to Budd a consideration mortgage for $12,000. Hall sold to the N. J. Harbor Company (incorporated March 13, 1837) May 31, 1837. The mortgage was foreclosed, decree dated Oct. 18, 1840, execution dated Jan. 7, 1841, and Henry Newkirk, sheriff, sold to Mary Bell, Aug. 7, 1841. *Gough* vs. *Bell*, 2 *Zab.*, 441.

The S. half has descended to its present owner, John Winner, *Vide Note to Van Vleck's Patent*, p. 53. John Winner sold the N. half to Peter Stuyvesant, April 26, 1787, who occupied and kept tavern in an old house thereon. *Vide Note to Varlet's Patent*, p. 62. George Tise is the present owner.

° This lot was sold by the Commissioners of the Bergen Commons to Hendricus Kuyper, the highest bidder, at public auction, Sept. 5, 1764, for £7300, "proclamation or lawful money of New Jersey." The deed to Kuyper was dated Sept. 10, 1764, and on the same day he endorsed on the deed a declaration, that he held the same in trust as follows: 2-18ths for Anthony White of New Brunswick; 1-18th for George Vreelandt; 1-18th for Michael Cornelise Vreelandt; 1-18th for Garret Newkirk; 1-18th for Thomas Brown; 1-18th for Joris Cadmus; 1-18th for Jacob Van Horne; 1-18th for Cornelius Van Vorst; 1-18th for Cornelius Garrabrants, Jr.; 1-18th for Claas Vreelandt; 1-18th for Jacob Van Wagenen, Jr.; all of Bergen; 1-18th for William Bayard; 1-18th for John Van Dalson, both of N. Y. City; 1-18th for John Mersereau, of Staten Island; and 1-18th for himself. These parties had furnished the purchase money in the above proportions.

The money received for the lot was more than enough to defray the expenses of the allotment, and the following is interesting as showing what became of the surplus. It seems to have been copied from original papers in the possession of Azariah Dunham about 1799. It was entitled:

["Corporation of Bergen's Powers to the Trustees to appropriate surplus moneys to charges of Subdivision &c."]

"Know all men by these presents, that whereas, by an Act of the Legislature of the Colony of New Jersey, Entitled "an Act appointing Commissioners for finally settling & determining the several Rights, Titles and Claims to the Common Lands of the Township of Bergen, and for making a partition thereof in just and equitable proportions among those, who shall be adjudged by the said Commissioners to be entitled to the same." The Commissioners therein named and appointed were directed to set apart & sell so much of said Common Lands as they should think sufficient to defray the Charges of a general partition of the said Common Lands, and out of the moneys arising by such sale to detain in their hands the charges of the said general partition, and to pay the surplus (if any) to the Trustees of the Freeholders inhabitants of the said Township of Bergen, for the use of the Corporation.

And whereas, at a public meeting of the said Freeholders Inhabitants of said Township of Bergen, with the Trustees held at the Town of Bergen, on the second day of July last past, it was agreed and concluded, as well by the Trustees as the Freeholders Inhabitants of the said Township and Corporation of Bergen, that out of the surplus money arising by the sale of the Land aforesaid if sufficient for that purpose, the arrears of Quit Rents due from the Township to the General Proprietors of the Eastern Division of New Jersey, should be paid and discharged, and also, that out of the same if sufficient the Trustees should have all their reasonable demands against the said Township fully satisfied; and if any of the said surplus should then remain, it was also agreed and concluded that the same should be proportioned & divided among the said Freeholders and Inhabitants.

And whereas the Land so set apart hath, pursuant to the said Law, been lately sold, and produced a much greater sum of money than was expected, insomuch that after defraying the expense of the General Partition, discharging the Quit Rents to the General Proprietors, and the reasonable demands of the Trustees, a surplus will then remain sufficient (as it is conceived) to defray the whole charge that may accrue in making a Subdivision of the said Common Lands, if applied to that purpose.

And whereas, the charges attending the said Subdivision seem by the said law intended to be raised by selling a part of the Commons allotted to each respective Patent, which method, if pursued would be attended with length of time and many other inconveniences, troublesome to the Commissioners, and detrimental to the general interest of the Freeholders.

Therefore we the Subscribers, Freeholders Inhabitants of the Township & Corporation of Bergen, taking into Consideration the above matters, and finding that the law seems rather to permit than enjoin such sales to be made, do hereby appropriate such surplus money aforesaid, raised by the sale of the land aforesaid, set apart & sold for defraying the charge of the General Partition remaining after defraying the same, and the Quit Rents to the Proprietors, and the reasonable demands of the said Trustees, or so much of the said surplus as may be sufficient for that purpose, to be a fund for defraying the charge that may accrue on making all the subdivisions of the said Common Lands. And we do hereby authorize, impower, and order, Johannis Uriance, Hendricus Kuyper, and Helmigh Van Houte, or either of them (who we acknowledge to be Trustees) to pay unto, or otherwise suffer Charles Clinton, William Donaldson, Azariah Dunham, John Berrien, Abraham Clark jr, and

Jacob Spicer, or the major part of them (Commissioners in and by the law aforesaid named and appointed) to retain in their hands so much of the said surplus money, as will fully pay the whole charges of making the said Subdivisions of the said Common Lands, taking the said Commissioners receipts for each and every persons particular charge thereof, which receipts when produced shall be sufficient to discharge them, the said Trustees, and each of them, their, and each of their heirs, Executors and administrators of, and from so much of the said surplus money as the said receipt shall express to have been paid on account of the Subdivisions aforesaid. And we do hereby ratify & confirm whatsoever our said Trustees above named, any or either of them shall do in, and about the premises, pursuant to the power and directions above granted and prescribed, which shall be final and conclusive to us, and each of us our and each of our successors, heirs, executors and administrators, any act, matter, or thing whatsoever heretofore done by us any or either of us to the contrary hereof in any wise notwithstanding. And we, the said Johannis Uriance, Hendricus Kuyper, and Helmigh Van Houte, Trustees aforesaid and subscribers in quality of Freeholders, inhabitants & members of the said Township and corporation of Bergen, having an interest in the said surplus money, do, on our part hereby agree as follows:

Firstly, that so much of the said surplus money shall be applied to defray the charges of the said subdivisions of the said Common Lands as shall be sufficient for that purpose.

Secondly, that we will punctually conform to the power and directions above granted and prescribed by the other members of the Corporation aforesaid, and to each of them will account and pay their several respective proportions of all the said surplus money that shall remain in our hands (after our own reasonable demands and the charges of making the Subdivisions aforesaid) shall be thereout fully paid and discharged; if any part of the said surplus shall then so remain in our hands, not needed for the purposes aforesaid, and for the final ratification and true performance of these presents, We, the said Freeholders, Inhabitants, and Members of the Said Township and Corporation of Bergen (Trustees inclusive) have hereunto set our hands the Eleventh day of December, seventeen hundred and sixty-four.

The tract was divided into 37 lots; 18 fronting on Newark Bay, and 18 on Kill Van Kull, besides one other lot for the use of a ferry to Staten Island. Kuyper's associates received from him a deed for a lot on the bay, a lot on the kill, and 1-18th of the ferry lot. These deeds were dated March 7, 1765, and to each was annexed an original map, made by Azariah Dunham, one of the Commissioners, showing the division of the tract. The map, which I have reproduced, was copied from the original annexed to the deed to Cornelius Van Vorst. Only two deeds, viz., to Joris Cadmus and George Vreeland, are on record.

KILL VAN KULL LOTS

Nos. 1 and 2 were sold by Peter Ward, Sheriff, to James Bard Jan. 2, 1789, on an execution against Catherine Kuyper, administratrix of Henricus Kuyper, deceased. Edward Nichol sold the same to Charles Henry Lambert-Preudhomme Du Pont Jan. 14, 1800, who sold Lot No. 1 to Peter Van Buskirk Oct. 17, 1800, which he probably gave to his son-in-law, Cornelius Vreeland. Hartman Vreeland, David M. Demarest, Jasper Cadmus, and William Vreeland, conveyed to Peter Crary by two deeds, Dec. 24 and 25, 1747, several acres which lay within this lot, and possibly within Lot No. 2. The land hereabouts seems to have been mapped by R. M. Cary, surveyor, Dec. 10, 1847. Crary conveyed to Samuel D. Ingham and Matthew C. Jenkins a strip 300 feet on Kill Van Kull, by 272 feet deep, May 4, 1848; also another strip May 23, 1848. Hartman Vreeland et al. to Ingham and Jenkins over six acres east of the church lot Jan. 5, 1848. *Vide Note to Lot No.* 418, p. 155, and *Note to Lot No.* 5, p. 70. Ingham and Jenkins to William B. Reed and Philip Van Wart March 5, 1851, who partitioned March 1, 1852. Reed to Charles H. Winfield and Frederick F. Betts the S. E. corner May 25, 1855. Betts quit-claimed to Winfield Oct. 6, 1855; Winfield to Reed Aug. 6, 1856; Reed to Henry Paret April 30, 1857.

Lot No. 2 (?) seems to have been owned by Peter Van Buskirk, and by him given to his son in-law, William Vreeland, who conveyed to James L. Simonson, May 27, 1826, the whole lot, except half an acre in the S. W. corner, which he conveyed to Cornelius Simonson June 13, 1836. James L. Simonson conveyed to the Reformed Church of Bergen Neck Nov. 5, 1829; the church to Geo. W. Bruen Oct. 12, 1836; Bruen to the church Aug. 6, 1840; the church to John Paret Oct. 24, 1853. Paret also purchased the half-acre owned by Cornelius Simonson. Retaining this half-acre and some additional ground, he sold the residue of the lot to Samuel C. White, the present owner. Paret died seized of the S. W. corner Oct. 8, 1866, leaving children, *Caroline, Mary E., William, Henry,* and *Thomas D.*

No 3 was owned by Thomas Brown, and was inherited by his grandson, Andrew Gautier. Thomas B. Gautier sold it to David Leary Nov. 7, 1798, who sold to James Van Zyle May 1, 1804. Abraham Bedell sold it to Geo. W. Bruen Oct. 10, 1836 except ¼ acre in the S. W. corner sold to Wm. Stringham Dec. 27, 1831. *Vide Note to Andriesen's Patent,* p. 13.

No. 4 was deeded by Kuyper to Garret Newkirk. *Vide Note to Berry's Patent,* p. 51. By Newkirk's heirs, viz.: John Van Dalson, Matthew G., and Henry Newkirk, it was sold to James Van Buskirk Feb. 7, 1795. He, by will, dated Sept. 8, 1823, proved Dec. 27, 1823, gave it to his son Nicholas, who conveyed it to James Van Buskirk, by whom it was reconveyed to Nicholas March 17, 1849. Jacob Van Horn sold two acres off of the rear end of this lot to George McIntyre May 9, 1796. McIntyre's will, dated May 9, 1800, made his wife Dorcas his executrix. She sold all of her husband's lands at Bergen Point to Casparus or Jasper Zabriskie Jan. 1, 1802.

No. 5 was deeded by Kuyper to Joris Cadmus. He sold the W. half to Wilhelmus Vreeland. By will, dated Sept. 10, 1798, proved in Richmond Co., N. Y., Vreeland gave to his son Cornelius part of Lots Nos. 5 and 6 = 4 acres, who sold the same to Peter Vreeland July 17, 1818. On a partition of Cornelius' property, the whole of Lots Nos. 5 and 6 fell to his son Peter, who sold to Michael Zabriskie Aug. 8, 1833, who conveyed to Albert M. Zabriskie Feb. 19, 1834, who sold to Alexander M. Bruen May 25, 1835, who sold to George W. Bruen Oct. 10, 1835, who mortgaged to the

United Provinces from whence they have receiv'd their Ministers, and being now, and heretofore subject to, or a Part of the Classis of Amsterdam.

Vreeland heirs separately, May 2, 1836. By Henry Newkirk, Sheriff, the same was sold on foreclosure, decree dated Aug. 2, 1841, to Hartman Vreeland, David M. Demarest, William Vreeland, William Vreeland, jr., Jasper Cadmus et ux., and Elizabeth Cadmus, April 18, 1842. William Vreeland, jr., sold his interest to Hartman Vreeland and Jasper Cadmus, jr., Dec. 19, 1843. Peter Vreeland quit-claimed to its then owners Sept. 18, 1847, who sold to George W. Poillon Sept. 25, 1847, who sold to William P. Lee and James A. Williamson Sept. 1, 1860. *Vide Note to Lot* 418, p. 155.

No. 6 was deeded by Kuyper to Claas Vreeland, by whose will, dated July 23, 1801, proved May 21, 1803, it was given to his son Stephen, who sold it to Cornelius Vreeland July 29, 1806. *Vide Note to Lot No.* 5, p. 70.

No. 7 was deeded by Kuyper to Jacob Van Wagenen. Charles H. L Preudhomme du Pont sold it to John Butler April 12, 1804, excepting a strip = half an acre, which had been sold by him to Wm. Harrington, and by him to Martin Woods April 15, 1815. At one time the lot belonged to Richard Laurence. Woods sold to Jasper Zabriskie May 22, 1818. *Vide Note to Lot* 13, p. 70. Michael and Albert M. Zabriskie sold this and half of Lot 8 to George W. Bruen May 25, 1835.

No. 8 was deeded by Kuyper to Job Smith, and by him devised to his son John, who sold it to John Butler Oct. 26, 1793, who sold the W. half of it to Du Pont April 12, 1804, and the E. half to Jasper Zabriskie June 18, 1808. *Vide Note to Lot* 7, p. 70.

No. 9 was, with Lot No. 15, deeded by Kuyper to Anthony White. He died seized of Lots Nos. 9, 14, and 15, and Lots Nos. 1, 5, and 15 on Newark Bay. He left three children, *Johanna*, wife of John Bayard; *Euphemia*, wife of Wm. Paterson; and *Anthony W.* On partition of his estate, Aug. 27, 1798, *Lot* 9 on the Kill, and Lot 1 on the bay fell to Johanna; *Lots* 14 on the kill and 5 on the bay fell to Euphemia. Bayard et ux. sold *No* 9 to Peter Post Jan. 8, 1799, who sold to Du Pont Jan. 11, 1800, who sold to Elias Burger April 24, 1810, who sold to James R. Mullany, of the U. S. Navy, Jan. 14, 1824, who empowered his son *James R. M. Mullaney*, March 23, 1839, to sell. This attorney sold to Peter Vreeland and Michael Zabriskie May 7, 1839, that portion of the lot lying S. of Third Street. This deed is defective, because it was not executed by him as attorney. This defect was cured by the heirs giving a deed, Dec. 6, 1865. Vreeland sold his undivided half to Michael Zabriskie Sept. 9, 1840, who sold to his son *Albert M.* Oct. 25, 1841. He mapped it in 1841, and filed his map April 2, 1842. All of the lots have since been sold That part of the lot lying N. of Third Street, Elias Burger held at the time of his death, and by his will it passed to his daughter Maria. *Vide Note to Lot No.* 1, p. 70. Her trustees sold it to William Stringham, Feb. 2, 1847. Her children, who were of age, also gave deeds. Stringham sold in parcels to Winfield Stringham March 1, 1850; to Mary M., wife of William H. Wolvern; to James R. Stringham, to Sarah E. Earl, Jan. 2, 1862; and to John J. Van Buskirk. The kill end of the lot was divided on Zabriskie's map into two lots: one of them was conveyed by Albert M. to Michael Zabriskie Oct. 23, 1844, and by him to Rufus Story March 5, 1850. 1795, who sold to John Henry Beaureaux Pusey de Nemours Jan. 9, 1800, who sold by Peter Samuel du Pont his attorney to Victor du Pont de Nemours May 11, 1802. This and the *Ferry Lot* lying E. comprise the land whereon the La Tourette House (then known as *Bon Sejours*, or *Good Stay*) now stands. Du Pont sold his interest in "Good Stay" to Raphael Duplanty Jan. 24, 1806, who sold to Charles Cottinal Feb. 7, 1807. By Cottinal's will, dated May, 1806, proved July 3, 1807, Anthony Girard was named executor with power to sell. He sold "Good Stay" at public auction to Elias Burger April 11, 1808. Burger, by will dated March 1, 1816, proved March 17, 1827, gave the same to his daughter *Maria*, wife of James R. Mullany. She died seized in 1830, leaving seven children, viz.: *Mary B.*, *Jane A.*, *James R.*, *Elias B.*, *Andrew J.*, *John R. B.*, and *Erena Arietta*. By act of the Legislature, Jan. 20, 1843, Mary B., James R., and Elias B. were authorized to sell the property. They sold to David La Tourette April 30, 1845. On the same day the children executed another deed to La Tourette, who died seized (will, dated Feb. 3, 1862, proved Jan. 21, 1865), and his children now own what they have not sold.

No. 11 was deeded by Kuyper to George Vreeland. By his will, dated May 4, 1793, proved Aug. 14, 1795, he gave this lot and *No.* 2 on the Bay to his grandson George Vreeland, who sold *No.* 11 to James R. Mullany May 1, 1821, taking a consideration mortgage which was foreclosed and the lot sold by the sheriff to Albert M. Zabriskie May 26, 1837. Albert sold to Michael Zabriskie July 1, 1840, who sold to Jahiel Parmley Aug. 22, 1849, and Aug. 20, 1850; who sold to Edmund C. Bramhall Nov. 26, 1862. The deed of Aug. 20, 1850, was erroneous in description, but corrected by Zabriskie's executors Nov. 26, 1862.

No. 12 was deeded by Kuyper to Cornelius Garrabrants, who by will, dated April 7, 1814, proved July 30, 1814, gave the same to his daughters, *Jane*, wife of John Van Horne, and *Lenah*, wife of John G. Vreeland. *Vide Note to Lot No.* 417, p. 144. These devisees with their husbands by joint deed conveyed the same to Michael Zabriskie Aug. 13, 1822; who conveyed to his son, *Albert M.*, Aug. 31, 1840. Michael's wife, Jane, did not join in this deed, hence they executed another Oct. 22, 1844. Albert M. Zabriskie conveyed it to Andrew D. Mellick April 26, 1854; Mellick to George D. Phelps May 5, 1857. Henry B. Beaty, sheriff, on execution, sold Mellick's interest in the lot to Abigail Ayres March 26, 1859, and Phelps conveyed to Ayres June 28, 1860; Ayres to Charles A. Sherman July 2, 1860; Sherman to Andrew D. Mellick, jr., April 2, 1866.

No. 13 was known as the "Red House Lot." It was sold by Charity Stockholme to Peter Samuel Du Pont de Nemours April 11, 1800; who sold to John Xavier Bureaux Pusy May 11, 1802; who, by his attorney Peter Samuel Du Pont de Nemours, sold to Victor Du Pont de Nemours May 11, 1802; who sold to Jasper Zabriskie May 31, 1802. Zabriskie, by will without date, codicil dated Oct. 27, 1828, proved Nov. 15, 1828, gave it to his son *Michael* for life, then to his lawful issue "by any after marriage." On failure of such issue, then to the children of his grandson Albert M. Under this will it came to the children of Albert M. His son *Michael A.* sold one undivided eighth to Elizabeth D., wife of Andrew D. Mellick, Feb. 25, 1856. *David Zabriskie* sold one-eighth to his father, Albert M., Dec. 27, 1856. Samuel T. Brown, Hanson Carragan, and Jasper G. Cadmus, Commissioners, sold to Robert Mackie Dec. 13, 1858. This last deed does not seem to have been satisfactory, hence Albert M. Zabriskie, and his children, *Margaret Ann*, *Jane A.*, *Gertrude L.*, *Albert A.*, and *Samuel S.* (the last four infants), and Mellick deeded to Mackie. Mackie sold to

Sickles and Abraham Dedricks. The Deacons are now Mess$^{rs.}$ Johannis Van Wagenen, George Cadmus, Abraham Prior, and Hendrick Kuyper.

Elizabeth D. Mellick, April 28, 1859, a strip about 36 feet wide off of the E. side of this lot, which she sold to Abigail Ayres July 2, 1860; who sold to Charles A. Sherman July 2, 1860; who sold to Andrew D. Mellick, jr., April 2, 1866. The following deeds were given by the Zabriskie children to Catherine, wife of Robert Mackie: Samuel S., April 18, 1866; Gertrude L., July 14, 1862; Jane A., July 7, 1860; Albert A., July 12, 1864.

This lot formed part of the estate partitioned among Jasper Garretson's children. Alathea sold her allotment, plot A of share 6, to Benjamin F. Woolsey June 17, 1870.

No. 15. *Vide Notes to Lots Nos.* 9 *and* 14, p. 70.

No. 16 was, with *Lot No.* 16 on the Bay, deeded by Kuyper to Cornelius Van Vorst.

No. 18 and Lot No. 18 on the Bay were owned by Michael and Abraham Van Tuyl. Michael joined "the Army of the King," in January, 1779, his property was confiscated, and his interest in these lots sold at public auction May 15, 1787. Cornelius Haring, agent for forfeited estates, gave to Andrew Van Tuyl and George Douglas, June 20, 1787, a deed for one-half of this lot, one-half of lot 18, on the Bay, and 1-36th of the Ferry lot. It seems that Michael had sold the Kill lot to Richard Varick Sept. 12, 1774, and Varick's devisees, Abraham and Richard Varick, sold the same to George McIntyre, May 1, 1790.

I give these dates as I find them. McIntyre died seized. By his will dated Sept. 19, 1800, he gave to his wife Dorcas one-third of his lands, and made her his executrix. In March term, 1801, the Court ordered the property sold. At auction Aug. 24, 1801, she sold to Casparus Zabriskie 8 24-100ths acres on rear of lot No. 18, and 2 acres on rear of Bay lot No. 4. She, with her second husband, Moses Allen, sold 15 5-100ths acres, including Lot No. 18. Elias Enyard sold one acre on the front of this lot to

No. 18. *Vide Note to Kill Lot No.* 18. Forty acres, including nearly all of lots 15, 16, 17, and 18, were conveyed to Jacob Rabineau by Cornelius Van Horne June 16, 1836.

FERRY LOT.

The interests of the different owners of this lot became consolidated in Charles Henry Lambert Preudhomme du Pont, in 1800. I will not attempt to trace the several transfers. At that time it lay E. of the road. He annexed it to Lot No. 10, by procuring a relocation of the road to the E. side of the Lot, Feb 17, 1801. *Vide Note to Kill Lot No.* 10. It is well to observe that the road as now in existence is entirely upon the Ferry lot, and that the road was opened to the water and there connected with the Ferry. For many years, however, its use to the water's edge has been abandoned.

[*] Yet owned by the Church.

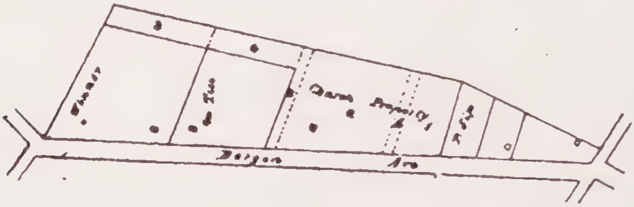
now stands. A strip N. of Highland ave., about 100 hundred feet in width, was sold by the Church to Garret Sip, May 5, 1863. This is marked No. 1, in the accompanying diagram. No. 2 is still owed by the Church. No. 3 was sold to John Blinner Nov. 25, 1863. No. 4 was sold to Isaac S. Taylor Jan. 7, 1868. A is Highland ave., and B. is Glenwood ave.



* Bergen Church was incorporated Dec. 20, 1771, by Act of the Legislature. On March 5, 1806, the Congregation determined to sell their lands, and the Consistory decided to sell this lot to the highest bidder. The E. part of the lot was sold to Jacob Prior April 30, 1806 (Elias Earl bought a piece of the lot, which Abraham Vreeland afterwards purchased). These sales were confirmed Jan. 28, 1814. Owing to an inaccuracy in the description, a new deed was given to Prior Dec. 5, 1809. His purchase was on the E. end of the lot = 30¼ acres and six perches. By will, dated Aug. 14, 1830, Prior gave this lot to his children *Nicholas* and *Gitty*, wife of Henry Allen. Allen et ux. sold their interest in the lot Oct. 2, 1833, and confirmed it by another deed July 16, 1850.

Nearly half of the lot remained in possession of the Church. The Consistory resolved, Sept. 21, 1835, to take the sense of the Congregation as to selling the lands of the Church. A paper was circulated for that purpose, and the result was 94 votes for the sale; 1 vote for the sale, "except the lands near where the church now is," and — votes for the sale, "except the old parsonage lot"; nays, none. An act was passed in 1837 empowering the Church to sell lands. The W. half of the lot = 31 80-100 acres, bounded N. E. by the heirs of Clendenny and David Vreeland, S. E. by Nicholas Prior, S. W. by John E. Post, N. W. by the old road, was [illegible] Stephen Garretson Feb. 11, 1839. The grantee being a deacon in the Church at the time, a question was raised as to his title. A confirmatory deed was executed May 31, 1851. Garretson sold to Luman Sherwood June 10, 1851, and he to Edwin J. Brown Sept. 27, 1852.

Begins at a Stake standing by a Street (which Stake is the Westerly Corner of a House Lot in Jan Lubertse's Patent mark'd on the Map No 158) and from said Stake runs North forty two Degrees West One Chain and forty five Links along said Street to the Square, Then North forty eight Degrees East one Chain and forty five Links to the easterly

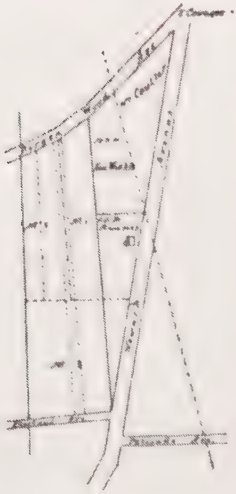
On this Lot a School House was erected in the earliest days of Bergen. It was standing in 1668, *Vide Note to Lubbertse's Patent*, p. 45, and used for church purposes until 1680. *Vide Long Isl. * This was a small triangular lot lying in the S. angle formed by the junction of Bergen ave. and a short street through which the horse cars now pass from Bergen ave. to Monticello ave. It was divided into three lots by the Trustees of Columbia Academy, all fronting N. W. on Bergen ave. They sold *Lot No.* 1, June 6, 1810, to Garret Van Winkle, bounded N. W. by Bergen ave., E. by Casparus Prior, S. W. by *Lot No.* 2. This I take to be the N. part of the tract.

They also sold 12–100ths of an acre to Richard Van Rypen May 19, 1810, and 4 48–100 acres to Casparus Prior June 6, 1810, being Lot No. 2, bounded N. W. by the road, N. E. by Lot No. 1, S. E. by Jacob Van Wagenen and Prior, and S. W. by Brinkerhoff. They also sold to Prior 18–100ths of an acre N. W. of the road March 9, 1814. *Vide Map in Note to Varlet's Patent,* p. 62.

† This lot lies E. of Bergen ave., and extends from Magnolia ave. on the S. to about 100 feet N. of Prospect st. or Pavonia ave. The trustees of Columbia Academy divided it into three parcels. *No.* 1 they sold to Joseph Simonson. *No.* 2 they sold in two parcels, the N. half to Samuel Osborn, April 4, 1808; the S. half to Richard Stager, on the same date. These sales were confirmed by the Legislature. *Vide Laws of* 1814, p. 202.



Simonson sold to Garret J. Newkirk May 4, 1809. Newkirk died seized Aug. 22, 1818, leaving children, *Jacob, George, Sophia,* wife of James Provost, *Garret* and *Catherine,* wife of George Vreeland. These children inherited *Lot No.* 1. Jacob, George, and Sophia conveyed their interest to John Tise July 9, 1835. Garret conveyed to Tise Sept. 13, 1836. Catherine conveyed to Tise April 9, 1838. Tise was now owner of *No.* 1. He conveyed it to Richard Tise March 25, 1845. On execution against John Tise, Sheriff Van Winkle conveyed to Geo. Coghill July 18, 1846; who quit-claimed to Richard Tise Feb. 5, 1847; who conveyed to Jared W. Graves

Begins at a Stake standing by the Road that leads rom the Town to the English Neighbourhood (which Stake is the Northerly Corner of a Lot in John Berry's Patent mark'd on the Map No 125) and from said Stake runs North thirty one Degrees and thirty Minutes East six Chains and sixty two Links along said Road to a Stake, Thence South thirty eight Degrees and forty five Minutes East nineteen Chains and twenty eight Links to a Stake standing in the Northwesterly Line of a Lot in Nicholas Varlet's Patent, mark'd on the Map No 127) Thence South thirty two Degrees West six Chains and sixty two Links along said Varlet's Line to a Stake being the easterly Corner of the said Lot of John Berry mark'd on the Map No 125, Thence North thirty eight Degrees and forty five Minutes West nineteen Chains and twenty eight Links along the Line of said Berry to the Place of Beginning.

Feb. 5, 1847; who conveyed to Andrew L. Cadmus and Wm. G. Plummer Oct. 31, 1857. On foreclosure of a mortgage, Ogden, master, conveyed to Wm. G. Plummer, Andrew L. Cadmus, and Silas H. Jessup. The property was mapped in 1868. This part of *No.* 1 lies W. of Willow Court street. What lies E. of that street, and immediately S. of the Court House, John R. McPherson conveyed to the Board of Chosen Freeholders a short time ago, and it is now a part of the Court House property. Osborn conveyed his half of *No.* 2 to Jacob Newkirk May 16, 1809, and Stager conveyed his half to the same Newkirk June 29, 1809. Newkirk died seized Aug. 15, 1860, leaving children, *Jacob*, *Abraham*, *Sophia*, wife of Blakely Wilson, and *Effie*, wife of Daniel Van Winkle. It is now owned by Mrs. Graves (Hudson City Seminary), Thomas E. Bray, John W. Gaffney, St. Joseph's Church, *et al.* The Trustees sold *No.* 3 to Henry Van Winkle April 4, 1808. He died seized Dec. 13, 1848. By will he left all his lands to Peter Bently and Jacob Van Wagenen in trust for his two daughters, *Aletta*, wife of Dr. John M. Cornelison, and *Effie*, wife of William Thomas.

* In the allotment of the Common Lands the Commissioners had regard to the location of the Patents to which they were allotted. From and including the Weehawken Patent south along the river to and including Dirck Sycan's first Patent, the owners thereof received lands extending from the river back to what was known as the Bergen Line. The reason assigned for this was, that these persons could boat their fuel from their wood-lots to their homes. The district in which these lots, assigned to the shore owners lay, was known by the general name of Slonga. It lay between Weehawken and the northerly bounds of the county.

The owners of the patented lands south of the southerly bounds of Dirck Sycan's first Patent received their commons in that immediate vicinity—in Greenville and Bayonne; then known as Minkakwa, Pembrepogh, and Bergen Point.

The owners of patented lands on the Hill received their commons north of the patented lands, and between the westerly line of the shore lots and the easterly line of the Secaucus Commons. This district was known by the general name of Bergen Woods, but sometimes called the Bergen Lots.

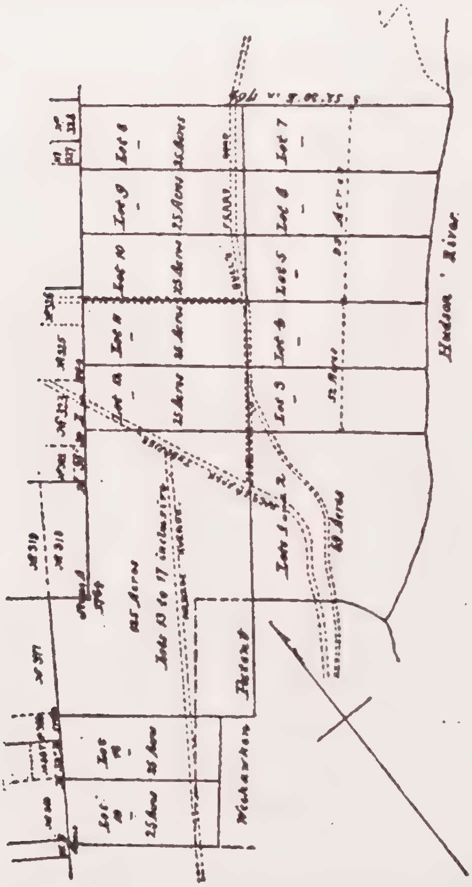
The lands allotted to the patent of Secaucus were known by the name of the Secaucus Commons.

It is scarcely necessary to remind the reader that the private ownership of the lots hereinafter described, having been held in common up to that time, does not date beyond the Field Book.

† *Lots Nos.* 201, 202, 203, were confiscated as the property of William Bayard. *Vide Note to Hoboken Patent*, p 6. Haring, the agent for forfeited estates, caused the land embraced within these three lots to be surveyed and laid out into 19 lots. Careful search and extended inquiry have been made for this map, but without success.

Then North fifty two Degrees and thirty Minutes East forty three Chains and seventy five Links to a Red Oak Tree on the East side of a Brook (being the Northerly Corner of Jacob Luby's Patent mark'd on the Map No 144), Thence along the Line of said Luby's Patent South fifty nine Degrees West thirteen Chains and twenty one Links to the Line of said Wiehaken Patent, Then along said Wiehaken Patent North fifty two Degrees and thirty Minutes West to the Place of Beginning, Containing (an after Allowance for the Hill) about One hundred & thirty three Acres.

Nevertheless, I have been able, with proper assistance, to reproduce the map from the descriptions in the Haring deeds. I have no doubt of its accuracy as here inserted, reduced to one third of the size of the lots on the Field Map.



Lots Nos. 1 and 2—65 acres, Haring sold to Daniel Baldwin Dec. 1, 1784. This tract includes Kings Point, or "Highwood." Baldwin conveyed to Daniel Smith March 28, 1788, who conveyed it to his son Daniel Sept. 3, 1796; who conveyed to David Hennion July 25, 1815. Hennion gave to Smith a mortgage. Smith seems to have died about this time, and his heirs released to Charles Watts in February and March, 1819; who conveyed to Moses Isaacs Nov. 4, 1819. Smith assigned the Hennion mortgage to Philip Earle, who foreclosed and purchased the property at sheriff's sale June 3, 1822. The Hoboken Land Improvement Company conveyed to James G. King June 6, 1842, 14 4-10 acres, including the "Point." Mr. King purchased of Philip Earle's executors two acres near the gate house April 18, 1840. All of these two lots lying E. of the Bulls Ferry road is now owned by the heirs of James G. King.

Lots Nos. 3 and 4. The Commissioners of the loan office of Bergen County, *Vide Act of the Legislature, passed May* 26, 1786, sold these lots to Peter Zabriskie,* executor of Jacob Zabriskie, March 4, 1791. Zabriskie conveyed them to James Van Horne March 12, 1792. They are now owned by the heirs of James G. King.

* To the Patent of Hobócken granted by Petrus Stuyvesant to Nicholas Varlet dated the fifth Day of February One thousand six hundred and sixty three and confirm'd by Patent from Philip Carteret to said Nicholas Varlet dated the twelfth day of May One thousand six hundred and sixty eight. *76

We do **allot** the three several Parcels of Land following.

Our Survey whereof shews, and we adjudge them to be three Tracts

The First whereof (mark'd on the Map No 233) lying on the Southeast side of the High Hill adjoining the said Patent of Hobocken

Begins at a Heap of Stones (being South fifty two Degrees and a Half East three Chains and forty Links from the Westermost Corner of Wiehaken Patent) and from said Place of Beginning runs South thirty three Degrees West twenty eight Chains on the Top of the Hill, Then South fifty seven Degrees East two Chains, Then South thirty three Degrees West thirty Chains to a Heap of Stones by a Dogwood Tree blaz'd, Then South fifty seven Degrees East one Chain, Then South thirty three Degrees West ten Chains, Then South fifty seven Degrees East two Chains, Then South thirty three Degrees West eleven Chains and thirty Links to a Heap of Stones in a Path that goes down the Hill towards Hobocken, Then North fifty seven Degrees West One Chain, Then South thirty three Degrees West nineteen Chains and twelve Links,

Lots Nos. 5, 6, 7, 8. Daniel Baldwin seems to have owned these lots. On an execution against him, Peter Ward, sheriff, sold them to Jonas Ward March 25, 1788. Elijah Gardner afterwards owned at least part of them—probably purchased from Ward. Matthias Ludlam seems to have owned a considerable part of these lots, which he conveyed to David Deas Oct. 7, 1789, in trust for James Deas (who had married Susanna, daughter of Ludlam), for life, then to his children. By will, dated April 18, 1812, proved May 30, 1812, James Deas gave all his lands to his wife for life, then to his children equally. These heirs conveyed to James Brown 26 42-100 acres July 31, 1852, and 19 acres to James G. King Jan. 10, 1853. This last tract seems to have been covered by a deed from Henry Ludlam to James Deas Aug. 8, 1796; also by a deed from Francis Myerhoff to James Hanna June 22, 1808. Mr. King also purchased from the Deas heirs, Nov. 28, 1849, the strip lying between the top of the hill and the river.

Lot No. 9. On an execution against Robert Neil, Peter Ward, sheriff, sold this lot to James Grier Jan. 1, 1790; who sold to Elijah Gardner March 26, 1801. He died seized.

Lot No. 10 was sold by Haring to Aaron Wyman, who conveyed to Elijah Gardner Feb. 24, 1787. Of this lot and several others Gardner died seized in June, 1807, leaving his property to his three sons, *James F., John* and *Thomas.* The last two released to James F. July 4, 1827; who died in 1852, leaving *Charles E., James, Robert, Elijah* and two daughters.

Lot No. 11 was sold by Haring to William Jackson May 10, 1784. Jackson died seized, and by will gave this lot and *Lot No.* 12 to his sons, *Henry* and *John F.* The latter conveyed his interest to Henry Dec. 23, 1815. He sold the two lots to John Zule May 1, 1819; who sold to William J. Cantello Nov. 29, 1827; who sold to Peter Kerrigan June 14, 1828; who conveyed to Cantello June 6, 1834; who conconveyed to Enoch Durar Oct. 22, 1844; who conveyed to the Hudson County Real Estate Company Feb 23, 1852. It was mapped in 1852; map filed March 15, 1855.

The Second (mark'd on the Map No 203)

Begins at a Stake standing North thirty six Degrees and thirty Minutes East fourteen Chains and twenty five Links from a Stone planted and mark'd **A 1764** (which Stake is the Northerly Corner of a Parcel of Land mark'd on the Map No. 202 allotted to the small Patent of *77 Jacob Luby) and from said Stake the Place of Beginning) * runs South fifty two Degrees and thirty Minutes East fifty two Chains and fifty Links to Hudson's River, Then returning to said Stake the Place of Beginning and from thence runs North thirty six Degrees and thirty Minutes East sixty two Chains and twenty-five Links to a Stake standing near two large Trees each mark'd D, Thence South fifty two Degrees and Thirty Minutes East fifty seven Chains and fifty Links to a Heap of Stones near Hudson's River, Then Southerly down said Hudson's River as the same runs till it meets the first mentioned Line in the Survey that runs to said River, containing (after an Allowance for the Hill) about three hundred and sixteen Acres.

The Third (mark'd on the Map No 219) *

Durar reserved the S. corner of the plot which embraced not only *Lots Nos.* 11 and 12, but the N. E. corner of *Lot No.* 13, lying E. of the Hackensack turnpike. The tract now comprises that part of Union Hill lying E. of the Bergen line and S. ot Paine or Union street.

Lot No. 12 was sold by Haring to William Jackson May 6, 1784. He conveyed to Robert Neil Oct. 23, 1784. It was owned by John Seely in 1789. Jonas Ward conveyed it to Henry Jackson Aug. 4, 1790. Jackson conveyed to John Stevens the N. W. corner, lying W. of the turnpike May 23, 1807, *Vide Note to Lot No.* 11, *Lots Nos.* 13, 14, 15, 16, 17, were sold in one body by Haring to John Stevens Aug. 25, 1784. Stevens conveyed to Henry Jackson the S. E. corner of the N. part of the tract (or *Lot No.* 13) lying E. of the turnpike May 23, 1807. It remained in the Stevens family until it was conveyed to the Hoboken Land Improvement Company, who yet own the most of it.

Lot No. 18 was sold by Haring to William Jackson May 6, 1784.

Lot No. 19 was sold by Haring to Cornelius Van Vorst March 21, 1785, *Vide Note to Van Purmerent's Patent*, p. 7. Van Vorst gave it by will to the heirs of his daughter *Neeltje*, wife of Henry Traphagen, who conveyed 21 acres to Hiram Gilbert and Cyrus S. Browning Oct. 19, 1835. Gilbert quit-claimed to Browning Oct. 19, 1835. John P. Lester owned it in 1840. J. P. Richardson owned the balance lying in the N. E. corner of the lot.

* Sold by Cornelius Haring, agent for Forfeited Estates, to Cornelius Huyler Aug. 25, 1784; *also*, a lot of salt meadow N. of Somerindyke in a square, 2 chs. 75 lks., bounded S. by Somerindyke, W. by Secaucus Commons, N. by meadow, now or late

of Oliver De Lancy, E. by the river = 2 3-4 acres. *Vide Note to Van Ruyven's Patent*, p. 65; *also*, a lot of meadow bounded S. by Jacob Van Orden, W. by Secaucus Commons, N. by the property of the State, E. by the river = 4¼ acres; *also*, a piece of Mordanis Meadow, bounded E. by the river, W. by *Lot No.* 219, N. by a creek = 2 acres. Cornelius Huyler died seized, and his executors, Abraham and Peter Huyler, sold 4¼ acres, known as "Freemason's Island," to George De Mott Nov. 1, 1827. On the same day De Mott resold it to Abraham Huyler; who sold it to Jacob S. Platt Aug. 6, 1836. Of "Freemason's Island" Cornelius Huyler seems to have died seized, and it was then divided into lots and, I believe, distributed among his children. The 4¼ acre lot was part of it. In this last deed was included 22 72-100 acres including the dock at Bulls Ferry; also 5 45-100 acres of Mordanis Meadow next to Hardingbrooks. Platt conveyed to Abraham Mitchell, John De Groot, and Joseph J. Waldron, each an undivided third Aug. 6, 1836. Waldron conveyed his third to Charles Waldron; who conveyed to Mitchell Aug. 29, 1838.

* Van Vorst died seized Sept. 30, 1818. By his will he gave to his son John one-half of his property at Showhank and at Slonga, and to his grandson Cornelius the other half. These devisees partitioned by deed Oct. 26, 1821. John took 40 acres out of the E. part of the Slonga lot, and Cornelius received 27 18-100 acres. At the same time they also partitioned the property at Showhank, which included *Lots Nos.* 237, 238, and 239 (formerly of Kuyper). Cornelius received two lots; one of upland = 51 43-100 acres, the other of upland and meadow = 13 83-100 acres. John received two lots; one of upland = 51 43-100 acres, the other of upland and meadow (on which was the Showhank Mill) = 13 83-100 acres. This mill stood at the bottom of the ravine, a little N. of the Hoboken Road. It was destroyed by fire in 1835. Cornelius sold to John 33 83-100 acres at Showhank June 5, 1824.

Of the E. end of this lot John died seized Jan. 30, 1832. The Commissioners in partition sold to Dudley S. Gregory, Oct. 30, 1843, the Slonga lot. *Vide Note to Van Vorst's Patent*, p. 6. Cornelius had the W. part, and died seized Jan. 3, 1852, leaving children, *Elizabeth, Cornelius, Mary B.*, wife of Wm. P. Powers, *Sarah*, wife of Robert Sewell, *Anna G., Julia, Susan*, wife of Louis Dezarmauld. *William B., Antoinette*, wife of *Toler* Booraem, who yet own their father's part of the Slonga lot.

As by the same original Notice filed in the Office of the Clerk of the County of Bergen may appear—A true Copy of which said Notice was printed and published in two of the public News Papers commonly called the New York Gazette & Mercury, to wit, in the Gazette Numbers 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, & 305, and in the Mercury Numbers 665, 666, 667, 668, 669, 670, 671, 672, 673, 674, 675, & 676, as by the same News Papers refference being thereto had may appear. Copies of which said Notice were also affixed on the Court House in Hackinsack and the Church in Bergen.

And we the said five Commissioners having met pursuant to the said Notice and before ent'ring upon the Execution of the Business being joined by Jacob Spicer We the said six Commissioners with George Clinton one of our Surveyors (Jonathan Hampton the other Surveyor having been notified and not attending) did proceed to the Subdivision of the Common Lands which have been allotted to each respective Patent or Grant within the Bounds and Limits of the said Township of Bergen.

And here we think it needful to observe—That inasmuch as the Field Work or Surveys of the Subdivision which are to be recorded in this **Second Part** of the Field Book cannot be laid down and represented on the Schedule or Map of the General Partition without rendering (in many Respects) the whole Map unintelligible, We have therefore found it necessary to annex (to the Schedule of the General Partition) two other Schedules protracted from a larger Scale for the Purpose of the Subdivision. Which three Schedules together, do form and make up the **one whole map**. One of these Schedules of the Subdivision we have distinguished by the Title "**Schedule A**," and the other by the Title
*125 "**Schedule B**," And upon these * two Schedules we have laid down and represented the Surveys of the whole Subdivision.

And We think it further necessary in Regard to these two Schedules of the Subdivision to observe once for all—That as each and every of the

Lots of Common Land which have been allotted to the respective Patents upon the General Partition are represented on the Schedule or Map of the said General Partition, and are there respectively distinguished by a particular Number, So we have laid down each and every of these Lots in their Order upon the two Schedules of the Subdivision and have there distinguished them by the very same Numbers as they are respectively distinguished on the said Schedule or Map of the General Partition excepting a few small Lots of Common Land lying in and about the Town which may be seen in the Town Plot on the Map of the General Partition.

And these Things being premised We proceeded in the Business of the Subdivision and that in the Order following, to wit,

William Bayard Esqr claimed the said Lot, and upon Examination of his Title we conceive him to be the true Proprietor And do therefore adjudge the said Allotment to belong to him.

> With Respect to the three Lots of Common Land which have been allotted To the Patent of Hobocken granted by Petrus Stuyvesant to Nicholas Varlet dated the fifth Day of February one thousand six hundred and * sixty three, and confirm'd by Patent from Philip Carteret to said Nicholas Varlet dated the twelfth Day of May One thousand six hundred & sixty eight, being these three Lots of Common Land, which in the Field Book & Map of the General Partition are distinguished by the Numbers 233, 203 & 219. *126

Michael De Mott & George De Mott claimed the same Lot as Tenants in Common thereof, and upon Examination of their Titles We conceive them to be the true Proprietors And do therefore adjudge the said Allotment to belong to them the said Michael & George De Mott in equal moietys.

With Respect to the Lot of Common Land which has been allotted To the Patent of Philip Carteret to Petrus Stuyvesant dated the thirty first Day of July One thousand six hundred and sixty nine, being that Lot of Common Land which in the Field Book & Map of the General Partition is distinguished by the Number 217.

* *Vide Note to Pieterse's Patent*, p. 40. Garret died April 23, 1785, and by will gave his lands to his two sons *Matthew* and *Hendrick*. Cornelius, a brother of Garret, died intestate Sept. 10, 1781, a bachelor, and his property was inherited by his nephews Matthew and Hendrick. Hendrick died July 8, 1795. By will, dated July 7, 1795, proved Sept. 28, 1811, he gave all his realty to his sons, *Garret* and *George*. Hartman Van Wagenen, who married their sister *Catherina*, quitclaimed March 4, 1814. They partitioned by deed July 24, 1825 (?). Garret died Aug. 28, 1832. * *Vide Note to Steenhuysen's Patent,* p. 32.

Proprietor of said House Lot is We do not declare to whom the said Allotment of Common Land does belong.

With respect to the two Lots of Common Land which have been allotted to the Patent of Philip Carteret to Hendrick Van Ostrum, dated the Tenth Day of November, one thousand six hundred and seventy seven, being these two Lots of Common Land which in the Field Book and Map of the General Partition are distinguished by the Numbers 209 & 239

Hendricus Kuyper Esq$^{r.}$ claimed the said two Lots and no other Person or Persons claiming the same or a Subdivision thereof We upon Examination of his Title conceive him to be the true Proprietor; And do therefore adjudge the said Allotment to belong to him.

* With respect to the Lot of Common Land which has been allotted to the Patent of Philip Carteret to Claas Jansen Vanpurmerant, dated the thirty first Day of March one thousand six hundred and sixty eight, being that Lot of Common Land which in the Field Book and Map of the General Partition is distinguished by the Number 210 *219

Hendricus Kuyper Esq$^{r.}$ claimed the said Lot and no other Person or Persons claiming the same or a Subdivision thereof We upon Examination of his Title conceive him to be the true Proprietor; And do therefore adjudge the said Allotment to belong to him.

With respect to the Lot of Common Land which has been allotted to the Patent of Petrus Stuyvesant to Jan Vinge, dated the fourth Day of June, one thousand six hundred and sixty three, being that Lot of Common Land which in the Field Book and Map of the General Partition is distinguished by the Number 218

Oliver De Lancey Esq$^{r.}$ claimed said Lot as Attorney for, and in Behalf of the Devisees of Sir Peter Warren deceased And upon Examination of the Title (no other Person or Persons claiming the same or a Subdivision thereof) We do adjudge the said Allotment To belong to the Devisees of said Sir Peter Warren agreable to his last Will & Testament bearing date the twenty sixth Day of July one thousand seven hundred and fifty two.

* With respect to the Lot of Common Land which has been allotted to the Patent of Petrus Stuyvesant to Cornelius Van Ruyven, Paulus Lendertz, Alard Anthony and Johannis Ver Brugen dated the twenty first Day of November one thousand six hundred and sixty three, being that Lot of Common Land which in the Field Book & Map of the General Partition is distinguished by the Number 207. *220

We understand that a great Number of Persons claim Interest in the said Allotment as Tenants in Common thereof, But as few or no Title Papers have been laid before us We cannot judge who the true Proprietors are; And therefore decline proceeding to any Subdivision thereof.

*221 * With respect To the Lot of Common Land which has been allotted To the Patent of Petrus Stuyvesant to Nicholas Varlet and Nicholas Bayard dated the tenth Day of December, one thousand six hundred and sixty three, confirm'd by Patent from Philip Carteret to said Varlet & Bayard dated the thirtieth Day of October, one thousand six hundred and sixty seven, being that Lot of Common Land which in the Field Book & Map of the General Partition is distinguished by the Number 283.

William Bayard Esqr. claimed the said Lot as the sole Proprietor, at the same Time a great Number of other Persons claim'd the same as Tenants in Common thereof, And after a long Deliberation and the most mature Attention as well to the Nature of the various Claims as the Opinion of sundry Council deliver'd on the Subject We find the Mater upon the whole to be so intricate, obscure & doubtful that we are not able to obtain such Clearness & Unanimity as is necessary to enable us to pronounce upon the Mater being equally divided in Opinion, And therefore We do not declare to whom or among whom the said Allotment of Common Land does belong.

Given under our Hands at Bergen
this 7th Day of March 1765.

CHAPTER V.

SECAUCUS COMMONS.

The preceding Field Book disposes of all the Land in the old Township of Bergen, and settles the ownership of nearly all the Common Lands except the Tract allotted to the Patent of Secaucus. This was not subdivided by the first commission and the reason therefor probably lay in the fact that many of the owners were non-residents who had, by inheritance, become owners of considerable parts of this Patent, which were undivided. This confusion of ownership practically prevented an allotment, until finally the political troubles between England and the Colonies intervened. As soon as peace was re-established efforts were made to obtain a subdivision of the allotment. But for several reasons further legislation was necessary to secure this object. Thereupon the Legislature of New Jersey enacted as follows:

CHAP. XLVIII.

A Supplementary ACT *to an Act, intitled, An Act appointing Commissioners for finally settling and determining the several Rights, Titles and Claims to the Common Lands of the Township of Bergen, and for making Partition thereof in just and equitable Proportions among those who shall be adjudged by the said Commissioners to be entitled to the same.*

WHEREAS an Act of the Legislature of *New Jersey* was passed in the Year One Thousand Seven Hundred and Sixty-three, intitled, *An* Act *appointing Commissioners for finally settling and determining the several Rights, Titles and Claims to the Common Lands of the Township of Bergen, and for making Partition thereof in just and equitable Proportions among those who shall be adjudged by the said Commissioners to be entitled to the same*, by which said Act *Jacob Spicer*, *Charles Clinton*, *William Donaldson*, *Azariah Dunham*, *John Berrien*, *Samuel Willis* and *Abraham Clark*, jun. Esquires, and the Majority of them, and the Survivors and Survivor of them, and the Majority of such Survivors, were appointed Commissioners for making Partition of the Common Lands of the Township of *Bergen* aforesaid, according to the Directions of the said Act: And whereas the said Commissioners, or the Majority of them, in or about the Year One Thousand Seven Hundred and Sixty-four, proceeded to execute the said Trust, and having first surveyed the Outlines of the said Township and the several Patents, and allotted them their respective Proportions of the common Land, made the Subdivisions thereof, and located to each and every Proprietor his and their respective Shares, according as the said Commissioners judged agreeably to Right, except in the single Instance herein particularly provided for: And whereas in making the Subdivisions aforesaid, a Patent was produced to them, called the Patent of *Secaucus*, dated the tenth Day of *December* in the Year of Our Lord One Thousand Six Hundred and Sixty-three, granted by *Peter Stuyvesant*, the then Dutch Governor, to *Nicholas Varlet* and *Nicholas Bayard*, and confirmed to the said *Varlet and Bayard* by Governor *Philip Carteret* on the Thirteenth Day, of *October*, in the Year of our Lord One Thousand Six Hundred and

Sixty-seven, to which Patent the Commissioners set apart a certain Lot of Land, called the common Lands allotted to the Patent of *Secaucus*, in the Corporation of *Bergen*, and which said Lot is distinguished by the said Commissioners' Field-Books and Maps of the General Division by the Number Two Hundred and Eighty-three; Duplicates of both which said Books and Maps are said to be filed as of Record in the Secretary's Office in *Perth Amboy*, and in the Clerk's Office in the County of *Bergen:* AND WHEREAS a great Number of Persons did put in their Claims for the said Common Lands, in considering of which Claims many Difficulties occurred, and the Commissioners then present being equally divided in Opinion, were prevented from finally determining to whom the said Lot of Land did belong, as appears by the Record thereof made by the said Commissioners in their said Books: AND WHEREAS all of the said Commissioners appointed by the said Act, except two, are since deceased: AND WHEREAS many Difficulties and Inconveniencies have arisen in and about the Execution of the said Act, in the determining the Claims to the Lands allotted to the Patent of *Secaucus*, so that a total Obstruction is put to the Commissioners' further proceeding;

Sect. I. BE IT THEREFORE ENACTED *by the Council and General Assembly of this State, and it is hereby Enacted by the Authority of the same*, That *Abraham Clark*, *Azariah Dunham*, *Silas Condict*, *John Carle*, and *Daniel Marsh*, Esquires, shall be, and are hereby appointed Commissioners for settling and finally determining in whom the Right or Rights of the said common Lands allotted to the Patent of *Secaucus* is or are vested; and if it shall appear to the said Commissioners, or the major Part of them, that a Division or Subdivision of the said common Lands is necessary, then the said Commissioners shall proceed to make Division thereof, and shall cause two Field-Books and Maps to be made, specifying the Bounds of each and every Lot, and to whom allotted, which said Maps and Field-Books shall be signed by the said Commissioners, or the major Part of them, and their Surveyor or Surveyors: And if the Commissioners shall be of Opinion that the Right of the said common Land is vested in one Person, they shall certify the same under their Hands; and one of the Field-Books and one Map of the Allottment with its Subdivisions, if such Subdivision is found necessary, or Certificate, shall be filed of Record in the Secretary's Office; and one other Field-Book, Map or Certificate, shall be filed in the Clerk's Office of the County of *Bergen*, to be kept and remain as Evidence, and shall be, and are hereby made conclusive Evidence of the Transactions of said Commissioners, and such Opinion of the said Commissioners shall be deemed good and valid in Law to establish the Right and Title of the Proprietor or Proprietors of the said common Lands.

2. *And be it further Enacted by the Authority aforesaid*, That the Commissioners hereby appointed, before they enter on the Execution of any Part of the Trust reposed in them by this Act, shall severally take an Oath, and qualify in the same Manner and Form as the Commissioners named in the above recited Act were required to do; and thereafter they, and their Surveyors and Chain-Bearers, shall be vested with the same Powers and Privileges respecting the said Lot of common Land allotted to the said Patent of *Secaucus*, and be entitled to the same Reward for their Services, and subject to the same Restrictions and Regulations, as the Commissioners appointed by the above recited Act, their Surveyors and Chain-Bearers were respectively entitled and subject

to, and the whole Expence which shall or may accrue by the Execution of this Act shall be paid and defrayed out of the Surplus or remaining Money appertaining to the Proprietors of the common Lands of the Corporation of the Township of *Bergen*, provided the same, or a sufficient Part thereof for defraying the Expence of the said Subdivision, can be obtained by the said Commissioners upon Demand of the Persons who were Trustees of the Freeholders of the Township of *Bergen*, at the Time the other Parts of the Commons of *Bergen* were divided, or of their Executors or administrators, to which Trustees at that Time the Surplus aforesaid is said to have been paid by their Commissioners; and in case the said Commissioners, upon their entering upon the Execution of the Business to which by this Act they are appointed, shall not be able to obtain from said Trustees or their Representatives upon Demand the Whole, or so much of the Money appertaining to the Proprietors of the common Land of *Bergen*, which was paid to the said Trustees by the former Commissioners, as in their Opinion will be sufficient to defray the Expence attending the Business to which by this Act, they are appointed; that then, and in such Case, the said Commissioners, or the major Part of them shall be, and they hereby are authorized, directed and empowered, to set apart so much of the common Land allotted to the Patent of *Secaucus*, as in their Opinion will be sufficient to complete the Settlement and Division of the said Commons; and the said Commissioners herein named, and the major Part of them, shall be, and they hereby are invested with all the Powers granted to the Commissioners named in and by the before recited Act for granting, conveying and assuring, the Land they may set apart as aforesaid; and any Sale or Sales by them to be made of such Land shall be good and valid, and entitle the Purchaser or Purchasers to an absolute Estate in Fee-Simple for the same, in which said Sale or Sales the said Commissioners shall be Governed by the same Rules, and in all Things conduct themselves in the same Manner, as the Commissioners named and appointed in the before recited Act were directed to govern and conduct themselves.

3. AND, to the End that the Trustees of the Freeholders and Inhabitants of *Bergen*, or their Executors or Administrators, may not on any Pretence whatever withhold any Part of the Money deposited in their Hands which remained of the Sale of Lands made by the Commissioners named and appointed in and by the before recited Act, after defraying thereout the Expence of the Division and Subdivision of said Commons, as far as they proceeded therein, together with other Disbursements made thereout by said Commissioners upon Request of the Trustees and Freeholders of said Township, *Be it Enacted by the Authority aforesaid*, That the said Trustees of the Freeholders of the Township of *Bergen*, in whose Hands the aforesaid Money was deposited, their Executors and Administrators respectively, shall be liable and account for all the Surplus Money deposited in their, or either of their Hands, which remained unexpended at the Time of closing the Field-Books by the Commissioners named and appointed in and by the before recited Act, which was raised by the Sale of a Tract of Land, Part of the common Lands of *Bergen* which was made by said Commissioners pursuant to said recited Act, which Money, deposited as aforesaid, the said Trustees of *Bergen*, their Executors and Administrators, are hereby required and enjoyned to pay to the Commissioners herein named, or the major Part of them, upon their demanding the same.

4. *And be it further Enacted by the Authority aforesaid*, That in Case any Money received by the Commissioners herein appointed, either of the Trustees of *Bergen*, or by the Sale of Lands pursuant to the Direction of this Act, may remain unexpended by said Commissioners in the due Execution of the Business for which they are appointed, the said Commissioners shall deposit so much of the said Money as they may find belongs to the Township of *Bergen*, in the Hands of the said Trustees of said Township, and the Remainder in the Hands of some Freeholder who they shall judge to be intitled to a Share of said common Lands, with an Account of the Part thereof each Person interested in said Commons is entitled to, taking a Receipt for the Money so deposited, with an Account of the Division to be made of the same, which Receipts shall discharge the said Commissioners, their Executors and Administrators, and the Person receiving the same shall be answerable therefor to the several Persons entitled thereto.

Passed at New-Brunswick, August 26, 1784.

Thus empowered, the new Commission proceeded with the work of subdividing the Secaucus Commons. The following is a copy of their Field-Book and Map, showing the result of their work. They were filed as directed in the Act, but strange to say, no evidence appears on them of their having been filed in the office of the Secretary of State. As to how they came to be filed in the Hudson County Clerk's office the reader is referred to what was said on *page* 24. There is no doubt that this work is marked with the same care and accuracy which are so characteristic of the work of the first Commissioners.

Sworn the 25th day of
January 1785 Before me
John Benson
One of the Judges of the Court of Common Pleas in said County.

Thos Clark

As by the deposition filed in the Clerks Office of the County of Bergen may appear

* We then caused an actual Survey to be taken of the Commons *6
after which we proceeded to consider the Claim put in by the Agent of Forfeited Estates for the County of Bergen, to all the Common Lands allotted to the Patent of Secaucus as formerly claimed and forfeited to the State by William Bayard, the said William Bayard having claimed the same as Heir at Law to Nicholas Bayard one of the Original Patentees of Secaucus and survivor to Nicholas Varlet the other Patentee ;* which Patented Premises after the Decease of the said Nicholas Varlet was with all the appurtenances thereunto belonging, Granted and Conveyed by the Administrators of said Varlet and Nicholas Bayard, to Edward Earle by Deed dated the twenty fourth day of April in the Year One Thousand six hundred and seventy six Pursuant to Written Articles entered into by the said administrators and Nicholas Bayard on the one part, and Edward Earle on the other part dated the sixteenth day of October in the year One Thousand Six Hundred and seventy three, wherein the said administrators and Bayard agree to sell and convey to said Earle the Island Secaucus with Meadows &c according to the Patent, with such further Right and Interest as the same Island hath been possessed by the said Administrators and said Bayard

* Which Claim with the writings and Evidence produced for and *7
against the same being fully Considered, We do adjudge that all the Right to the Commons belonging to the Patent of Secaucus passed with the Island of Secaucus by the grant from the administrators of Nicholas Varlet and from Nicholas Bayard to Edward Earle.

And whereas divers Persons Claimed a Right in the Commons of Secaucus under the said Edward Earle and fearing such Claimers had not exhibited all their Papers in support of their Rights we judging it proper to give a further time to produce the same did on the 26th day of February 1785 adjourn all further proceedings until the first Monday in April following and thereupon Published in the New York Gazetteer Weekly, for four weeks the following Advertisement.

The Subscribers Commissioners appointed by Law for adjusting and finally settling the Titles of the Claimants to the Common Lands Allotted to the Patent of Secaucus in the Township of Bergen having same time attended for the Purpose of their Appointment and being desirous of giving all Claimants sufficient time to produce their Claims hereby give *8
Notice that they have * adjourned until the first Monday in April next to meet at this place, at which time they will be ready to receive any further Claims and Evidences to support the same ; Claims not produced at the above said time will necessarily be Excluded.

was a part of the "Frenchman's Garden." Concerning this garden I have met with the following poetic and somewhat sonorous accounts.

"In a wild and romantic situation on Bergen Creek, nearly opposite the City of New York, thirty acres of land were purchased for a garden and fruitery by the unfortunate Louis XVI., who as proprietor became a naturalized citizen, by act of the Legislature." *Warden's History of the United States*, ii., 53. This statement of Warden seems to have been based on a notice relating to this garden in the *New Jersey Journal*, June 27, 1787, in which it is said, "Part of this space is at present enclosing with a stone wall, and a universal collection of exotic, as well as domestic plants, trees and flowers are already begun to be introduced to this elegant spot, which in time must rival if not excel the most celebrated gardens of Europe. The situation is naturally wild and romantic, between two considerable rivers, in view of the main ocean, the city of New York, the heights of Staten Island, and a vast extent of distant mountains on the western side of the landscape." As "tall oaks from little acorns grow," so these exaggerated statements had their origin in the following simple fact. On March 3, 1786, André Michaux, in his petition to the Legislature of this State, set forth that the king of France had commissioned him as his Botanist to travel through the United States, that he had power to import from France any tree plant or vegetable that might be wanting in this country, that he wished to establish near Bergen a Botanical Garden of about thirty acres, to experiment in agriculture and gardening, and which he intended to stock with French and American plants, as also plants from all over the world. The Legislature granted his petition, and permitted him *as an alien* to hold not exceeding two hundred acres of land in this State.

He came to this country fortified with a flattering letter of introduction, dated at Vienna, Sept. 3, 1785, from the Marquis de La Fayette to Washington. *Correspondence of the American Revolution*, iv., 116. He was attached to the *Jardin des Plants* in Paris. He brought with him the gardener, Paul Saunier, who took the title to the ground bought for the garden. The place was stocked with many plants and trees, among which was the Lombard poplar. From this garden this once celebrated tree was spread abroad through the country and pronounced an exotic of priceless value. —*Old New York*, 23.

[*] Ogilvie's widow, Margaret, George Ogilvie, and Mary, wife of Barent Ogilvie, devisees of Rev. John Ogilvie, D.D., conveyed this lot to Richard and John Earle July 1, 1786. Ogilvie was Assistant Minister of Trinity Church, New York, and died on Saturday, Nov. 26, 1774 He was stricken with apoplexy, Nov. 18th, while in the pulpit, having just given out his text, Ps. xcii. 15. Robert Grunti owned the lot in 1793.

[†] Leake's interest in Secaucus probably came through a deed to him from Andrew Teed. dated March 7, 1762. *Vide Note to Varlet's Patent*, p. 62. A tract which seems to answer to this lot was sold by John George Leake to Aaron Devoe, by two deeds dated July 7, 1789, and Nov. 15, 1794. Leake also conveyed to John Stevens, March 10, 1795, four hundred and twenty five acres in the Secaucus Commons, but where this tract lies I have not ascertained.

Having gone through the Division of the Common Land allotted to the Patent of Secaucus we think it proper as a greater Certainty to the Courses mentioned in the several surveys to give this information that the Magnetical Course with which all the lines are laid down and Run Varies from the true Course Three Degrees and forty minutes to the left Hand, so that a Meridian line North would be North Three Degrees and forty minutes East as the Magnet now Points.

That since the time the Common Land of Bergen was Divided we find a Variation of the Compass of one Degree and Thirty minutes which will account for the Difference of the Courses now given along the former Lines from what the surveys of the former Division mention.

* We think it proper also to remark that an attraction of the Needle *42 is found more or less in every part of the Commons of Secaucus except on the Meadow at a distance from the upland which will render Lines run by the Compass on the upland very uncertain. Our lines are mostly run by Courses taken on the Meadow and Parallels thereto made on the upland.

In Witness that this is one of the Field Books of the Division of the Common Lands allotted to the Patent of Secaucus made pursuant to a Law of the State of New Jersey hereinbefore recited, We together with the Surveyor have hereunto set our Hands this fifteenth day of June in the Year of our Lord One Thousand seven Hundred and Eighty five,

CHAPTER VI.

NEW FIELD BOOK.

It is with great pleasure that I submit to the public what I have named the New Field Book, and the Maps accompanying the same. They are six years younger than the old Field Book, and yet, I do not doubt, have been for years wholly unknown. Controversies concerning certain lands lying in the vicinity of Newark avenue between Mill Creek and the old Bergen road seem to have arisen, and the parties in the dispute submitted all questions of title and boundary to the award of Johannis Demarest, Albert Zabrowsky, of Hackensack, and John Haring of "Orange Town." The submission I have not seen; the Survey and Maps (containing the award) were found in the possession of Dr John M. Cornelison. They are originals, in a good state of preservation, exact copies of which are here inserted. It may, I think, be taken for granted that they are the only ones in existence, and are now for the first time given to the inspection of the curious. They came to the present owner among the papers of Henry D. Van Winkle, owner of a portion of the land therein referred to. They throw much light on the title to the lands between the Five Corners and Mill Creek, and to *Lots Nos.* 355 and 389, the owners of which the Commissioners of Common Lands did not declare.

It is a matter of some curiosity to know how this Book and these Maps came into the possession of the Van Winkle family. In a deed, dated Dec. 20, 1774, given by the Van Idersteins (descendants of Tades Michielse) for some of the land included in the New Field Book, there is a reference to the same, and it is spoken of as "lodged in the hands of the Town Clerk." There is no mark upon either Book or Maps to show that they ever were filed. This recital, I presume, is conclusive that but one copy was made, and that it was considered public property. It is probable that Daniel Van Winkle, or some one of the family, was Town-clerk, and so came to the possession of the Book and Maps.

To All Christian People to whom these Presents shall come Greeting:

Whereas there is a Reference to us John Demarest, Albert Sabriskea and John Haring, by a certain written Instrument or Articles of Agreement, bearing Date the ninth Day of April last, of certain Controversies and Disputes between certain Freeholders and Inhabitants of the Corporation of Bergen in the County of Bergen and Province of New Jersey, touching and concerning the Rights and Titles to, and Division of certain Lands and Meadows lying in the Corporation of Bergen aforesaid, as by the said Written Instrument or Articles of Agreement doth more at large Appear, Reference being thereunto had, We therefore the Arbitrators named and appointed as aforesaid, having examined the Titles and heard the Proofs and Alligations of the Parties, **Do** in pursuance of the said Written Instrument or Articles of Agreement and Power thereby given us, Award, Order and Adjudge as followeth.

* This creek (if such it could be called) took its rise in a spring near the Beacon Race Course, and draining the surface between that point and the brow of the hill, passed down on the north side of Newark Avenue to the Mill Creek. It took its name from the old Tree yet standing on the top of the hill south of Prospect Avenue, known among the old people as the "oude boom" or old Tree. The bridge in Newark Avenue which spanned Mill Creek before it was filled in, was known as the "oude boom bridge." As a stream the "val" long since became insignificant. As the table lands above were improved and drainage attended to, the soil refused its tribute to the old creek, until finally, in the year of grace 1371, having nothing left but its mighty name, of which the present generation had not heard, and which they could not understand, it hid away in the sewer which is here constructed in Newark Avenue.

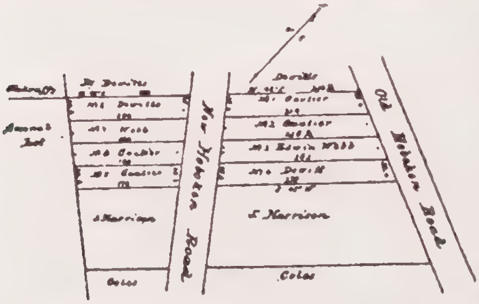
* Merselis must have bought lots 12 and 15 shortly after this allotment, but from whom I have not learned. The northwest corner of *Lot No.* 15, separated from the lot by Newark Avenue was sold by him to William Coulter April 22, 1797. By Merselis' will, dated March 15, 1799, proved Dec. 5, 1800, he gave to his son *John*, the southwest half of a lot in Bergen Woods, and three acres between the Paulus Hook and Hoboken roads; also the land where the mill stood (on Bridge Creek); to *Jacob* and *Peter*, he gave land in Harrington township in Bergen County; to *Jannetje*, wife of Walter Clendenny, he gave one quarter of the wood lot, and one quarter of the Vlackie creupel bosch; and to *Anne*, wife of Josiah Hornblower, he gave the platty creupel bosch, between said two roads. Clendenny sold three acres to Peter Stuyvesant May 12, 1802. Part of the Hornblower tract, with what he aded by purchase, was inherited by his daughter, wife of Thomas B. Gautier, and was partitioned among his children, April 25, 1848, as per annexed sketch.



John Merselis sold to Cornelius Merselis, Sept. 2, 1799, the east half of the *Lutchie* (*Lot No.* 11?), bounded northeast by Tuers and Stuyvesant, east by Stevens southwest by Hoboken road, northwest by grantor. Two acres of this Cornelius sold to William Coulter, Oct. 10, 1801, and the balance to Michael Simmons, March 24, 1802, and July 4, 1802. The west half of the *Lutchie* John Merselis sold to his daughter *Altje* May 21, 1801. She afterwards married James Parks. This half lay between lot 10 and the Hoboken road. She deeded it to Altje, wife of John Merselis June 14, 1805. Coulter bought of Merselis Merselis, Aug. 4, 1807, a tract on top of the hill. Coulter sold it to Walter Clendenny, Sept. 21. 1807, who sold to John B. Coles, eighteen and one-half acres, Oct. 7, 1811. Peter Stuyvesant sold fifty and sixty-four one-hundredths acres to Philip Williams, Aug. 11, 1807, who sold to John B. Coles Oct. 1, 1807. [*] Thomas Gautier sold to Patrick Jackson, April 4, 1800, a lot bounded north by *Lot No.* 14; south by Daniel Van Winkle; west by a one rod road. This sale I take to include this lot. Henry Jackson owned ten acres bounded northwest by Newark Avenue, and adjoined Henry D. Van Winkle, the Arsenal property, and John B. Coles. [*] Michielse's heirs, viz., Tadeus Johannis, Teunis, and Tadens Van Iderstein of New Barbadoes, sold this lot to Abraham Prior, Dec. 20, 1774.

[†] This lot was the south part of *Subdivision No.* 350, adjoining the School Lot. The arbitrators declare that it was a dividend for the money paid by Helmigh Roelofse (Van Houten), but do not adjudge to whom it belonged in 1770. Henry La Tourette Cole owned it in 1791. Peter Cole sold it to Joseph Simonson, May 11, 1797; who sold it to John Van Winkle, June 1, 1809; who sold it to John Priestly Peters, June 23, 1837; Peters sold it to Mortimer A. F. Harrison, April 19, 1841. This deed is lost and the record omits words of inheritance. It has since been sold in parcels to several persons. In 1870, Benj. Sisson bought the reversion of Peter's heir and brought an ejectment suit against the present occupants. The suit is now pending. The lot lies between the Court House property and Bergen Avenue. As to the Van Houten family, I have gathered the following: Helmigh Roelofse married Jannetje Pieterse, Sept. 1676. The "Van Houten" was afterwards added as a family name. *Houte* or *Houten*, means wooden; from *Hout*, wood. Roelofse had ten children among whom was *Johannis*, born Oct. 28, 1696, married Helena, daughter of Johannis Vreeland, and died Dec. 18, 1768. This is the Van Houten named in the Field Book. He left one son, *Johannis*, baptized June 17, 1735, married (1st) Altje, daughter of Hendrick Sickles, (2nd) Rachel De Maree, and died Oct. 31, 1807, leaving *Johannis, Sara, Helmig, Catrintje* and *Aegie*. Catrintje married Jacob Zabriskie, Dec. 12, 1801, and had two sons, *Albert* and *John H.*

We Adjudge all the remaining part of the last mentioned Tract, being the Portions marked No 27, No 28, No 29, No 30, No 31, and No 32 on Map B. to be with the before described Portion No 5, the full Proportion and Dividend for the Purchase Money paid by Jurian Thomason, the said Portions marked No 27, No 28, No 29, No 30, No 31, and No 32 Begining at the Southermost Corner of the above described Portion No 26 and from thence Runs South thirty eight Degrees and forty five minutes East to the Eastermost Corner of the School-Lot, thence North forty Degrees East to the Southermost Corner of said Portion No 15, thence North fifty Degrees and five minutes West to the Eastermost Corner of said Portion No 26, thence in a direct Course to the place of Begining, Containing about three Acres [†]

Simonson sold to Henry Speer the east end of the lot (now in part owned by Marcus Beach and Thomas E. Bray), and the west end (north of Newark Avenue) to Benjamin Thorp, who sold to Patrick Jackson, Jan. 21, 1802. We adjudge that Certain Part or Portion (of the last described Tract) marked No 33 on Map C. to belong to Cornelius Sip and Garret Sip, said Part or Portion Begining at the above said Southeast Corner of the aforesaid Johannes Van Wagenen's Land, and from thence Runs South thirty six Degrees and forty five Minutes East 'till it strikes the outward Boundary Line of the said Tract, thence North thirty nine Degrees and forty Minutes East five Chains and eighty Links being the Eastermost Corner of said Tract, thence North forty one Degrees and forty five Minutes West fourteen Chains and twelve Links to a Stake, Thence on a direct Course to the place of Begining, Containing about five Acres one Rood.*

CHAPTER VII.

NEW BARBADOES NECK.

Having passed in review the title of many tracts in the old Township of Bergen, it will not be out of place, though not as a part of the Field Book, to take a glance at that portion of "New Barbadoes Neck" now comprising the townships of Harrison and Kearney. This neck was known among the Indians by the name of *Mighgecticock.* It was estimated to contain five thousand three hundred and eight acres of upland and ten thousand acres of meadow. On the 4th of July, 1668, Captain William Sandford, of the Island of Barbadoes, purchased this tract from the Proprietors, on condition that he should settle thereon six or eight families or more within three years, and pay, in lieu of the half penny per acre quit rent, the yearly sum of £20 sterling, on every 25th of March; the first payment to be made March 25th, 1670. On the 20th of July, 1668, he purchased the claim of the Indians to the same tract; beginning at the mouth of the Hackensack and Pissawack Rivers, then "to goe up Northward into the Countrey about seaven Miles till it comes to a certain Brook or Spring now called Sandford's Spring." The consideration paid was: "170 fathoms of Black Wampam, 200 fathoms White Wampem, 19 Match Coates, 16 Guns, 60 double hands of powder. 10 pairs of Breetches, 60 Knives, 67 Barrs of Lead, One Anker of Brandy, three half Fats of Beer, Eleven Blankets, 30 Axes, 20 howes, and two Cookes of dozens."* This deed was signed by Tantaqua, Tamack, Anaren, Hanyabam, H. Gosque, and Ws Kenarenawack, who represented the Indian claimants.

Sanford's purchase seems to have been made in the interest of Major Nathaniel Kingsland, of the Parish of ChristChurch in the Island of Barbadoes. On June 1, 1671, Kingsland conveyed to Sandford one-third of the whole tract, measuring from the junction of the rivers northward, for £200. Kingsland having extinguished the Indians' title, now took measures to perfect his own.

On the 26th of March, 1673, Peter Watson and Ralph Wyatt, residents in England, for a consideration of £200 and "one Indian arrow" yearly, purchased of Berkley and Carteret that portion of the same tract which lies between a point opposite Newark and the Brook opposite Espatin, and immediately conveyed the same to William Sandford in trust for Nathaniel Kingsland. This purchase extinguished the quit rent. It was confirmed by another deed dated May 21, 1673.

* This last item is supposed to be a clerical error. It should probably read "two coats of duffels." *Proc. N. J. Hist. Soc.*, vii, 6. Duffels was a coarse kind of cloth. Sandford's Spring was afterwards known as Boiling Spring, now Rutherfurd Park, on the line of the Erie Railway.

On the recapture of the country by the Dutch they seized upon Kingsland's interest in this tract, and on Oct. 1, 1673, ordered it to be sold. It was sold at public auction and a deed given, of which the following is a copy:

"Anthony Colve General of New Netherland, High Mightnesses the Lords States General of United Netherlands and his Serene Highness the Lord Prince of Orange:

All those who shall see these presents or hear the same read Greeting: Know ye: Whereas within this Province of New Netherland on the passing over thereof, there is found a certain plantation which belonged to Major Nathaniel Kingslant residing on the Island Barbadoes in the Carribees, which plantation with other lands and effects belonging to Subjects of the King of England etc. by a late Acte of confiscation under date of 20th Septr. last past by virtue of the war is declared confiscated and forfeited; and therefore in consequence of such confiscation has been seized and taken possession of for the behoofe of the Government; and the same plantation and its appurtenances on the 28th of October last exposed to sale at public vendue and sold to Jacob Melyn of Elizabeth town at Arthur Coll, who hath afterwards assigned and conveyed his right to the inhabitants of the town of New Work at Arthur Coll aforesaid, whereby certain obligations and covenants under date the 25th of October and the 25th Instant have agreed the effectual payment of the purchase money according to the conditions at the aforesaid Vendue stipulated and the purchase made by the aforesaid Jacob Melyn on the day of the date aforesaid, so it is, that I by Virtue of my commission in quality aforesaid have sold granted conveyed and ceded and do sell grant convey and cede hereby unto John Ogden, Jasper Crane, Jacob Melyn, Samuel Hopkins, John Ward, Abm. The following acknowledgment shews that the title passed from Melyn to Marins, and from Marins as follows :

* *Marins* was a merchant in New York, living on the south side of Pearl street. He carried on an extensive business with Boston and other ports, and amassed a considerable fortune. He was invested with the rights of a small burgher April 14, 1657, chosen Alderman in New York for several years, and lived to an old age.

Melyn, situate at Achter Col, next the plantation of Wm Santford, in order to obtain and levy therefrom and thereon the abovementioned Sum free of costs and charges, in default of payment and further generally their persons and property moveable immoveable, subjecting the same to all Courts and Judges. In testimony of the truth, this is signed by the Appearers and the underwritten gentlemen in Fort William Hendrick this 23d March Anno 1674.

On the restoration of the country to the English, Kingsland came again into the possession of his plantation. By his will, dated March 14, 1685, he gave one-third of his lands in New Jersey—about three thousand four hundred and two acres—to his nephew, Isaac Kingsland, the other two-thirds to his children, *John*, *Nathaniel*, *Isabella*, wife of Henry Harding; *Caroline*, wife of John Barrow, jr.; *Mary*, wife of William Walley; and *Esther*, wife of Henry Applethwaite. By Isaac Kingsland's will, dated Jan 1, 1697-8, *Edmund*, his eldest son, received one-third of his plantation—about eleven hundred and thirty four acres. A part of this tract was sold by Edmund Kingsland to Arent Schuyler April 20, 1710, for £330. By will, dated July 29, 1741, proved July 26, 1742, Kingsland gave to his son *William* three hundred acres next adjoining Schuyler; also one-third of the meadow and one-third of the cedar swamp. His son, *Edmund Roger*, received the remainder of his realty. This latter devise was burdened with the payment of certain legacies, and in case they were not paid within one year, then the property devised to *Edmund R.* should go to his son *Isaac*, with the same burdens. The devisee refused to accept, and on Sept. 10, 1743, Isaac accepted the devise, and, by his will dated March 5, 1776, proved Aug. 23, 1783, gave to his son *Abraham* one-half of all his lands, and divided the remainder among his other children, *Isaac*, *Joseph*, *Charles*, *Aaron*, *Sarah*, and *Rachel*.

John Kingsland, by will dated Aug. 18, 1763, proved Aug. 10, 1768, gave the north half of his lands to his son *Richard*. The other half was divided among his children, *Elizabeth*, *Hester*, wife of Peter Butler; *Edmund*, and grandson John, son of *Isaac*.

Sandford settled at East Newark, where, in a short time, must have been erected a number of buildings. In 1680 his place was known as "*Santfort*, an English village opposite *Milfort*," now Newark.—*Long Island Hist. Soc.*, i, 266. He left all of his property to his wife Sarah. By her will, dated June 8, 1708, proved June 25, 1719, she gave to her daughter *Catharine*, wife of Johannis Van Imburgh, three hundred acres of woodland and one hundred acres of meadow; and to *Elizabeth*, wife of James

Davis, three hundred acres of land. To her son, *William*, she gave the farm of three hundred acres, with the meadow, for life, then to his son *William* in fee. He also received the residue of her lands. By will, dated Feb. 24, 1732, proved April 16, 1733, William Sandford, 2d, gave to his son *Richard* one-half of the Cedar Swamp, and the other half to his daughters, *Frances*, *Jennie*, and *Anne*.

By will, dated Feb. 22, 1749, proved April 7, 1750, William Sandford, 3d, gave to his only son, *William*, all his lands, consisting of three hundred acres, and one hundred and fifty acres of meadow. This was the farm mentioned in his grandmother's will, and in all probability lay where East Newark now is.

Peregrine Sandford (son of William, 2d), by will dated Nov. 6, 1740, proved June 14, 1750, gave his lands to his children, *Enoch*, *William*, *Jane*, *Aghie*, and *Elizabeth*.

A part of the Sandford tract, which I take to be the farm and meadow named in Sarah Sandford's will, was purchased by Col. Peter Schuyler, and thenceforth called Petersborough. By his will, dated March 21, 1761, proved May 28, 1762, Schuyler gave it to his only child *Catharine*, wife of Archibald Kennedy, Earl of Casselis. Kennedy and wife conveyed to James Duane, June 13, 1765, the farm on New Barbadoes Neck (Petersborough); also two tracts near Secaucus, between the line of the Bergen lots and Pinhorne's Creek and Cromkill, also Col. Schuyler's interest in the commons (?) in trust for themselves. Duane reconveyed to them and to the survivor June 15, 1765. The earl outlived his wife, and, by will dated Jan. 19, 1794, left his property in America to his sons, *John* and *Robert*. I do not know how the interest of John passed to Robert, but in 1803 he sold the tract where East Newark now is, to William Halsey. It was then a part of what was known as "Kennedy's Farm." In 1804, the name was changed to "Lodi." Halsey laid out a part of his purchase into ninety building plots, of at least one acre each.

Arent Schuyler, by will dated Dec. 17, 1724, proved July 6, 1732, gave his lands on New Barbadoes Neck to his son *John*, who left them to his son *Arent*, from whom they have descended to his grandchildren, Arent, Jacob R., etc.
